THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

FORT WILLIAM, } H. HOWE,
The 15th. September 1856. } *Secretary.*

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59¼ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Madras Exhibition of 1857.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

FORT WILLIAM,
The 15th September 1856.

H. HOWE,
Secretary.

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19¼′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88¼° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Madras Exhibition of 1857.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

Banqueting Hall,
7th February 1856.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

FORT WILLIAM,
The 15th September 1856.

H. HOWE,
Secretary.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59¼ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Madras Exhibition of 1857.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

Banqueting Hall,
7th February 1856.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

FORT WILLIAM,
The 15th September 1856.

H. HOWE,
Secretary.

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19¼′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59¼ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

FORT WILLIAM, } H. HOWE,
The 15th September 1856. } *Secretary.*

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Mousoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Extract from the Proceedings of the A. and H. Society of India for July 1856.

PREMIA FOR ARTICLES OF RAW PRODUCE AND FOR ESSAYS.

Read the following Report of the Special Committee, appointed at the March Meeting to arrange the details for the offer of premia for certain objects :—

In accordance with the resolution noted in the margin, your Committee, having carefully considered the subject referred to them for report, now beg to annex a list of premia for certain objects, and for Essays on certain subjects ; as also a list of rules of competition for the Prize Essays.

In addition to the objects detailed in this list, your Committee took several others into consideration on which they beg to offer the following remarks :—

1st.—Fibre of Sida rhomboidea.—Referring to the recent correspondence with the Chamber of Commerce at Dundee respecting this fibre, and to the fact of its cultivation being so very limited, the Committee would recommend that the experiment made last year at the Society's Garden be repeated this season on an extended scale, and that the Prize which was included in the rough draft be kept in abeyance, pending the result of such experiment.

2nd.—Munjeet.—That a Prize for the communication of a good and economic mode of preparing this article for shipment, with the view of preserving the quality of the dye—be also kept in abeyance pending the result of a reference, which the Committee suggest should be made to the London Society of Arts respecting the Indian Garancine which Mr. Henley submitted to this Society in 1853.

3rd.—Quinine-yielding Plants.—The Committee being under the impression that any sum the Society could offer for the introduction of these valuable plants, would be inadequate,—beg to recommend that another communication on the subject be made to the Government of India, in continuation of that preferred in 1852, and that the Gold Medal be added to any reward the Government may be disposed to offer to the introducer of a given number, not less than 20, of South American Cinchonas of the kind or kinds known to yield the best description of bark.

4th.—Substitute for Quinine.—Your Committee also took this subject into consideration, but as it is exciting a considerable degree of attention at the present time, they have not deemed it necessary to include it in the list of premia.

5th.—New Granada Paddy.—A suggestion was made by a Member of your Committee to offer a reward for the production of a certain quantity of this description of Paddy, which yields more than two crops in one year, and for information as to the soil best adapted for its cultivation, cost, &c. ; but after due consideration it was deemed desirable not to include it in the present list, but merely to record the fact of the question having been brought forward, with a view to its re-discussion at a future period.

6th.—Drying process Sugar (see Communication from Mr. Henley—Journal Vol. VIII). This subject was also introduced, but it being the general opinion that there is not, at present, sufficient data to entertain it, it was agreed that enquiries be made for further information, on receipt of which a supplementary Report can be submitted.

Your Committee beg to recommend that these Prizes be open to competition to the 31st December 1857, and further, that copies of the lists annexed be sent to the Secretaries of the Agricultural and Horticultural Societies of Madras, Bombay, and the Punjaub, and that they be requested to make them as widely known as practicable in their respective Presidencies.

Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

Marine Court.

AT a Marine Court assembled on Wednesday, the 1st day of October, one thousand eight hundred and fifty-six, under Act XXIV. of 1845, Mr. Mate Pilot J. H. Baldwin was tried on the following charge:—

CHARGE.

Mr. Mate Pilot J. H. Baldwin placed under arrest by order of the Officiating Superintendent of Marine, on the following charge:—

For breach of duty in the following instance—

That he being in pilotage charge of the Hon'ble Co.'s Transport Ship *Shoegong*, inward bound, did, about 7 P. M., upon the 4th day of this present month, September 1856, through negligent or unskilful performance of his duty, ground that vessel upon the Long Sand, West of Thornhill's Channel, where she filled and became a wreck.

Secretary.

FORT WILLIAM;
Marine Supdt.'s Office,
The 20th September 1856.

FINDING.

The Court having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced on the defence, is of opinion that the Defendant, Mr. J. H. Baldwin, Mate Pilot, is Guilty of the Charge preferred against him with exception of the word "negligent."

(Signed) H. PIDDINGTON,
President.

SENTENCE.

The Court having found the Defendant Guilty as above specified, do adjudge him, the said Mr. Mate Pilot J. H. Baldwin, to lose four steps in rank, and that his name do stand in the List of Mate Pilots below that of Mr. C. B. Ransom and above that of Mr. R. Scott.

(Signed) H. PIDDINGTON,
President.

(Signed) THOS. HILL,
Judge Advocate.

RECOMMENDATION OF THE COURT.

The Court begs respectfully to recommend Mr. Baldwin to the merciful consideration of Government on the ground of his difficult position for a young Officer, he being in charge of a leaky and crippled ship, and having undergone much bodily fatigue, which may, in some measure, have impaired his judgment.

(Signed) H. PIDDINGTON,

President.

2. The proceedings having been submitted to Government, the Hon'ble the Lieutenant Governor of Bengal has been pleased to remit the sentence passed by the Court as communicated in the following copy of the letter from the Junior Secretary to the Government of Bengal, No. 576, dated the 17th instant:—

No. 576.

FROM

SIR,

I AM directed to acknowledge the receipt of your letter No. 5929, dated the 7th instant, submitting for the orders of the Lieutenant Governor the proceedings in the trial of Mate Pilot Mr. J. H. Baldwin for the loss of the Hon'ble Co.'s Ship *Shoogong*, while under his pilotage charge, on the 4th ultimo.

2. In reply I am directed to state that the Lieutenant-Governor having duly considered the whole case and the merciful recommendation of the Court, is pleased to remit the sentence passed by the Marine Court by which Mr. Baldwin was adjudged to lose four steps in rank.

3. The Lieutenant-Governor trusts that this leniency will have its due effect in stimulating Mr. Baldwin to acquire and exert all needful skill and caution, so as to avoid similar error in future.

I have, &c.,

(Signed) C. T. BUCKLAND,

3 In conformity with the above decision, the Officiating Master Attendant has been desired to release Mr. Mate-Pilot J. H. Baldwin from arrest, and to allow him to return to his duty.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

FORT WILLIAM, *The 15th September* 1856. H. HOWE, *Secretary.*

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2*nd.* False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 39½ miles.

3*rd.* A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 16 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4*th.* The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5*th.* Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6*th.* The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE.

Latitude..... 16° 7′ 00″ N.
Longitude..... 94° 27′ 00″ E.

1st.—Vessels, of 14 feet draft and upwards, should, on no account, attempt the passage to the Westward of Negrais Island.

2nd.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1¼ mile North-East of the Island. Steer North North East from this Buoy until Black Buoy bears East, then North-East by North.

3rd.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4th.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1¼ mile North-East of Diamond Island.

N B—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

Para. 1. We have appointed Mr. John Balsir Chatterson, now abroad, a Cadet of Infantry upon the Bengal Establishment, subject to the usual conditions and to his being found qualified agreeably to the prescribed test.

2. Mr. Chatterson's Order of Rank will be transmitted in due course.

No. 1324 *of* 1856.—The Right Hon'ble the Governor General in Council, under the authority of the Hon'ble the Court of Directors, is pleased to resolve that Regimental Messes shall, from the 1st proximo, be established and maintained throughout the Bengal Army.

1. Every Officer borne on the Rolls of a regular Regiment is to be a Member of the Mess of the Corps.

2. A Donation of thirty days' net pay of Regimental rank is to be paid by each Officer to the Mess Fund on appointment, and a Monthly Subscription of one day's pay. In cases of promotion, an Officer is to pay the difference on thirty days' pay between the rank attained and that previously held.

3. Married Officers are equally liable with unmarried Officers to the payment of the Mess Donation on coming into a Corps, and on promotion, but they are liable only to one-half of the Monthly Subscription paid by single Officers of the same rank, when such married Officers do not regularly attend the Regimental Mess.

4. Officers having once contributed a Donation to a Mess of any regular Regiment are exempted from payment of any further Donation, except the difference on promotion.

5. Officers doing duty with a regular Regiment will not be required to pay a Donation. They are to be considered as Honorary Members, and are liable to the Monthly Subscription only.

6. The Donation of young Officers and Assistant Surgeons is considered due from the date of their coming into a Corps, but it will only be recovered from them by instalments, commencing twelve months from date of their being first posted to a Regiment.

7. All Officers borne on the Rolls of a Regular Regiment, including Absentees on Staff or Detached employ, and Officers doing duty, are liable to the Monthly Subscription, so long as they may continue in India, or are in receipt of Indian Allowances, though out of India.

8. The Donation and Subscription, as well as the amount of the Mess Bills of Officers, certified by the Commanding Officer, are to be deducted monthly from the Pay Abstracts by Pay Masters, and remitted, along with the Pay Drafts of Corps, to the Commanding Officer of the Regiment, on account of the Mess.

9. The Commanding Officer of the Regiment is held responsible for the general superintendence of the Mess, and it is his duty especially to observe that no expenses are incurred by the Mess Committee, which would involve the Officers in difficulty and the Mess in debt.

10. General Officers inspecting Regiments will be required to report upon the state of the Mess, and it is their duty to see that the Regulations respecting Messes are regularly enforced by all serving under their orders.

11. The General Regulations for Regimental Messes, which have been approved by Government and confirmed by the Hon'ble the Court of Directors, will be issued to Corps by His Excellency the Commander-in-Chief, who is requested to issue such subsidiary Orders as may be necessary to insure the establishment and maintenance of Regimental Messes on a firm and economical basis.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

FORT WILLIAM, } H. HOWE,
The 15th September 1856. } *Secretary.*

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19¼′ North and longitude 86° 47′ East, and a Buoy is placed in 21¼ fathoms on the Pilot's Ridge, in latitude 20° 49¼′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59¼ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32¼ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Master Attendant.

Notice.

WITH reference to the 4th Clause of the Rules for the Receipt of Bullion, sanctioned by Government on the 27th June 1856, the under-mentioned By-Laws have been sanctioned by the Mint Committee.

J. H. BELL,
Offg. Mint Master.

CALCUTTA MINT,
The 25th October 1856.

BY-LAWS ON THE MINT BULLION DEPOT, SANCTIONED BY THE MINT COMMITTEE ON THE 25TH AUGUST 1856.

EXTERNAL.

1. All Tenders of Bullion are to specify the number of boxes of Silver or Gold, and to be numbered, in the order of delivery into the Bullion Depôt, when all the boxes specified in a Tender are brought in.

2. When a portion only is brought in, the Tender is to be numbered after the delivery of the number of boxes specified is completed.

3. The Bullion tendered is to be delivered by the authorized Agent, who will see to the locking up of the boxes in the Strong Room of the Depôt.

4. The Tenders are to be dealt with according to priority of numbers, if the authorized Agent be in attendance; if not, the next in succession, having an Agent in attendance, is to be taken in hand. The order of succession only applies to Silver taken out for one species of treatment, either Melting or Cutting and Burning.

5. In Melting, separate Tenders are to be melted in different furnaces and kept distinct.

6 In Cutting and Burning, only one party's Bullion is to be taken into the room at a time, and is to be accounted for before another's is sent in.

7. Importers sending in two or more Invoices of Silver with only one Tender are, however, to understand, that their Agents alone will be responsible for keeping the Silver belonging to each Invoice separate; but if the Silver of each Invoice be separately tendered, every care is to be taken to keep them separate.

8. Bullion, after having been taken out of the boxes, is to be weighed into and out of the Melting Room, or the Cutting and Burning Room, as the case may be.

9. Importers are distinctly to understand, that their Agents are to satisfy themselves as to the accuracy of the weighments of their Bullion in the Bullion Depôt, both before and after Melting and Cutting. The Bullion Clerk merely takes down the weighments for the Mint Master's satisfaction. If the Importer's Agent should observe any thing, either in the beam or the method of weighing, that he disapproves of, he should make it known at once, and every facility will be rendered him to make the necessary corrections; so that Importers must look only to their Agents for explanation, in case of any discrepancy that may occur between the Invoice and the Mint weighments.

10. *Registry of Bullion.*—Importers' Bullion, after having been melted or cut, and when ready for registry, will be passed through the two Iron Gates between the Assay Office and Pre-melting Room, and through the Warder's Lodge into the

Bullion Office; and after the Bullion has been registered, the Importers' Agents, Durwans, &c, are to go out through the Mint Gate only.

11. *Passes.*—All Passes for Silver and Gold, required to be sent out of the Bullion Depôt, whether spillage from Melting Room, or chips, &c., from Cutting Room, or Bullion rejected by the Mint previous to registry, or withdrawn by Importers are to be made out by the Bullion Clerk and sent to the Mint Master for his signature, and then delivered to the Importers' Agents for the endorsement of the Importers; after which the Bullion will be passed out through the Gate leading to the Bullion Depôt, so that there will be no occasion for such Bullion to go into the Mint proper at all.

12. Importers are not required, in addition to the one per mille charged by the Mint, to pay any other charges, such as for Gunny Bags, or Cooly hire, after the Silver has been once taken into the Strong Room. Spillage, broken pots, &c, are of course to be taken away at the expense of the Importers.

13. Coolies for removing and opening boxes, and removing Bullion from place to place, will be engaged by the Mint, and arrangements are to be made for having three Coolies in attendance upon every lac of Bullion that may be operated on.

14. Importers may have a guard at the Strong Room door during working hours if they choose, as their Treasure is in deposit at their risk.

15. Bullion or Coin once rejected by the Mint as brittle shall not again be received for the purpose of being melted or cut for Coinage, without the special authority of the Mint Master.

J. H. Bell,
Offg. Mint Master.

Madras Exhibition of 1857.

NOTIFICATION.

The Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

Edward Balfour,
Secretary, Madras Exhibition.

Banqueting Hall,
7th February 1856.

J. H. Bell,
Officiating Mint Master.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,
Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19¼′ North and longitude 86° 47′ East, and a Buoy is placed in 21¼ fathoms on the Pilot's Ridge, in latitude 20° 49¼′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59¼ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88¼° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32¼ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE.

Latitude..... 16° 7′ 00″ N.
Longitude..... 94° 27′ 00″ E.

1*st*.—Vessels, of 14 feet draft and upwards, should, on no account, attempt the passage to the Westward of Negrais Island.

2*nd*.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1¼ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3*rd*.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4*th*.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1¼ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

Notice.

WITH reference to the 4th Clause of the Rules for the Receipt of Bullion, sanctioned by Government on the 27th June 1856, the under-mentioned By-Laws have been sanctioned by the Mint Committee.

J. H. BELL,
Offg. Mint Master.

CALCUTTA MINT,
The 25th October 1856.

BY-LAWS ON THE MINT BULLION DEPOT, SANCTIONED BY THE MINT COMMITTEE ON THE 25TH AUGUST 1856.

EXTERNAL.

1. All Tenders of Bullion are to specify the number of boxes of Silver or Gold, and to be numbered, in the order of delivery into the Bullion Depôt, when all the boxes specified in a Tender are brought in.

2. When a portion only is brought in, the Tender is to be numbered after the delivery of the number of boxes specified is completed.

3. The Bullion tendered is to be delivered by the authorized Agent, who will see to the locking up of the boxes in the Strong Room of the Depôt.

4. The Tenders are to be dealt with according to priority of numbers, if the authorized Agent be in attendance; if not, the next in succession, having an Agent in attendance, is to be taken in hand. The order of succession only applies to Silver taken out for one species of treatment, either Melting or Cutting and Burning.

5. In Melting, separate Tenders are to be melted in different furnaces and kept distinct.

6. In Cutting and Burning, only one party's Bullion is to be taken into the room at a time, and is to be accounted for before another's is sent in.

7. Importers sending in two or more Invoices of Silver with only one Tender are, however, to understand, that their Agents alone will be responsible for keeping the Silver belonging to each Invoice separate; but if the Silver of each Invoice be separately tendered, every care is to be taken to keep them separate.

8. Bullion, after having been taken out of the boxes, is to be weighed into and out of the Melting Room, or the Cutting and Burning Room, as the case may be.

9. Importers are distinctly to understand, that their Agents are to satisfy themselves as to the accuracy of the weighments of their Bullion in the Bullion Depôt, both before and after Melting and Cutting. The Bullion Clerk merely takes down the weighments for the Mint Master's satisfaction. If the Importer's Agent should observe any thing, either in the beam or the method of weighing, that he disapproves of, he should make it known at once, and every facility will be rendered him to make the necessary corrections; so that Importers must look only to their Agents for explanation, in case of any discrepancy that may occur between the Invoice and the Mint weighments.

10. *Registry of Bullion.*—Importers' Bullion, after having been melted or cut, and when ready for registry, will be passed through the two Iron Gates between the Assay Office and Pre-melting Room, and through the Warder's Lodge into the Bullion Office; and after the Bullion has been registered, the Importers' Agents, Durwans, &c., are to go out through the Mint Gate only.

11. *Passes.*—All Passes for Silver and Gold, required to be sent out of the Bullion Depôt, whether spillage from Melting Room, or chips, &c., from Cutting Room, or Bullion rejected by the Mint previous to registry, or withdrawn by Importers are to be made out by the Bullion Clerk and sent to the Mint Master for his signature, and then delivered to the Importers' Agents for the endorsement of the Importers; after which the Bullion will be passed out through the Gate leading to the Bullion Depôt, so that there will be no occasion for such Bullion to go into the Mint proper at all.

12. Importers are not required, in addition to the one per mille charged by the Mint, to pay any other charges, such as for Gunny Bags, or Cooly hire, after the Silver has been once taken into the Strong Room. Spillage, broken pots, &c., are of course to be taken away at the expense of the Importers.

13. Coolies for removing and opening boxes, and removing Bullion from place to place, will be engaged by the Mint, and arrangements are to be made for having three Coolies in attendance upon every lac of Bullion that may be operated on.

14. Importers may have a guard at the Strong Room door during working hours if they choose, as their Treasure is in deposit at their risk.

15. Bullion or Coin once rejected by the Mint as brittle shall not again be received for the purpose of being melted or cut for Coinage, without the special authority of the Mint Master.

J. H. BELL,
Offg. Mint Master.

Madras Exhibition of 1857.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR.
Secretary, Madras Exhibition.

Banqueting Hall,
7th February 1856.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Suprt. of Marine.

H. HOWE,
Secretary.

FORT WILLIAM.
The 15th September 1856.

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2*nd*. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 40′ East, true, and distant 59½ miles.

3*rd*. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance

run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

PROCLAMATION.

FORT WILLIAM, FOREIGN DEPARTMENT,

THE 1ST NOVEMBER 1856.

THE Right Hon'ble the Governor General of India in Council having, under instructions from Her Majesty's Government, directed the assemblage of a British Force at Bombay for service in the Persian Gulf, deems it proper to make known the reasons which have rendered this measure necessary.

In the month of January 1853 certain Articles of Agreement were concluded between Lieutenant-Colonel Sheil, Her Majesty's Envoy Extraordinary and Minister Plenipotentiary at the Court of the Shah of Persia, and His Highness the Sudr Azim, or Prime Minister of the Persian Government.

By those Articles the Persian Government engaged not to send Troops to Herat on any account, unless Foreign Troops, that is, Troops from the direction of Cabul or Kandahar, or other Foreign Country should invade Herat. In the event of Troops being sent, the Persian Government engaged that the said Troops should not enter the City of Herat, and that, on the return of the Foreign Troops towards their own Territory, the Persian Troops should be immediately withdrawn from the neighbourhood of Herat to Persian soil.

The Persian Government also engaged to abstain from all interference whatsoever in the internal affairs of Herat, whether "in taking possession, or occupying, or assuming the Sovereignty, or governing, except in so far as interference existed between the two parties during the life-time of the late Yar Mahomed."

And, lastly, the Persian Government engaged to relinquish all pretension to, and demand for, the coinage, or the reading of the Khootbeh, or any other acknowledgment of allegiance or subjection, on the part of the people of Herat, to the Government of Persia.

It was, at the same time, stipulated that, so long as there should be no interference of any sort whatever on the part of the British Government in the affairs of Herat, the engagements contracted by the Persian Government, as aforesaid, should remain in full force and effect. On the other hand, it was agreed, in the name of the British Government, that "if any Foreign Power, such as the Afghans or others," should wish to interfere with, or to take possession of Herat, the British Government, on the requisition of the Persian Ministers, would not object to restrain such Foreign Power by friendly advice, "so that Herat might remain in its own state of independence."

While the British Government has faithfully and constantly adhered to the obligations which it accepted under the Agreement of January 1853, the Government of Persia has manifested a deli-

herate and persevering disregard of the reciprocal engagements, by which, at the same time, it became bound, and is now endeavouring to subvert by force the independence of Herat, which was the declared object of the Agreement in question.

So far back as December 1855 the Persian Government, by an Article in the Tehran Official *Gazette*, announced its intention of despatching a Force to Herat, alleging that the Ameer Dost Mahomed Khan, the Ruler of Afghanistan, had been instigated by his "neighbors" to possess himself of Kandahar; that, having with their assistance, succeeded in that enterprize, he meditated an advance upon Herat; and that an armed demonstration in the direction of Herat was required for the preservation of tranquillity in Khorasan.

This assertion, that the Ruler of Afghanistan was instigated by his "neighbors" to occupy Kandahar, or that he was assisted by them in possessing himself of that City, or that he received advice or encouragement from them to advance upon Herat, was, if by those "neighbors" the British Government is indicated, wholly untrue. No such instigation or assistance, or encouragement, direct or indirect, had been given by the British Government; nor, so far as the British Government is informed, had there been, when the assertion was made, any act, on the part of the Ameer Dost Mahomed Khan, evincing a design to advance upon Herat.

Nevertheless, the Persian Government has executed its intention. Not only have Persian Troops invaded the Territory of Herat, although the contingency which alone could justify such an act has not come to pass; but they have laid siege to the City, and have interfered in its internal affairs, while the Government of Tehran has not only assumed the right to nominate the Ruler of Herat; but, in addressing the present Chief of the City, has declared Herat to be Persian soil.

The siege of Herat has now been carried on by the Persian Army for many months. Before its commencement, and during its progress, the unfriendly sentiments of Persia towards the British Government have been scarcely veiled; and, recently, the movements of Troops, in different parts of Persia, have indicated a determination to persist in an aggression, which is as unprovoked as it is contrary to good faith.

The conduct of the Persian Government has been pronounced by Her Majesty's Government to constitute an act of open hostility against Great Britain. Reparation has been sought, but without success. The withdrawal of the Persian Troops from the neighbourhood of Herat to Persian soil has been demanded, as a preliminary to the adjustment of differences to which the acts of Persia alone have given rise; but the demand has been evaded; and, according to the most recent accounts, a Persian Army still invests Herat.

Friendly remonstrance having failed, and a reasonable requisition having been rejected, or put aside, it becomes incumbent on the British Government to take measures, by which the Persian Government shall be convinced that solemn engagements contracted with Great Britain may not be violated with impunity; and by which effectual guarantees against continuous breach of faith shall be secured.

To this end, a Force has been directed to assemble at Bombay, and will embark as soon as the necessary arrangements shall have been completed. The further operations of the Force, after it shall have reached the Persian Gulf, will be guided by such instructions as the progress of events, and the policy of the British Government, may demand.

By order of the Right Hon'ble the Governor General of India in Council,

G. F. EDMONSTONE,
Secy. to the Govt. of India

Letter dated 28th March 1856, No. 119.

Forward for favorable consideration a Memorial from Steward J. Hennessy, of the Subordinate Medical Establishment, soliciting that six Senior Stewards may be put on a par with Junior Apothecaries with respect to Pay and Pension, and may be styled "Senior Stewards." Government observe that the Medical Board strongly recommend the request.

Para. 14. The Medical Board, in handing up Mr. Hennessy's application, observe as follows :—

"A boon of this "description was "granted in G. O. "2nd January 1846 "to six of the Se- "nior Apothecaries serving in this Presidency. "Taking into consideration the fact, that the "Stewards are a hard-working and responsible "class of Medical subordinates, whose position in "the Service affords no prospect of advancement in "rank, we have the honor most respectfully to "submit to your Lordship our opinion, that the "boon now petitioned for is very moderate in "its extent, and that its concession would tend "to enhance the efficiency "of this class of Government Servants."*

*Letter dated 1st March 1856.

15. Looking to the comparative number† of Stewards and Apothecaries, we are of opinion that the special benefits thus recommended should be limited to such of the four Senior Stewards as have established claims by very great merits or distinguished exertions in the Public Service, as specified in the G. O. of 2nd January 1846. We accordingly authorize this measure.

Notice.

With reference to the 4th Clause of the Rules for the Receipt of Bullion, sanctioned by Government on the 27th June 1856, the under-mentioned By-Laws have been sanctioned by the Mint Committee.

J. H. Bell,
Offg. Mint Master.

Calcutta Mint,
The 25th October 1856.

BY-LAWS of the MINT BULLION DEPOT, sanctioned by the MINT COMMITTEE on the 25th AUGUST 1856.

External.

1. All Tenders of Bullion are to specify the number of boxes of Silver or Gold, and to be numbered, in the order of delivery into the Bullion Depôt, when all the boxes specified in a Tender are brought in.

2. When a portion only is brought in, the Tender is to be numbered after the delivery of the number of boxes specified is completed.

3. The Bullion tendered is to be delivered by the authorized Agent, who will see to the locking up of the boxes in the Strong Room of the Depôt.

4. The Tenders are to be dealt with according to priority of numbers, if the authorized Agent be in attendance; if not, the next in succession, having an Agent in attendance, is to be taken in hand. The order of succession only applies to Silver taken out for one species of treatment, either Melting or Cutting and Burning.

5. In Melting, separate Tenders are to be melted in different furnaces and kept distinct.

6. In Cutting and Burning, only one party's Bullion is to be taken into the room at a time, and is to be accounted for before another's is sent in.

7. Importers sending in two or more Invoices of Silver with only one Tender are, however, to understand, that their Agents alone will be responsible for keeping the Silver belonging to each Invoice separate; but if the Silver of each Invoice be separately tendered, every care is to be taken to keep them separate.

8. Bullion, after having been taken out of the boxes, is to be weighed into and out of the Melting Room, or the Cutting and Burning Room, as the case may be.

9. Importers are distinctly to understand, that their Agents are to satisfy themselves as to the accuracy of the weighments of their Bullion in the Bullion Depôt, both before and after Melting and Cutting. The Bullion Clerk merely takes down the weighments for the Mint Master's satisfaction. If the Importer's Agent should observe any thing, either in the beam or the method of weighing, that he disapproves of, he should make it known at once, and every facility will be rendered him to make the necessary corrections; so that Importers must look only to their Agents for explanation, in case of any discrepancy that may occur between the Invoice and the Mint weighments.

10. *Registry of Bullion.*—Importers' Bullion, after having been melted or cut, and when ready for registry, will be passed through the two Iron Gates between the Assay Office and Pre-melting Room, and through the Warder's Lodge into the Bullion Office; and after the Bullion has been registered, the Importers' Agents, Durwans, &c., are to go out through the Mint Gate only.

11. *Passes.*—All Passes for Silver and Gold, required to be sent out of the Bullion Depôt, whether spillage from Melting Room, or chips, &c., from Cutting Room, or Bullion rejected by the Mint previous to registry, or withdrawn by Importers are to be made out by the Bullion Clerk and sent to the Mint Master for his signature, and then delivered to the Importers' Agents for the endorsement of the Importers; after which the Bullion will be passed out through the Gate leading to the Bullion Depôt, so that there will be no occasion for such Bullion to go into the Mint proper at all.

12. Importers are not required, in addition to the one per mille charged by the Mint, to pay any other charges, such as for Gunny Bags, or Cooly hire, after the Silver has been once taken into the Strong Room. Spillage, broken pots, &c., are of course to be taken away at the expense of the Importers.

13. Coolies for removing and opening boxes, and removing Bullion from place to place, will be engaged by the Mint, and arrangements are to be made for having three Coolies in attendance upon every lac of Bullion that may be operated on.

14. Importers may have a guard at the Strong Room door during working hours if they choose, as their Treasure is in deposit at their risk.

15. Bullion or Coin once rejected by the Mint as brittle shall not again be received for the purpose of being melted or cut for Coinage, without the special authority of the Mint Master.

J. H. Bell,
Offg. Mint Master.

Madras Exhibition of 1857.

NOTIFICATION.

The Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark

the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

Banqueting Hall,
7th February 1856.

With reference to the foregoing Notification, which the undersigned has been requested to publish in the *Calcutta Gazette*, he begs to state that he has been also requested to receive from the Bengal Presidency all Packages containing Contributions for the Madras Exhibition of 1857.

J. H. BELL,
Officiating Mint Master.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt of Marine,

H. HOWE,

FORT WILLIAM, } *Secretary.*
The 15th September 1856. }

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32¼ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE.

Latitude..... 16° 7′ 00″ N.
Longitude..... 94° 27′ 00″ E.

1st.—Vessels of 14 feet draft and upwards should, on no account attempt the passage to the Westward of Negrais Island.

2nd.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1½ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3rd.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4th.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1½ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

Madras Exhibition of 1857.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

Banqueting Hall,
7th February 1856.

With reference to the foregoing Notification, which the undersigned has been requested to publish in the *Calcutta Gazette*, he begs to state that he has been also requested to receive from the Bengal Presidency all Packages containing Contributions for the Madras Exhibition of 1857.

J. H. BELL,
Officiating Mint Master.

Notice.

With reference to the 4th Clause of the Rules for the Receipt of Bullion, sanctioned by Government on the 27th June 1856, the under-mentioned By-Laws have been sanctioned by the Mint Committee.

J. H. Bell,
Offg. Mint Master.

Calcutta Mint,
The 25th October 1856.

BY-LAWS of the MINT BULLION DEPOT, sanctioned by the MINT COMMITTEE on the 25th AUGUST 1856.

External.

1. All Tenders of Bullion are to specify the number of boxes of Silver or Gold, and to be numbered, in the order of delivery into the Bullion Depôt, when all the boxes specified in a Tender are brought in.

2. When a portion only is brought in, the Tender is to be numbered after the delivery of the number of boxes specified is completed.

3. The Bullion tendered is to be delivered by the authorized Agent, who will see to the locking up of the boxes in the Strong Room of the Depôt.

4. The Tenders are to be dealt with according to priority of numbers, if the authorized Agent be in attendance—if not, the next in succession, having an Agent in attendance, is to be taken in hand. The order of succession only applies to Silver taken out for one species of treatment, either iMelting or Cutting and Burning.

5. In Melting, separate Tenders are to be melted in d fferent furnaces and kept distinct.

6. In Cutting and Burning, only one party's Bullion is to be taken into the room at a time, and is to be accounted for before another's is sent in.

7. Importers sending in two or more Invoices of Silver with only one Tender are, however, to understand, that their Agents alone will be responsible for keeping the Silver belonging to each Invoice separate; but if the Silver of each Invoice be separately tendered, every care is to be taken to keep them separate.

8. Bullion, after having been taken out of the boxes, is to be weighed into and out of the Melting Room, or the Cutting and Burning Room, as the case may be.

9. Importers are distinctly to understand, that their Agents are to satisfy themselves as to the accuracy of the weighments of their Bullion in the Bullion Depôt, both before and after Melting and Cutting. The Bullion Clerk merely takes down the weighments for the Mint Master's satisfaction. If the Importer's Agent should observe any thing, either in the beam or the method of weighing, that he disapproves of, he should make it known at once, and every facility will be rendered him to make the necessary corrections; so that Importers must look only to their Agents for explanation, in case of any discrepancy that may occur between the Invoice and the Mint weighments.

10. *Registry of Bullion.*—Importers' Bullion, after having been melted or cut, and when ready for registry, will be passed through the two Iron Gates between the Assay Office and Pre-melting Room, and through the Warder's Lodge into the Bullion Office; and after the Bullion has been registered, the Importers' Agents, Durwans, &c. are to go out through the Mint Gate only.

11. *Passes.*—All Passes for Silver and Gold, required to be sent out of the Bullion Depôt, whether spillage from Melting Room, or chips, &c., from Cutting Room, or Bullion rejected by the Mint previous to registry, or withdrawn by Importers are to be made out by the Bullion Clerk and sent to the Mint Master for his signature, and then delivered to the Importers' Agents for the endorsement of the Importers; after which the Bullion will be passed out through the Gate leading to the Bullion Depôt, so that there will be no occasion for such Bullion to go into the Mint proper at all.

12. Importers are not required, in addition to the one per mille charged by the Mint, to pay any other charges, such as for Gunny Bags, or Cooly hire, after the Silver has been once taken into the Strong Room. Spillage, broken pots, &c., are of course to be taken away at the expense of the Importers.

13. Coolies for removing and opening boxes, and removing Bullion from place to place, will be engaged by the Mint, and arrangements are to be made for having three Coolies in attendance upon every lac of Bullion that may be operated on.

14. Importers may have a guard at the Strong Room door during working hours if they choose, as their Treasure is in deposit at their risk.

15. Bullion or Coin once rejected by the Mint as brittle shall not again be received for the purpose of being melted or cut for Coinage, without the special authority of the Mint Master.

J. H. Bell,
Offg. Mint Master.

Calcutta Mint.
The 25th October 1856.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,
Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19¼′ North and longitude 86° 47′ East, and a Buoy is placed in 21¼ fathoms on the Pilot's Ridge, in latitude 20° 49¼′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59¼ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½ 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26 East, true; and distant 32¼ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it; in case of the letter being of a mixed nature, as may be intended to be private or non-official.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,

Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19¼′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32¼ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE.

Latitude..... 16° 7′ 00″ N.
Longitude..... 94° 27′ 00″ E.

1st.—Vessels, of 14 feet draft and upwards should, on no account, attempt the passage to the Westward of Negrais Island.

2nd.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1½ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3rd.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4th.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1¼ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

Fort William, Financial Department,

The 14th November 1856.

Resolution.—Some doubt having arisen, with reference to the interpretation to be put upon the Resolution* of the 10th September last, regarding the ineligibility of Civil Servants, who have taken leave of absence beyond Sea under Medical certificate, to Furlough on private affairs, until they have served six years from their last return to duty, the Right Hon'ble the Governor General of India in Council is pleased to direct that, in the case of Civil Servants who have taken previous leave on Medical certificate under the old Rules, the grant of six months' special leave of absence on private affairs, under Section XIV. Chapter III. of the New Absentee Rules, shall not be held to be affected by the Rule of the 10th September last, which refers to *Furlough* only.

* "Civil Servants, who have taken leave of absence upon Sick certificate to Europe, or elsewhere beyond Sea, will be ineligible to Furlough on private affairs, until they have served six years from their last return to duty. This Rule will not apply to short leaves to Sea."

No. 51.

His Lordship in Council is also pleased to resolve, that the period of preparatory leave prior to Furlough on Private Affairs, during which the absentee shall be allowed a moiety of his allowance, shall be governed by the Rules* applicable to similar leave in case of Medical certificate, extending to one, two, or three months, according to circumstances.

* Clause VI. of the Civil Absentee Rules.

Officers stationed at the Presidency Towns† will be allowed preparatory leave for a period not exceeding one month.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

MEMO.

The following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. Howe,
Secretary.

Fort William,
The 15th September 1856.

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

The South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE.

Latitude..... 16° 7′ 00″ N.
Longitude..... 94° 27′ 00″ E.

1*st*.—Vessels, of 14 feet draft and upwards should, on no account, attempt the passage to the Westward of Negrais Island.

2*nd*.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1¼ mile North-East of the Island Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3*rd*.—Vessels entering from the Westward, in I a'itude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward This passage, however, should be attempted by sailing vessels only in the North-East Monsoon

4*th*.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1¼ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

MEMO.

The following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. Howe,
Secretary.

Fort William,
The 15th September 1856.

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

The South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2*nd*. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3*rd*. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoys on the Ridge.

4*th*. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5*th*. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6*th*. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7*th*. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8*th*. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9*th*. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the

Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,
Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Proviso.

Unions may be formed

III The Government may, by Notification to be published in the Official Gazette, unite, for the purposes of this Act, any city, town, suburb, station, or bazaar, or any part or parts of a city, town, suburb, station, or bazaar, with any other city, town, suburb, station, or baznar, or part or parts of a city, town, suburb, station, or bazaar ; and in such case all the provisions of this Act applicable to a city, town, suburb, station, or bazaar shall apply to such union.

Government may define limits of cities, towns, &c.

IV. For the purposes of this Act the Local Government may define and declare the limits of any city, town, suburb, station, bazaar, or union, and all occupiers of houses within any such city, town, suburb, station, bazaar, or union as aforesaid, or within such limits as shall be so defined as aforesaid, shall be liable to be assessed or rated according to the provisions of this Act for the purpose of maintaining the Chowkeydars appointed to be maintained in such city, town, station, suburb, bazaar, or union.

Houses let to lodgers how to be assessed.

The Magistrate shall determine the total amount required to be raised in any year in any city, town, or other such place as aforesaid, for the purpose of maintaining the Chowkeydars appointed to be maintained therein, and for the purposes specified in Sections XXXIII, XXXIV, XXXV, and XXXVI of this Act, together with such sum as the Magistrate may consider necessary to provide against the contingency of losses from defaulters in the current year, and the amount of losses, if any, actually sustained from defaulters in the preceding year.

Nature of the tax to be levied.

X. The tax to be levied in any city, town, or other place as aforesaid, for the purposes of this Act, may be either an assessment according to the circumstances and the property to be protected of the persons liable to the same, or a rate on houses and grounds according to the annual value thereof. The Local Government, on the report of the Magistrate and Commissioner of Circuit, shall determine in each case whether the tax to be levied shall be such assessment or such rate.

Limitation of tax.

XI. If the tax be an assessment according to the circumstances and the property to be protected of the persons liable to the same, the aggregate sum to be raised by such tax shall not exceed the average rate of two annas per mensem for each house, and the amount assessed in respect to any one house shall not be more than the pay of a Chowkeydar of the lowest grade. If the tax be a rate on houses and grounds, it shall not exceed five per centum of the annual value thereof.

Rate how to be ascertained.

XII. For the purpose of making a rate under this Act, the annual value of the houses and grounds liable to the rate shall be computed and ascertained upon an estimate of the gross annual rent at which the same might reasonably be expected to let from year to year. Grounds used for purposes of trade shall be liable to the rate, but grounds used for the purpose of cultivation or for depasturing cattle shall not be liable.

Magistrate may exempt occupiers unable to pay the assessment or rate.

XIII. The Magistrate may, at his discretion, exempt from the assessment or rate, or may relieve from the payment of his assessment or rate, any occupier who may be unable from poverty to pay the same.

XIV. For the purposes hereinafter mentioned the Magistrate shall constitute and appoint a punchayet for each such city, town, or other place as aforesaid, or, when he may see fit to divide any such city, town, or place into convenient divisions, for each division thereof, and shall issue a sunnud of appointment, specifying the names, residence, business, or other description of the persons appointed and the period for which the appointment is made. Every punchayet shall consist of three or five respectable persons residing or carrying on business in or near to any such city, town, or other place, or in or near to any such division thereof. Provided that, instead of any one such person, the Magistrate may appoint any person whom he may think fit to be a member of the punchayet, notwithstanding such person may not reside or carry on business in or near to such city, town, or other place, or in or near to any such division thereof.

Magistrate may appoint a person not residing in the place to be a member of punchayet.

Duties of punchayet.

XV. The punchayet so appointed, or the majority of them, shall, once in every year, if required so to do by the Magistrate, prepare and make, in accordance with the rules laid down in the requisition, an assessment or rate upon the several persons liable to be assessed or rated in respect of their occupation of property within the district (whether city, town, or other place as aforesaid, or any division thereof) for which the punchayet shall be appointed, and shall enter the same in a list which shall specify the names of the several occupiers of property within the district liable to be assessed or rated under the provisions of this Act, the trade, business, or other description of such occupier, the property occupied, and the amount payable monthly by such occupier. If the tax be a rate on the annual value of the property occupied, such annual value and the total amount of the annual rate shall also be specified. XVII. When an assessment or rate shall have been made or revised, as the case may be, the punchayet shall forward to the Magistrate the list containing the same; and the Magistrate shall revise, and, if necessary, amend and settle it.

Unless revised or corrected as hereinafter provided, every assessment or rate under this Act shall stand good for one whole year, and until a new one is made, and in case the occupier of any property included in any assessment or rate shall be changed before a new one is made, the new occupier shall be liable in respect of such property for any portion of the assessment or rate which shall have become payable during his occupation instead of the former occupier thereof; and after notification to such person, the Magistrate may cause his name to be substituted in the said list for the name of the former occupier.

Change of occupation before a new assessment or rate.

Revised assessment or rate to be deemed a new one.

Every assessment or rate which shall be revised according to the provisions of Section XVI shall be deemed a new assessment or rate.

Proviso.

Provided always, that, if no new assessment or rate is made within the first three months of any year, the list of the previous year shall be re-published according to the provisions of Section XVIII, and shall thereupon be deemed to be the assessment or rate for the current year, and shall be open to appeal under the next succeeding Section.

Appeal from assessment or rate.

XX. Any person assessed or rated, who shall be dissatisfied with his assessment or rate, or who shall dispute his occupation of any property or his liability to be assessed or rated, may appeal on unstamped paper to the Magistrate, and the Magistrate, after making such inquiries as he deems necessary, by examination of the appellant on oath or solemn affirmation, or otherwise, may confirm the assessment or rate or amend the same. In case the Magistrate confirm the assessment or rate, he may award costs against the appellant. The decision of the Magistrate in such cases shall be final, and no objection shall be taken to any assessment or rate, nor shall the liability of any person to be assessed or rated be questioned in any other manner or by any other Court.

Limitation of appeal.

Provided that no appeal shall be received after the expiration of one month from the time of the notification of the assessment or rate prescribed by Section XVIII, or of the notification of the substitution of the name of an occupier under Section XIX, unless the Magistrate, upon reasonable cause shown, shall extend the time for receiving such appeal.

XXI. The Commissioner of Circuit, with the consent of the Local Government, may at any time direct the Magistrate to revise the assessment or rate of any city, town, or other place as aforesaid, specifying the reasons which, in his opinion, render such revision necessary, and the Magistrate shall, according to such direction, revise and, if necessary, amend the same.

Magistrate may direct revision at any time of the year, for reasons to be stated.

XXII. The Magistrate may require the punchayet to revise the assessment or rate at any period during the year; but on every such occasion he shall address a written order to the punchayet, specifying the reasons which render such revision necessary, and requiring an amended return within a stated period.

If punchayet refuse or omit to act, Magistrate may assume their functions.

XXV. If the persons appointed a punchayet, or a majority of them, refuse, or omit, for a period of fifteen days after the receipt of an order from the Magistrate, to perform the duties required of them, the Magistrate may himself make or revise the assessment or rate, and may enforce the same as if it had been made or revised in the first instance by the punchayet.

Proviso.

XXVII. Every punchayet shall be appointed for the period of one year, and no person shall be compelled to serve on a punchayet for more than one year at a time, or within less than three years after the expiry of previous service; but nothing in this Section shall prevent any person from being appointed to serve on a punchayet at any time whatsoever with his own consent.

Member of punchayet removable only on application of rate-payers.

XXVIII. If a majority of the persons assessed or rated in any district for which a punchayet shall be appointed, not being in arrear, make application in writing to the Magistrate for the removal of any member of the punchayet appointed for such district, the Magistrate, if he think it expedient, may remove such member from the punchayet.

Vacancies in punchayet how to be supplied.

XXIX. If any vacancy shall occur among the members of a punchayet, or if any member appointed shall refuse or decline or be unable to act, the Magistrate may nominate and appoint another person to supply the

vacancy or to act in the stead of such member, subject to the rules already laid down as to the original appointment of members; but such appointment may be made by a written communication to the person appointed, and it shall not be necessary to issue a new summud under Section XIV of this Act.

XXX. The punchayet shall give notice to the Magistrate of any neglect or misconduct on the part of any Chowkeydar within the district for which they are appointed which shall come to their knowledge; and shall also give notice of any vacancy which shall occur in consequence of the death or absence of any Chowkeydar or from any other cause.

Madras Exhibition of 1857.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE.

Latitude..... 16° 7′ 00″ N.
Longitude..... 94° 27′ 00″ E.

1*st*.—Vessels, of 14 feet draft and upwards, should, on no account, attempt the passage to the Westward of Negrais Island.

2*nd*.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1¼ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3*rd*.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4*th*.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge f the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1¼ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,
Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19¼′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M. and so on, until the whole of the remaining lots are disposed of, or if the quantity of 3,655 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot to contain five chests.

5. A deposit in a Promissory Note, either for 25 per cent. even money of the amount for which each lot is knocked down or for Rupees 1,000 at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room; and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's receipts, or by substitution of other public Securities of the Bengal Government on or before 4 o'clock of the afternoon of Saturday, the 17th January, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's receipts or deposit of other public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale, under the last-mentioned Condition, if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of money, Sub-Treasurer's receipts or public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 17th January will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1857, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

Purchasers taking out Certificates or Orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots or of a different number of lots or chests whether more or less, than the number of lots or chests originally required to be included in each Certificate or Order.

10. No Sub Treasurer's receipts or deposit of public Securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts or other Government Securities equal to 25 per cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided, always, that no lots shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, any number of lots of the same Agency. Opium to the extent of twenty-five lots and for the lots so purchased, the purchaser shall deposit for each lot 25 per cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per chest as that for which he purchased his first lot, provided, always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

No. 1—Certificate of the Opium now advertised for Sale.

No. 2—Report of the Examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue ; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage ; under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the Sale and delivery of the Opium for shipment.

18. Madras Exhibition of 1857.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

Banqueting Hall,
7th February 1856.

With reference to the foregoing Notification, which the undersigned has been requested to publish in the *Calcutta Gazette*, he begs to state that he has been also requested to receive from the Bengal Presidency all Packages containing Contributions for the Madras Exhibition of 1857.

Officiating Mint Master.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,
Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Legislative Council.

The 22nd November 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Hon'ble the Governor General on the 14th November 1856, and is hereby promulgated for general information :—

ACT No. XX OF 1856.

An Act to make better provision for the appointment and maintenance of Police Chowkeydars in Cities, Towns, Stations, Suburbs, and Bazaars in the Presidency of Fort William in Bengal.

Preamble.

WHEREAS it is expedient to make better provision for the appointment and maintenance of Police Chowkeydars in cities, towns, stations, suburbs, and bazaars in the Presidency of Fort William in Bengal, It is enacted as follows :—

Laws repealed.

I. Regulation XXII. 1816, Regulation VII. 1817, Section VI Regulation III. 1821, and Section IV Regulation II. 1832, of the Bengal Code, and Act XV of 1837, are hereby repealed, except as to any act which shall have been done, or any liability which shall have been incurred, before the passing of this Act. Provided that the monthly assessment levied, under Regulation XXII. 1816, and Act XV of 1837, in any city or station at the time of the passing of this Act, shall continue to be levied until the same shall be revised and altered under the provisions of this Act.

Existing assessment to continue to be levied until revised according to this Act.

To what places the Act shall apply.

II. The provisions of this Act shall have effect in the cities and stations in which the said Regulation XXII. 1816 has heretofore been in force, and in every other city, station, town, suburb, and bazaar in the said Presidency to which the Local Government at any time may extend the same by Notification in the Official Gazette. Provided always, that this Act shall not be extended to any city, town, suburb, or bazaar, unless there be therein (or in some other city, town, suburb, or bazaar with which the same may be united as hereinafter provided) a Police Station under an officer of a grade not below that of Jemadar, nor to any agricultural village.

Proviso.

Unions may be formed.

III. The Government may, by Notification to be published in the Official Gazette, unite, for the purposes of this Act, any city, town, suburb, station, or bazaar, or any part or parts of a city, town, suburb, station, or bazaar, with any other city, town, suburb, station, or bazaar, or part or parts of a city, town, suburb, station, or bazaar ; and in such case all the provisions of this Act applicable to a city, town, suburb, station, or bazaar shall apply to such union.

Government may define limits of cities, towns, &c.

IV. For the purposes of this Act the Local Government may define and declare the limits of any city, town, suburb, station, bazaar, or union, and all occupiers of houses within any such city, town, suburb, station, bazaar, or union as aforesaid, or within such limits as shall be so defined as aforesaid, shall be liable to be assessed or rated according to the provisions of this Act for the purpose of maintaining the Chowkeydars appointed to be maintained in such city, town, station, suburb, bazaar, or union.

Houses let to lodgers how to be assessed.

V. If any house be let out in portions to different persons, or be let out to or occupied by lodgers or travellers, the person who shall so let the same, or who shall receive the rents or payments from such persons or lodgers or travel-

lers, shall, for the purposes of this Act, be deemed to be the occupier of such house.

Penalty for removing, &c., name of street or number of house.

VI. The Magistrate may cause a name to be given to any street and affixed in such place or places as he may think fit, and may also cause a number to be affixed to every house in any street or mohulla for the purpose of identifying such house; and if any person shall wilfully remove, obliterate, or destroy such name or number, he shall be liable, on conviction by a Magistrate, to a fine not exceeding twenty Rupees.

Magistrate to determine number of Chowkeydars.

Proviso.

VII. The Magistrate shall determine the number of Chowkeydars to be maintained in any city, town, or other such place as aforesaid; but the number of Chowkeydars so to be maintained shall not exceed one to every twenty-five houses.

Grades and wages of Chowkeydars.

VIII. The Chowkeydars appointed under this Act may be of different grades, and the wages to be paid to the several grades shall be determined by the Magistrate.

Magistrate to determine the sum to be raised annually.

IX. The Magistrate shall determine the total amount required to be raised in any year in any city, town, or other such place as aforesaid, for the purpose of maintaining the Chowkeydars appointed to be maintained therein, and for the purposes specified in Sections XXXIII, XXXIV, XXXV, and XXXVI of this Act, together with such sum as the Magistrate may consider necessary to provide against the contingency of losses from defaulters in the current year, and the amount of losses, if any, actually sustained from defaulters in the preceding year.

Nature of the tax to be levied.

X. The tax to be levied in any city, town, or other place as aforesaid, for the purposes of this Act, may be either an assessment according to the circumstances and the property to be protected of the persons liable to the same, or a rate on houses and grounds according to the annual value thereof. The Local Government, on the report of the Magistrate and Commissioner of Circuit, shall determine in each case whether the tax to be levied shall be such assessment or such rate.

Limitation of tax.

XI. If the tax be an assessment according to the circumstances and the property to be protected of the persons liable to the same, the aggregate sum to be raised by such tax shall not exceed the average rate of two annas per mensem for each house, and the amount assessed in respect to any one house shall not be more than the pay of a Chowkeydar of the lowest grade. If the tax be a rate on houses and grounds, it shall not exceed five per centum of the annual value thereof.

Rate how to be ascertained.

XII. For the purpose of making a rate under this Act, the annual value of the houses and grounds liable to the rate shall be computed and ascertained upon an estimate of the gross annual rent at which the same might reasonably be expected to let from year to year. Grounds used for purposes of trade shall be liable to the rate, but grounds used for the purpose of cultivation or for depasturing cattle shall not be liable.

Magistrate may exempt occupiers unable to pay the assessment or rate.

XIII. The Magistrate may, at his discretion, exempt from the assessment or rate, or may relieve from the payment of his assessment or rate, any occupier who may be unable from poverty to pay the same.

Constitution of punchayets.

XIV. For the purposes hereinafter mentioned the Magistrate shall constitute and appoint a punchayet for each such city, town, or other place as aforesaid, or, when he may see fit to divide any such city, town, or place into convenient divisions, for each division thereof, and shall issue a sunnud of appointment, specifying the names, residence, business, or other description of the persons appointed and the period for which the appointment is made. Every punchayet shall consist of three or five respectable persons residing or carrying on business in or near to any such city, town, or other place, or in or near to any such division thereof. Provided that, instead of any one such person, the Magistrate may appoint any person whom he may think fit to be a member of the punchayet, notwithstanding such person may not reside or carry on business in or near to such city, town, or other place, or in or near to any such division thereof.

Magistrate may appoint a person not residing in the place to be a member of punchayet.

Duties of punchayet.

XV. The punchayet so appointed, or the majority of them, shall, once in every year, if required so to do by the Magistrate, prepare and make, in accordance with the rules laid down in the requisition, an assessment or rate upon the several persons liable to be assessed or rated in respect of their occupation of property within the district (whether city, town, or other place as aforesaid, or any division thereof) for which the punchayet shall be appointed, and shall enter the same in a list which shall specify the names of the several occupiers of property within the district liable to be assessed or rated under the provisions of this Act, the trade, business, or other description of such occupier, the property occupied, and the amount payable monthly by such occupier. If the tax be a rate on the annual value of the property occupied, such annual value and the total amount of the annual rate shall also be specified. The requisition of the Magistrate to the punchayet to make out such list shall be in the form marked A. or B., as the case may be, set forth in the Appendix to this Act annexed, or to the like effect.

Form of Magistrate's requisition.

Punchayet may revise existing assessment or rate.

XVI. The punchayet shall, if required by the Magistrate so to do, instead of making a new assessment or rate, revise and amend the assessment or rate then in force.

Magistrate may amend and settle assessment or rate as revised by the punchayet.

XVII. When an assessment or rate shall have been made or revised, as the case may be, the punchayet shall forward to the Magistrate the list containing the same; and the Magistrate shall revise, and, if necessary, amend and settle it.

Assessment or rate to be published.

XVIII. When the assessment or rate shall have been settled, the Magistrate shall sign the list, and shall cause one copy thereof, together with a Notification prepared according to the form marked C. in the Appendix to this Act,

or to the like effect, and written in the language of the Province in which the city, town, or place is situate, to be stuck up in some conspicuous place in the district for which the assessment or rate has been made; and another copy, together with a like Notification, at the nearest Police thanna; and shall also cause a third copy to be deposited in his own office.

Assessment or rate to stand good for one year.

XIX. Unless revised or corrected as hereinafter provided, every assessment or rate under this Act shall stand good for one whole year, and until a new one is made, and in case the occupier of any property included in any assessment or rate shall be changed before a new one is made, the new occupier shall be liable in respect of such property for any portion of the assessment or rate which shall have become payable during his occupation instead of the former occupier thereof; and after notification to such person, the Magistrate may cause his name to be substituted in the said list for the name of the former occupier. Every assessment or rate which shall be revised according to the provisions of Section XVI shall be deemed a new assessment or rate. Provided always, that, if no new assessment or rate is made within the first three months of any year, the list of the previous year shall be re-published according to the provisions of Section XVIII, and shall thereupon be deemed to be the assessment or rate for the current year, and shall be open to appeal under the next succeeding Section.

Change of occupation before a new assessment or rate.

Revised assessment or rate to be deemed a new one.

Proviso.

Appeal from assessment or rate.

XX. Any person assessed or rated, who shall be dissatisfied with his assessment or rate, or who shall dispute his occupation of any property or his liability to be assessed or rated, may appeal on unstamped paper to the Magistrate, and the Magistrate, after making such inquiries as he deems necessary, by examination of the appellant on oath or solemn affirmation, or otherwise, may confirm the assessment or rate or amend the same. In case the Magistrate confirm the assessment or rate, he may award costs against the appellant. The decision of the Magistrate in such cases shall be final, and no objection shall be taken to any assessment or rate, nor shall the liability of any person to be assessed or rated be questioned in any other manner or by any other Court. Provided that no appeal shall be received after the expiration of one month from the time of the notification of the assessment or rate prescribed by Section XVIII, or of the notification of the substitution of the name of an occupier under Section XIX, unless the Magistrate, upon reasonable cause shown, shall extend the time for receiving such appeal.

Limitation of appeal.

XXI. The Commissioner of Circuit, with the consent of the Local Government, may at any time direct the Magistrate to revise the assessment or rate of any city, town, or other place as aforesaid, specifying the reasons which, in his opinion, render such revision necessary, and the Magistrate shall, according to such direction, revise and, if necessary, amend the same.

Commissioner of Circuit may direct revision of assessment or rate.

XXII. The Magistrate may require the punchayet to revise the assessment or rate at any period during the year; but on every such occasion he shall address a written order to the punchayet, specifying the reasons which render such revision necessary, and requiring an amended return within a stated period.

Magistrate may direct revision at any time of the year, for reasons to be stated.

XXIII. Whenever any assessment or rate is revised during the year, as provided in the two last preceding Sections, a revised list, together with a Notification as prescribed in Section XVIII, shall be prepared and published in the manner therein directed. And all objections to such revised assessment or rate shall be made and dealt with in the manner prescribed in Section XX.

Publication of assessment or rate as revised under the two last Sections.

XXIV. If any person appointed a member of a punchayet refuse to undertake the office, or omit to perform the duties thereof, and do not, within fifteen days from the date of his appointment, show satisfactory grounds for his refusal or omission, or provide such a substitute as the Magistrate approves, the Magistrate may fine such person in a sum not exceeding fifty Rupees.

Penalty for refusal to serve on punchayet.

XXV. If the persons appointed a punchayet, or a majority of them, refuse, or omit, for a period of fifteen days after the receipt of an order from the Magistrate, to perform the duties required of them, the Magistrate may himself make or revise the assessment or rate, and may enforce the same as if it had been made or revised in the first instance by the punchayet. Provided that the functions of the punchayet shall not thereby absolutely cease and determine, but may be resumed at any time, only not so as to invalidate any act done by the Magistrate under this Section.

If punchayet refuse or omit to act, Magistrate may assume their functions.

Proviso.

XXVI. No person shall be bound to act on a punchayet unless he shall reside or carry on business within the limits of the district for which the punchayet is to be appointed.

Residents only bound to act on a punchayet.

XXVII. Every punchayet shall be appointed for the period of one year, and no person shall be compelled to serve on a punchayet for more than one year at a time, or within less than three years after the expiry of previous service; but nothing in this Section shall prevent any person from being appointed to serve on a punchayet at any time whatsoever with his own consent.

Duration of punchayet and limitation of service thereon.

XXVIII. If a majority of the persons assessed or rated in any district for which a punchayet shall be appointed, not being in arrear, make application in writing to the Magistrate for the removal of any member of the punchayet appointed for such district, the Magistrate, if he think it expedient, may remove such member from the punchayet.

Member of punchayet removable only on application of rate-payers.

XXIX. If any vacancy shall occur among the members of a punchayet, or if any member appointed shall refuse or decline or be unable to act, the Magistrate may nominate and appoint another person to supply the

Vacancies in punchayet how to be supplied.

vacancy or to act in the stead of such member, subject to the rules already laid down as to the original appointment of members; but such appointment may be made by a written communication to the person appointed, and it shall not be necessary to issue a new sunnud under Section XIV of this Act.

Punchayet to report misconduct of Chowkeydars—or death or absence.

XXX. The punchayet shall give notice to the Magistrate of any neglect or misconduct on the part of any Chowkeydar within the district for which they are appointed which shall come to their knowledge; and shall also give notice of any vacancy which shall occur in consequence of the death or absence of any Chowkeydar or from any other cause.

Appointment and duty of sudder punchayet.

XXXI. In cities and large towns containing three or more divisions or districts, the Magistrate may appoint a sudder punchayet consisting of not less than five members, who may be selected either from the members of the local punchayets or from any other residents of the city or town. It shall be the duty of the sudder punchayet to assist the Magistrate, when required so to do, in carrying out generally the objects of this Act, and particularly in revising the assessment or rate made by the district punchayets and enquiring into and reporting on appeals preferred against the same.

Apppointment and registry of Chowkeydars.

XXXII. The Chowkeydars to be employed under this Act shall be appointed by the Magistrate, and the Magistrate shall cause to be kept a Register in which shall be entered the name, age, place of residence, and previous occupation of every person so appointed, with the date of his appointment.

Appointment of Jemadars and Inspectors.

XXXIII. Subject to the approval of the Commissioner of Circuit, the Magistrate may appoint such number of Jemadars and Inspectors as may be necessary for the supervision and control of the Chowkeydars. Provided that the number of these officers shall not be greater than one Jemadar to fifteen Chowkeydars, and one Inspector to sixty Chowkeydars.

Appointment of Tax Collectors and other establishment.

XXXIV. Subject to the approval of the Commissioner of Circuit, the Magistrate may appoint one or more Tax Collectors or Darogahs and such other servants as may be necessary for preparing, or assisting the punchayet in preparing, the assessment or rate, for copying the same, for collecting the tax, keeping the accounts and records, and otherwise carrying out the purposes of this Act. The Magistrate shall take from every Tax Collector or Darogah such security for the due disposal of the sums collected by him as may be thought necessary.

Contingent expenses.

XXXV. The Magistrate may further incur any reasonable expense in the purchase of stationery, in providing badges, dresses, and weapons for the Chowkeydars and for any other contingencies that may seem to him necessary.

Surplus funds may be devoted to Conservancy purposes.

XXXVI. After paying the wages of the Chowkeydars, and defraying the charges specified in the three last preceding Sections of this Act, the Magistrate may, with the sanction of the Commissioner of Circuit, appropriate any sum which may be available, to the purpose of cleansing the city, town, or place, or of lighting or otherwise improving the same.

To prepare assessment lists.

XXXVII. The Tax-Darogahs shall prepare, from the lists hereinbefore mentioned, a Register, which shall be attested by the Magistrate or his Deputy or Assistant, and shall contain the names of all persons assessed or rated so far as they can be ascertained, the property in respect of which the assessment or rate in each case is imposed, and the amount payable monthly by each person.

To collect assessment.

XXXVIII. On the tenth of each calendar month, or so soon after as possible, the Tax-Darogah shall proceed in person or through some one of his office establishment, to collect the amount due for the current month from each person subject to the tax; and for all sums so collected, the Darogah shall grant a receipt. Provided that, with the sanction of the Commissioner of Circuit previously obtained, the collection may be made quarterly instead of monthly; and in such case, the amount due for each quarter shall be collected in the last month of that quarter.

To remit collections to the Magistrate.

XXXIX. The Tax-Darogah shall remit to the Magistrate, in such manner as the Magistrate shall direct, all sums of money collected either by himself or by any one of his establishment, and the Magistrate, or some officer of his establishment authorized on that behalf, shall give the Darogah a receipt for every sum of money so remitted. The Magistrate shall also cause all such sums of money to be credited to a separate Fund, to be called the Chowkeydaree Fund of the city, town, or place in or on account of which they are collected.

To prepare summons, &c.

XL. The Tax-Darogah shall prepare all summonses and processes to be issued against defaulters, and shall make the usual returns thereto, and shall keep a regular account of all distresses levied and sales made by him for the realization of arrears.

To report defaulters to Magistrate.

XLI. On the 20th of each calendar month, or as soon after as possible, the Tax-Darogah shall deliver or transmit to the Magistrate, in one list, a statement of all defaulters, the property in respect to which they are assessed or rated, the amount of the monthly assessment or rate, and the amount due from each.

Summons of defaulters.

XLII. On receipt of the aforesaid list, the Magistrate shall issue a summons against each of the defaulters therein mentioned, requiring him either to pay the demand or to attend at the Cutcherry of the Magistrate within a reasonable time, to be specified in the summons, to show cause for his refusal.

Assessment to be levied from defaulters by distress and sale.

XLIII. If any defaulter fail to appear in answer to the summons, or having appeared, fail to satisfy the Magistrate that no arrear is due from him, the Magistrate may issue a warrant to the Tax-Darogah, authorizing him to levy the whole or any part of the demand by distress and sale of any goods and chattels belonging to the defaulter, or being at any time upon the premises in respect of which

the arrear is due; and the Magistrate's order as contained in the warrant shall be final.

Sale how to be conducted.

XLIV. The Tax-Darogah shall make an inventory of all goods and chattels seized under the Magistrate's warrant, and shall give previous notice of the sale, and the time and place thereof, by beat of drum in the district in which the property is situated. If the arrear be not paid with costs, or the warrant be not in the meantime discharged or suspended by the Magistrate, the goods and chattels seized shall be sold at the time and place specified, in the most public manner possible; and the proceeds shall be applied in discharge of the arrears and costs, and the surplus, if any, shall be returned on demand to the person in possession of the goods and chattels at the time of the seizure. The Tax-Darogah shall make a return of all such sales to the Magistrate in the form specified in Appendix D., and the costs upon every such proceeding shall be such as are mentioned and set forth in Appendix E. annexed to this Act.

Proceeds how to be applied.

Returns of sale.

Penalty for Tax-Darogah purchasing at such sales.

XLV. Any Tax-Darogah or other servant appointed under this Act, and any Chowkeydar or Officer of Police, who shall purchase any property at any such sale as aforesaid, shall be liable, upon conviction before a Magistrate, to a penalty not exceeding fifty Rupees; and the property shall be confiscated.

Sale of property beyond limits of town, &c.

XLVI. If no sufficient goods or chattels belonging to a defaulter, or being upon the premises in respect of which he is assessed or rated, can be found within the district in which the premises are situate, the Magistrate may issue his warrant to the Nazir of his Court for the distress and sale of any personal property or effects belonging to the defaulter within any other part of the jurisdiction of the Magistrate, or for the distress and sale of any personal property belonging to the defaulter within the jurisdiction of any other Magistrate whatsoever; and such other Magistrate shall back the warrant so issued, and cause it to be executed, and the amount, if levied, to be remitted to the Magistrate issuing the warrant.

All goods found on premises liable to sale.

But owner of goods to be indemnified by the defaulter.

XLVII. All goods and chattels, except tools or implements of trade, which may be found upon any premises in respect of which an arrear is due, shall be liable to be distrained for the recovery of such arrear. If the goods and chattels belong to any person other than the defaulter, the defaulter shall indemnify the owner of such goods and chattels from any damage he may sustain by reason of such distress or by reason of any payment he may make to avoid such distress or any sale under the same. Provided that no distress shall be made for any arrears due under this Act after the expiration of six calendar months from the time when such arrears became due.

Penalty for obstructing Tax-Darogah in execution of duty.

XLVIII. Every person who shall wilfully obstruct or molest any Tax-Darogah or any of his establishment, in the performance of their duties under this Act, or shall fraudulently conceal, remove, or dispose of any of his property for the purpose of avoiding a distress under the provisions of this Act, or shall knowingly assist any other person in so doing, shall be liable, on conviction before a Magistrate, to a penalty not exceeding fifty Rupees.

Magistrates to try complaints against Tax-Darogah of extortion, &c.

XLIX. The Magistrates shall receive and try all complaints preferred on oath or solemn affirmation against any Tax-Darogah or other person appointed under this Act for extortion, malversation, or other misconduct in the discharge of his duty. On proof of any such offence, the Tax-Darogah or other person as aforesaid shall be liable to dismissal from office, and to imprisonment, with or without labor, for a period not exceeding six months, and may also be compelled to refund any money corruptly or unduly exacted or received, and to deliver up any effects which may have been illegally distrained or sold, or the value thereof, or in default and until such delivery or refund be made, shall be liable to further imprisonment, with hard labor, for not more than six months. But nothing in this Section shall be taken to prevent the Magistrate from committing any Tax-Darogah or other person as aforesaid for trial before the Sessions Court, or to limit the power of the Sessions Court in regard to the punishment of such offences under the general law.

Penalty for extortion, &c.

Proviso.

Produce of Behar Agency Chests ...	2,540
Ditto of Benares ditto ditto ...	1,115
Total Chests ...	3,655

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M. and so on, until the whole of the remaining lots are disposed of, or if the quantity of 3,635 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot to contain five chests.

5. A deposit in a Promissory Note, either for 25 per cent. even money of the amount for which each lot is knocked down or for Rupees 1,000 at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room; and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's receipts, or by substitution of other public Securities of the Bengal Government on or before 4 o'clock of the afternoon of Saturday, the 17th January, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's receipts or deposit of other public Securities as aforesaid shall have been delivered in, shall be re sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale, under the last-mentioned Condition, if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of money, Sub-Treasurer's receipts or public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 17th January will be afterwards accepted.

8. The Opium now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1857, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots or of a different number of lots or chests whether more or less, than the number of lots or chests originally required to be included in each Certificate or Order.

10. No Sub Treasurer's receipts or deposit of public Securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts or other Government Securities equal to 25 per cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always, that no lots shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, any number of lots of the same Agency Opium to the extent of twenty-five lots and for the lots so purchased, the purchaser shall deposit for each lot 25 per cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per chest as that for which he purchased his first lot, provided, always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers together with samples of the Opium for sale will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue :—

No. 1—Certificate of the Opium now advertised for Sale.

No. 2—Report of the Examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue ; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage ; under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the following quantities, more or less, of Behar and Benares Opium of 1855-56, will be brought to Sale in the year 1857, on or about the dates specified below. The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so. :—

If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 43,905 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner ; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th.—" With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three hundred Chests herein before mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after Notice of the intended Sales shall have been published in the *Government Gazette.*"

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

7th February 1856.

Notification.

The Inspector of Jails Lower Provinces, being about to visit the North Western Provinces and Punjab on duty, will feel much obliged by all Officers in charge of Jails continuing to send their general correspondence to the Presidency, as usual, whence it will be forwarded to him.

2. He particularly requests that after the 27th Instant, and until his return to Calcutta, of which due notice will be given, no application for petty repairs, or matters that can, without injury to the public interests, lie over, may be addressed to him, as it is not probable that they will reach him in time for him to reply to, when absent, from his records.

3. In all matters of urgency in which immediate sanction is necessary, Officers in charge of Jails are requested to correspond directly with the Government, copies of the correspondence being subsequently submitted to the Inspector for his information and for record in his office.

Marine Court.

At a Marine Court assembled on Monday, the 27th day of October, one thousand eight hundred and fifty-six, under Act XXIV of 1845, Mr. Acting Mate Pilot Octavius Brydges was tried on the following charges :—

CHARGE.

Mr. Acting Mate Pilot Octavius Brydges, placed under arrest by order of the Officiating Superintendent of Marine, on the following charges :—

For breach of duty in the following instances :—

First.—That he being in pilotage charge of the French Ship "Maupertius," inward bound, upon the 11th September 1856, was intoxicated to such a degree that he could not perform his duty, and the Commander was compelled to prevent his getting the vessel underweigh at an improper time, when both wind and tide were against him.

Second Instance.—That he, upon the same day, about 3 P. M., threw up charge of the said Vessel, leaving her at anchor a few miles above Fultah, and proceeded to Calcutta without the sanction of the Commander, or permission of the Master Attendant.

Second Charge.—That he, upon the 1st day of this present month of October, being then a patient in the General Hospital, was in such a state from the effects of intoxication that he was reported by the Marine Surgeon to be laboring under the disease "Ebrietas."

By order of the Offg. Supdt. of Marine,

Secretary.

Marine Supdt's. Office,
The 14th October 1856.

FINDING.

The Court, having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced on the defence, is of opinion that Mr. Acting Mate Pilot Octavius Brydges, is guilty of the first instance of the first charge, guilty of the second instance of the first charge, and guilty of the second charge.

(Signed) H. PIDDINGTON,
President.

SENTENCE.

The Court, having found the defendant guilty as above specified, do adjudge that Mr. Acting Mate Pilot Octavius Brydges be dismissed the Service.

(Signed) H. PIDDINGTON,
President.

(Signed) THOMAS HILL,
Judge Advocate.

MINUTE BY THE COURT.

The Court would desire respectfully to bring to the notice of Government the extraordinary discrepancy between the evidence of Dr Shircore and that of the Hospital Apprentices, which has thrown much doubt and embarrassment on the case, and which may be obviated in future, so as to render the Hospital books more reliable documents, by a strict order that the character of the diseases of Marine patients shall in all cases be in the handwriting of the Surgeon in charge of the case.

(Signed) H. PIDDINGTON,
President.

2nd. The proceedings having been submitted to Government, the Hon'ble the Lieutenant-Governor of Bengal has been pleased to approve and confirm the Finding of the Court, and the Sentence which it has awarded, and the Officiating Master Attendant has been accordingly requested to strike out the name of Mr. Acting Mate Pilot Octavius Brydges from the list of Pilots.

SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE.

Latitude..... 16° 7′ 00″ N.
Longitude..... 94° 27′ 00″ E.

1st.—Vessels, of 14 feet draft and upwards, should, on no account, attempt the passage to the Westward of Negrais Island.

2nd.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1¼ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3rd.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4th.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters :—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1¼ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19¼′ North and longitude 86° 47′ East, and a Buoy is placed in 21¼ fathoms on the Pilot's Ridge, in latitude 20° 49¼′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59¼ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure, they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88¼° 14′ East, and therefore bears from the Buoy on the Pilot's Ridge, North 63° 26′ East, true; and distant 32¼ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M., and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Fort William, the 27th November 1856.

NOTICE is hereby given, that on Monday, the 12th January 1857, at the hour of eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for exportation by Sea, the under-mentioned quantity of Opium, the provision of 1855-56, subject to the following Conditions, *viz.* :—

Produce of Behar Agency Chests ..	2,540
Ditto of Benares ditto ditto ...	1,115
Total Chests ...	3,655

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M. and so on, until the whole of the remaining lots are disposed of, or if the quantity of 3,655 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot to contain five chests.

5. A deposit in a Promissory Note, either for 25 per cent. even money of the amount for which each lot is knocked down or for Rupees 1,000 at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room; and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's receipts, or by substitution of other public Securities of the Bengal Government on or before 4 o'clock of the afternoon of Saturday, the 17th January, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's receipts or deposit of other public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale, under the last-mentioned Condition, if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of money, Sub-Treasurer's receipts or public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 17th January will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury receipt will be accepted in payment after 4 P. M of Tuesday, the 27th January 1857, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the *first* purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount

at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots or of a different number of lots or chests whether more or less, than the number of lots or chests originally required to be included in each Certificate or Order.

10. No Sub Treasurer's receipts or deposit of public Securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts or other Government Securities equal to 25 per cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided, always, that no lots shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, any number of lots of the same Agency Opium to the extent of twenty-five lots and for the lots so purchased, the purchaser shall deposit for each lot 25 per cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per chest as that for which he purchased his first lot; provided, always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers together with samples of the Opium for sale will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 1—Certificate of the Opium now advertised for Sale.

No. 2—Report of the Examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and kept down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage; under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the following quantities, more or less, of Behar and Benares Opium of 1855-56, will be brought to Sale in the year 1857, on or about the dates specified below. The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so:—

If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 43,905 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three hundred Chests herein before mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after Notice of the intended Sales shall have been published in the *'Government Gazette.*"

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,
Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilots' Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition, would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

Legislative Council.

The 6th December 1856.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 5th December 1856, and is hereby promulgated for general information:—

ACT No. XXII OF 1856.

An Act for establishing a Toll on Boats and Timber passing through the Kurratiya river in the district of Bogra.

Preamble.

WHEREAS it is expedient, with a view to afford facilities for the internal commerce of the Districts of Dinagepore, Rungpore, and Bogra, to adopt measures for the improvement of the navigation of that part of the Kurratiya river, which lies within the district of Bogra, and whereas any measure which may be adopted for this purpose will necessarily occasion a considerable outlay at the first, and an annual expense thereafter, and it is just and reasonable that, to defray the same, a moderate toll should be levied on all boats, timber, rafts, and floats, passing through or within such part of the said river; and whereas it is expedient to encourage individual enterprise, and the employment of private capital on works of public utility: It is enacted as follows:—

Tolls may be levied on the Kurratiya.

I. Tolls, at the rates specified in the Schedule annexed to this Act, may be levied on all boats, timber, rafts, and floats, passing through or within the aforesaid part of the Kurratiya river, at such stations or places as the Lieutenant Governor of Bengal may from time to time appoint. The said tolls shall be levied by such persons, and under such rules, as the said Lieutenant Governor may direct; and all such rules shall be duly notified in the English and Vernacular Gazettes for public information.

But not till measures have been taken for improving the navigation.

II. Provided that no such toll shall be levied until the Lieutenant Governor of Bengal shall be satisfied, by the report of a competent person, that effective measures have been taken to render the passage through the said part of the Kurratiya river navigable throughout the year. Provided, also, that the levy of the said tolls shall be continued only so long as the passage is kept so navigable.

Boats, &c., may be detained and sold for non-payment of toll.

III. Any person duly appointed or authorized to collect the said tolls may detain any boat, timber, raft, or float, for which the toll chargeable under this Act is not paid; and, on the report of such person, which report shall be made within twenty-four hours, the Deputy Collector of Bogra, or other public officer duly authorized by Government in that behalf, may publish a notice appointing a day for the sale of the same. At or after the time appointed by the notice, which shall not be less than fifteen days from the date of the publication thereof, if the toll be not paid, or sufficient cause for non-payment be not shown to the satisfaction of the Deputy Collector or other officer as aforesaid, such officer may sell the thing detained, or, in the case of a boat, such part of the tackle or lading thereof, or, in the case of a raft or float, such part of the same as may be necessary for the recovery of the toll, and shall pay the overplus, if any, to the owner on demand.

Penalty for unlawful detention.

IV. Any person who, under color of this Act, shall unlawfully detain any boat, timber, raft, or float, or shall neglect, or without lawful excuse delay, to report the detention of any boat, timber, raft, or float, to the Deputy Collector or other officer as aforesaid, or shall demand or receive as toll any larger sum than is authorized by the

Schedule annexed to this Act, shall, on conviction before a Magistrate, or other officer exercising the powers of Magistrate, forfeit a sum not exceeding two hundred Rupees.

Government may authorize any person to carry out objects of Act.

V. For the purpose of carrying out the objects of this Act, the Lieutenant Governor of Bengal may authorize any public officer to cut any canal, clear and deepen any channel, stop any water-course, or take any other measures which may be judged necessary for making the river navigable as aforesaid, or may grant the like authority to any private person who may undertake to carry out those objects at his own expense; and may take possession, as for a public purpose, of any land that may be necessary for the execution of any of the above mentioned works, under the provisions of Regulation I of 1824, or of any Act that may hereafter be in force for taking possession of land for public purposes, whether the said works are to be executed at the expense of Government, or of such private person as aforesaid.

And may make a grant of the tolls.

VI. If the Lieutenant Governor shall grant authority to any private person to carry out the objects of this Act at his own expense, he may also make a grant of the said tolls to such person upon such conditions and for such a term as to the said Lieutenant Governor shall appear just and proper, and may authorize such person, or any person or persons employed by him, to collect the said tolls.

80. If no election of Auditors is made in manner aforesaid, the local Government may, on the application of one-fifth in number of the shareholders of the Company, appoint an Auditor for the current year, and fix the remuneration to be paid to him by the Company for his services.

81. Every Auditor shall be supplied with a copy of the balance-sheet, and it shall be his duty to examine the same, with the accounts and vouchers relating thereto.

82. Every Auditor shall have a list delivered to him of all books kept by the Company, and he shall at all reasonable times have access to the books and accounts of the Company; he may, at the expense of the Company, employ accountants or other persons to assist him in investigating such accounts, and he may in relation to such accounts examine the Directors or any other Officer of the Company.

83. The Auditors shall make a report to the shareholders upon the balance-sheet and accounts; and in every such report they shall state whether, in their opinion, the balance-sheet is a full and fair balance-sheet, containing the particulars required by these regulations, and properly drawn up so as to exhibit a true and correct view of the state of the Company's affairs; and in case they have called for explanations or information from the Directors, whether such explanations or information have been given by the Directors, and whether they have been satisfactory; and such report shall be read, together with the report of the Directors, at the ordinary meeting.

No. 55.

Fort William, Financial Department,
The 5th December 1856.

Notification.—The Right Hon'ble the Governor General of India in Council is pleased to direct the publication of the following letter in the *Official Gazette* for general information :—

No. 5346.

To

The Offg. Secy. to the Govt. of the N. W. P.
FINANCIAL DEPARTMENT.

SIR,

I am directed to acknowledge the receipt of your letter No. 12 B. dated the 11th ultimo, submitting for consideration and orders a letter, with enclosures, from Mr. ————, Magistrate and Collector of ————, relative to a retrenchment in his salary under the following circumstances :—

2. Mr. ———— applied on the 2nd July last, for fifteen days' leave under Sections XII. and XIII. of the Civil Absentee Rules from the 14th idem, or from such date as he might make over charge of his Office to the Joint Magistrate.

3. On the 11th idem, the leave was granted by the Government, North-Western Provinces, under Sections XII. and XIII., as requested by Mr. ————.

4. On the 22nd idem, the Civil Auditor represented that Mr. ———— was not entitled to the leave under the amended Section XII. published in the *Calcutta Gazette* of the 14th May last, observing that Mr. ————'s first instalment of leave (fifteen days under Section XII.) granted under Orders dated 7th June 1856, expired on the 10th idem, and that his claim to the remaining portion of indulgence leave would not therefore be admissible before the 10th December next.

5. Under these circumstances the leave in question was subsequently notified as one to be held as taken under Section XIV. of the Rules.

6. The Right Hon'ble the Governor General in Council is of opinion, however, that the leave granted to Mr. ————, on the 11th July last, may be allowed under the Rules without deduction. His Lordship in Council considers that the provisions of Section XII. noted in the margin, were intended to apply only to cases in which the leave applied for is *not in the same calendar year* as the last instalment of the previous leave. The *second* leave referred to in those provisions appears to His Lordship in Council to be clearly a second leave of one full month ; and His Lordship in Council does not consider that the provisions were ever intended to be applied to cases of *second instalments* of leave granted under Section XIII.

"No second leave can be granted under this Rule until the completion of eleven months from the expiration of the last leave, if taken at one time; or from the date of return from any sick leave, or until the completion of six months from the expiration of the last instalment of a leave, if it has been divided."

I have the honor to be, &c.,

Fort William, the 27th November 1856.

NOTICE is hereby given, that on Monday, the 12th January 1857, at the hour of eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for exportation by Sea, the under-mentioned quantity of Opium, the provision of 1855-56, subject to the following Conditions, *viz.* :—

Produce of Behar Agency Chests ..	2,540
Ditto of Benares ditto ditto ...	1,115
Total Chests ...	3,655

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M. and so on, until the whole of the remaining lots are disposed of, or if the quantity of 3,655 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot to contain five chests.

5. A deposit in a Promissory Note, either for 25 per cent. even money of the amount for which each lot is knocked down or for Rupees 1,000 at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room; and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's receipts, or by substitution of other public Securities of the Bengal Government on or before 4 o'clock of the afternoon of Saturday, the 17th January, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's receipts or deposit of other public Securities as aforesaid shall have been delivered in, shall be re sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale, under the last-mentioned Condition, if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of money, Sub-Treasurer's receipts or public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 17th January will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1857, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots or of a different number of lots or chests whether more or less, than the number of lots or chests originally required to be included in each Certificate or Order.

10. No Sub Treasurer's receipts or deposit of public Securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts or other Government Securities equal to 25 per cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided, always, that no lots shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, any number of lots of the same Agency. Opium to the extent of twenty-five lots and for the lots so purchased, the purchaser shall deposit for each lot 25 per cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per chest as that for which he purchased his first lot, provided, always, that there remain a sufficient

number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers together with samples of the Opium for sale will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue :—

No. 1—Certificate of the Opium now advertised for Sale.

No. 2—Report of the Examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue ; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage ; under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the following quantities, more or less, of Behar and Benares Opium of 1855-56, will be brought to Sale in the year 1857, on or about the dates specified below. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 43,905 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner ; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th.—" With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three hundred Chests herein before mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after Notice of the intended Sales shall have been published in the *Government Gazette.*"

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,
H. HOWE,
Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19¼′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49¼′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilots' Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour

SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE.

Latitude..... 16° 7′ 00″ N.
Longitude..... 94° 27′ 00″ E.

1st.—Vessels, of 14 feet draft and upwards, should, on no account, attempt the passage to the Westward of Negrais Island.

2nd.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1½ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3rd.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4th.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge f the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1½ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

Legislative Council.

The 6th December 1856.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 5th December 1856, and is hereby promulgated for general information:—

ACT No. XXII OF 1856.

An Act for establishing a Toll on Boats and Timber passing through the Kurratiya river in the district of Bogra.

Preamble.

WHEREAS it is expedient, with a view to afford facilities for the internal commerce of the Districts of Dinagepore, Rungpore, and Bogra, to adopt measures for the improvement of the navigation of that part of the Kurratiya river, which lies within the district of Bogra, and whereas any measure which may be adopted for this purpose will necessarily occasion a considerable outlay at the first, and an annual expense thereafter, and it is just and reasonable that, to defray the same, a moderate toll should be levied on all boats, timber, rafts, and floats, passing through or within such part of the said river; and whereas it is expedient to encourage individual enterprise, and the employment of private capital on works of public utility: It is enacted as follows:—

Tolls may be levied on the Kurratiya.

I. Tolls, at the rates specified in the Schedule annexed to this Act, may be levied on all boats, timber, rafts, and floats, passing through or within the aforesaid part of the Kurratiya river, at such stations or places as the Lieutenant Governor of Bengal may from time to time appoint. The said tolls shall be levied by such persons, and under such rules, as the said Lieutenant Governor may direct; and all such rules shall be duly notified in the English and Vernacular Gazettes for public information.

But not till measures have been taken for improving the navigation.

II. Provided that no such toll shall be levied until the Lieutenant Governor of Bengal shall be satisfied, by the report of a competent person, that effective measures have been taken to render the passage through the said part of the Kurratiya river navigable throughout the year. Provided, also, that the levy of the said tolls shall be continued only so long as the passage is kept so navigable.

Boats, &c., may be detained and sold for non-payment of toll.

III. Any person duly appointed or authorised to collect the said tolls may detain any boat, timber, raft, or float, for which the toll chargeable under this Act is not paid; and, on the report of such person, which report shall be made within twenty-four hours, the Deputy Collector of Bogra, or other public officer duly authorized by Government in that behalf, may publish a notice appointing a day for the sale of the same. At or after the time appointed by the notice, which shall not be less than fifteen days from the date of the publication thereof, if the toll be not paid, or sufficient cause for non-payment be not shown to the satisfaction of the Deputy Collector or other officer as aforesaid, such officer may sell the thing detained, or, in the case of a boat, such part of the tackle or lading thereof, or, in the case of a raft or float, such part of the same as may be necessary for the recovery of the toll, and shall pay the overplus, if any, to the owner on demand.

Penalty for unlawful detention.

IV. Any person who, under color of this Act, shall unlawfully detain any boat, timber, raft, or float, or shall neglect, or without lawful excuse delay, to report the detention of any boat, timber, raft, or float, to the Deputy Collector or other officer as aforesaid, or shall demand or receive as toll any larger sum than is authorized by the

Schedule annexed to this Act, shall, on conviction before a Magistrate, or other officer exercising the powers of Magistrate, forfeit a sum not exceeding two hundred Rupees.

Government may authorize any person to carry out objects of Act.

V. For the purpose of carrying out the objects of this Act, the Lieutenant Governor of Bengal may authorize any public officer to cut any canal, clear and deepen any channel, stop any water-course, or take any other measures which may be judged necessary for making the river navigable as aforesaid, or may grant the like authority to any private person who may undertake to carry out those objects at his own expense; and may take possession, as for a public purpose, of any land that may be necessary for the execution of any of the above mentioned works, under the provisions of Regulation I of 1824, or of any Act that may hereafter be in force for taking possession of land for public purposes, whether the said works are to be executed at the expense of Government, or of such private person as aforesaid.

And may make a grant of the tolls.

VI. If the Lieutenant Governor shall grant authority to any private person to carry out the objects of this Act at his own expense, he may also make a grant of the said tolls to such person upon such conditions and for such a term as to the said Lieutenant Governor shall appear just and proper, and may authorize such person, or any person or persons employed by him, to collect the said tolls.

7. The liquidators shall have all powers hereinbefore vested in official liquidators, and may exercise the same without the intervention of the Court.

8. All books, papers, and documents in the hands of the liquidators shall at all reasonable times be open to the inspection of the shareholders.

11. Such general meeting shall not enter upon any business except the consideration of the account; but the meeting may proceed to the consideration thereof, notwithstanding the quorum required by any regulation of the Company to be present at general meetings is not present thereat; and if, on consideration, the meeting is of opinion that the affairs of the Company have been fairly wound-up, they shall pass a resolution to that effect, and thereupon the liquidators shall publish a notice of such resolution in the manner specified in Section XCIII of this Act, and shall also make a return to the Registrar of Joint-Stock Companies of such resolution, and on the expiration of one month from the date of the registration of such return, the Company shall be deemed to be dissolved.

All costs, charges, and expenses properly incurred in the voluntary winding-up of a Company, including the remuneration of the liquidators, shall be payable out of the assets of the Company in priority to all other claims.

NOTICE is hereby given, that on Monday, the 12th January 1857, at the hour of eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for exportation by Sea, the under-mentioned quantity of Opium, the provision of 1855-56, subject to the following Conditions, *viz.* :—

Produce of Behar Agency Chests ..	2,540
Ditto of Benares ditto ditto ...	1,115
Total Chests ...	3,655

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M. and so on, until the whole of the remaining lots are disposed of, or if the quantity of 3,655 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot to contain five chests.

5. A deposit in a Promissory Note, either for 25 per cent. even money of the amount for which each lot is knocked down or for Rupees 1,000 at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room; and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's receipts, or by substitution of other public Securities of the Bengal Government on or before 4 o'clock of the afternoon of Saturday, the 17th January, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's receipts or deposit of other public Securities as aforesaid shall have been delivered in, shall be re sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale, under the last-mentioned Condition, if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of money, Sub-Treasurer's receipts or public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 17th January will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1857, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the *first* purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots or of a different number of lots or chests whether more or less, than the number of lots or chests originally required to be included in each Certificate or Order.

10. No Sub Treasurer's receipts or deposit of public Securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts or other Government Securities equal to 25 per cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a *maximum* upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided, always, that no lots shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, any number of lots of the same Agency Opium to the extent of twenty-five lots and for the lots so purchased, the purchaser shall deposit for each lot 25 per cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per chest as that for which he purchased his first lot, provided, always, that there remain a sufficient

number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers together with samples of the Opium for sale will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue :—

No. 1—Certificate of the Opium now advertised for Sale.

No. 2—Report of the Examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue ; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage ; under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the following quantities, more or less, of Behar and Benares Opium of 1855-56, will be brought to Sale in the year 1857, on or about the dates specified below. Article of the Convention above referred to.

Article 6th.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three hundred Chests herein before mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after Notice of the intended Sales shall have been published in the *Government Gazette*."

NOTIFICATION.

The Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication: or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,
H. HOWE,
Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS
FOR
APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2*nd*. False Point Light House is in latitude 20° 19¼′ North and longitude 86° 47′ East, and a Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3*rd*. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4*th*. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5*th*. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6*th*. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilots' Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7*th*. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8*th*. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9*th*. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Legislative Council.

The 13th December 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Honorable the Governor General on the 22nd November 1856, and is hereby promulgated for general information:—

ACT No. XXI OF 1856.

An Act to consolidate and amend the law relating to the Abkaree Revenue in the Presidency of Fort William in Bengal.

Preamble.

WHEREAS it is expedient that the laws relating to the manufacture of spirits and the sale of spirituous and fermented liquors and intoxicating drugs, and the collection of the revenue derived therefrom, should be consolidated and amended; It is enacted as follows:—

Regulations and Acts repealed.

I. Regulation II. 1802; Regulation X. 1813; Regulation XVII. 1814; Section XLI. and the following Sections of Regulation XIII. 1816; Regulation XI. 1818; Regulation VII. 1824, except the first five Clauses of Section XVIII and Sections XXIII and XXIV, and Regulation VIII. 1826, of the Bengal Code; and Act XXV of 1840, Act IX of 1841, and Act XXIII of 1848, are hereby repealed, except so far as they repeal the whole or part of any other Regulation or Act, and except as to acts done, offences committed, and liabilities incurred, before the passing of this Act.

Collectors of Land Revenue to have charge of the Abkaree Revenue.

II. The collection of the revenue arising from the manufacture of spirits, and the sale of spirits and spirituous and fermented liquors and intoxicating drugs, shall be ordinarily under the charge of the Collectors of Land Revenue, who shall perform the duties connected therewith under the control and direction of the Commissioners of Revenue, and of the Board of Revenue. But the Government may appoint any other person to be Superintendent of Abkaree Revenue in any district or place; and any person so appointed shall exercise in such district or place all the powers and authority vested by this Act or by Act XI of 1849 in the Collector of Land Revenue; and such powers and authority shall cease to be exercised in such district or place by the Collector of Land Revenue during the continuance of such appointment.

Government may appoint Commissioners of Abkaree.

III. The Government may also appoint a Commissioner or Commissioners for the control and direction of the Officers having charge of the Abkaree Revenue in any district or districts; and when such appointment is made, the Commissioner of Abkaree shall exercise within such district or districts the powers and authority vested by this Act or by Act III of 1856 in Commissioners of Revenue; and the Revenue Commissioner shall cease to exercise such powers and authority in the said district or districts during the continuance of such appointment.

Collectors may appoint Abkaree officers.

IV. Collectors may appoint darogahs, jemadars, peons, surveyors, gaugers, and other officers, for the collection of the Abkaree revenue and for the prevention of smuggling; and the officers so appointed shall, in addition to their ordinary designations, be styled Abkaree officers. In districts where there are tuhseeldars and other local officers for the collection of the Land Revenue, the office of Abkaree darogah may be united with that of tuhseeldar, naib tuhseeldar, or peshkar; and in such cases the tuhseeldar, naib tuhseeldar, or peshkar, and the officers subordinate to him, shall be held and deemed to be Abkaree officers within the meaning of this Act.

Tuhseeldars may be Abkaree darogahs.

English distilleries not to be constructed or worked without license.

V. It shall not be lawful for any person to construct or work a distillery after the manner in which distilleries are constructed and worked in England, without a license under the signature of the Collector of the district in which such distillery is situated, or in case the distillery is within twenty miles of Calcutta or such other distance less than twenty miles as may from time to time be prescribed by the Lieutenant Governor of Bengal, under the signature of the Collector of Calcutta.

Board of Revenue to prescribe rules for regulating English distilleries.

VI. The Board of Revenue, with the sanction of Government, may prescribe such rules relative to the granting of licenses under the preceding Section, to the notices to be given by the proprietor of a licensed distillery when he commences and discontinues work, to the size and description of the stills, to the passing and storing of the spirits, to the inspection and examination of the distillery and warehouses, and of the spirits manufactured and stored therein, and to the furnishing of statements and lists of such spirits, and of the stills, coppers, casks, and other utensils used in the distillery, as may from time to time be judged expedient.

Rate of duty to be levied on spirits

VII. A duty shall be levied on spirits manufactured at distilleries worked according to the English method at the rate of one rupee the imperial gallon of the strength of London-proof, to be augmented or reduced in proportion to the strength of the spirit. No spirit shall be removed from any such distillery, or the warehouses connected therewith, upon which the aforesaid duty has not been paid, or for the duty chargeable on which a bond has not been executed as hereinafter provided; and for all spirits removed upon payment of duty or under bond passes shall be issued by the Collector, which shall specify the quantity and strength of the spirit, the place of its destination, the person to whom it is consigned, and whether the duty has been paid or secured by bond.

Drawback on exportation.

VIII. A drawback of the duty paid as above on spirits manufactured after the English method, and exported by sea in the manner hereinafter prescribed, to any port not subject to the Government of the East India Company, or to any port in the Settlement of Prince of Wales Island, Singapore, and Malacca, or to the Port of Aden, shall be allowed by the Collector of Customs at the port of exportation. Provided always, that the exportation shall be made within one year from the date of the payment of duty under this Act, and that the spirits, when brought to the Custom House, shall be accompanied by the pass in which such payment is certified.

Spirits may be removed for exportation under bond.

IX. Spirits may be removed from any licensed distillery for exportation as aforesaid without payment of duty, under such rules and restrictions as may be from time to time prescribed by the Board of Revenue, on the person removing them executing a bond, with one or more sureties, to the East India Company in the form hereunto annexed, for the payment of the prescribed duty upon such portion of the said spirits as may not be exported within four months from the date of the bond. Provided, however, that it shall be lawful for the Collector, with the sanction of the Commissioner, on sufficient cause shown, to extend the period allowed for the exportation of the spirits for a further term of four months.

Rules to be observed in the exportation of spirits.

X. Spirits brought to the Custom House for exportation by sea shall, previous to shipment, be gauged and proved by an officer of the Customs. The amount of drawback to be allowed upon spirits for which duty has been paid shall be regulated according to the strength and quantity of the said spirits as ascertained by such proof and gauge; and the quantity of spirits, for which credit is to be given in the settlement of any bond, shall be determined in the same manner. Spirits under bond shall be taken from the distillery direct to the Custom House, under passes to be granted for that purpose by the Collector.

Duty to be recovered on any deficiency in spirits under bond.

XI. When spirits are passed from a distillery under bond, duty shall be recoverable upon any difference between the quantity of spirits so passed from the distillery and the quantity ascertained by gauge and proof at the Custom House, less such allowance for ullage and leakage as may be prescribed by the Board of Revenue.

Spirits intended for exportation may be removed for local consumption

XII. Spirits brought to the Custom House under bond for exportation, may nevertheless be removed for local consumption under passes to be granted for that purpose by the Collector of Revenue, upon payment of the prescribed duty on the quantity so removed; and credit for such payment shall be given on the settlement of the bond.

Recovery of sums due under bond

XIII. Any sum which may remain due to Government upon the settlement of a bond executed according to the provisions of this Act, may be recovered by any process which is or may be in force for the recovery of arrears of revenue due from farmers of land or their sureties, or by suit on the bond in any Court of competent jurisdiction.

Spirits how to be shipped.

XIV. No drawback shall be allowed on any duty-paid spirits, nor shall the duty due on any spirits under bond be remitted, unless the spirits shall be shipped from the Custom House, and upon a vessel to which a Custom House Officer has been appointed to superintend the receipt of export cargo. Spirits shipped for exportation shall not be re-landed without a special pass from the Collector of Revenue in addition to the usual order of the Collector of Customs.

Spirits shipped for exportation not to be re-landed

No drawback on spirits exported to Indian ports or shipped as stores

XV. No drawback shall be allowed on spirits exported to any port subject to the Government of the East India Company, other than the ports mentioned in Section VIII of this Act, or on spirits shipped as stores; nor shall spirits under bond be so exported or shipped without payment of the duty prescribed by this Act.

Rum shrub, &c., how to be charged with duty—may be exported under the same rules as spirits.

XVI. Rum shrub, cordials, and other liquors, prepared in a licensed distillery under the supervision of the surveyor or officer in charge of the distillery, shall be charged with duty according to the quantity of spirit used in the preparation; and all the provisions contained in this Act respecting spirits manufactured after the English method, except such as relate to gauge and proof, shall be applicable to such liquors. When any such liquors are removed for exportation without payment of duty, the bonds to be executed by the persons removing them shall be in the annexed form.

Distilleries within twenty miles of Calcutta to be under the Collector of Calcutta.

XVII. All licensed distilleries constructed and worked after the English method, and situated within twenty miles of Calcutta or such other distance less than twenty miles as may from time to time be prescribed by the Lieutenant-Governor of Bengal, shall be under the superintendence and control of the Collector of Calcutta, who shall exercise, with respect to such distilleries and to the spirits manufactured therein, all the powers vested in Collectors by this Act; and the Collectors of districts in which any such distilleries are situated shall have no jurisdiction with respect to such distilleries.

Penalty for constructing or working a distillery or collecting materials without license.

XVIII. Every person who shall construct or work a distillery after the English method, without a license from the Collector, shall forfeit for every such offence a sum not exceeding one thousand Rupees; and all spirits manufactured at any such distillery, and all materials and implements collected for the purpose of such manufacture, shall be liable to confiscation.

Penalty for non-observance of rules prescribed by Board of Revenue.

XIX. Every proprietor or manager of a licensed distillery, constructed and worked after the English method, who shall omit to furnish any notice or any statement or list required by the rules prescribed by the Board of Revenue under Section VI of this Act, or shall wilfully do any thing in contravention of the said rules, shall forfeit for every such offence a sum not exceeding two hundred Rupees; and if any such offence be committed a second time with respect to the same distillery, the license granted for the working of such distillery may be withdrawn by the Collector.

Penalty for removing spirituous liquors without payment of duty.

XX. Every person who shall remove or attempt to remove from any licensed distillery constructed and worked after the English method, any spirituous liquors upon which the duty has not been paid, or for the duty on which a bond has not been executed, or any spirituous liquors for which a pass has not been issued by the Collector, shall forfeit for every such offence a sum not exceeding one thousand Rupees; and the liquors, together with the vessels containing the same and the animals and conveyances used in carrying them, shall be liable to confiscation. 1. No person shall be deemed to have accepted any share in the Company unless he has testified his acceptance thereof by writing under his hand, in such form as the Company from time to time directs.

2. The Company may from time to time make such calls upon the shareholders in respect of all monies unpaid on their shares as they think fit, provided that twenty-one days' notice at least is given of each call, and each shareholder shall be liable to pay the amount of calls so made to the persons and at the times and places appointed by the Company.

3. A call shall be deemed to have been made at the time when the resolution authorizing such call was passed.

4. If before or on the day appointed for payment any shareholder does not pay the amount of any call to which he is liable, then such shareholder shall be liable to pay interest for the same at the rate of 5 per cent. per annum from the day appointed for the payment thereof to the time of the actual payment.

5. 9. If such certificate is worn-out or lost, it may be renewed, on payment of such sum, not exceeding eight annas, as the Company may prescribe.

10. The transfer books shall be closed during the fourteen days immediately preceding the ordinary general meeting in each year.

13. Any person who has become entitled to a share in any way other than by transfer may, instead of being registered himself, elect to have some person to be named by him registered as a holder of such share.

14. The person so becoming entitled shall testify such election by executing to his nominee a tranfer of such share.

15. The instrument of transfer shall be presented to the Company accompanied with such evidence as they may require to prove the title of the transferror, and thereupon the Company shall register the transferree as a shareholder.

17. The notice shall name a further date, and a place or places being a place or places at which calls of the Company are usually made payable, on and at which such call is to be paid: it shall also state that, in the event of non-payment at the time and place appointed, the shares in respect of which such call was made will be liable to be forfeited.

18. If the requisitions of any such notice as aforesaid are not complied with, any share in respect of which such notice has been given may be forfeited by a resolution of the Directors to that effect.

19. Any shares so forfeited shall be deemed to be the property of the Company, and may be disposed of in such manner as the Company thinks fit.

20. Any shareholder whose shares have been forfeited shall, notwithstanding, be liable to pay to the Company all calls owing upon such shares at the time of the forfeiture.

Increase in Capital.

21. The Company may, with the sanction of the Company previously given in general meeting, increase its capital.

22. Any capital raised by the creation of new shares shall be considered as part of the original capital, and shall be subject to the same provisions in all respects, whether with reference to the payment of calls, or the forfeiture of shares on non-payment

of calls, or otherwise, as if it had been part of the original capital.

GENERAL MEETINGS.

23. The first general meeting shall be held at such time not being more than twelve months after the incorporation of the Company, and at such place as the Directors may determine.

24. Subsequent general meetings shall be held at such time and place as may be prescribed by the Company in general meeting; and if no other time or place is prescribed, a general meeting shall be held on the day of in every year, at such place as may be determined by the Directors.

27. Any requisition so made by the shareholders shall express the object of the meeting proposed to be called, and shall be left at the registered office of the Company.

28. Upon the receipt of such requisition the Directors shall forthwith proceed to convene a general meeting: if they do not proceed to convene the same within twenty-one days from the date of the requisition, the requisitionists, or any other shareholders holding the required number of shares, may themselves convene a meeting.

29. Seven days' notice at the least, specifying the place, the time, the hour of meeting, and the purpose for which any general meeting is to be held, shall be given by advertisement, or in such other manner, if any, as may be prescribed by the Company.

31. The notice required of a shareholder shall be given by leaving a copy of the resolution at the registered office of the Company.

32. No business shall be transacted at any meeting, except the declaration of a dividend, unless a quorum of shareholders is present at the commencement of such business and such quorum shall be ascertained as follows; (that is to say) if the shareholders belonging to the Company at the time of the meeting do not exceed ten in number, the quorum shall be five; if they exceed ten, there shall be added to the above quorum one for every five additional shareholders up to fifty, and one for every ten additional shareholders after fifty, with this limitation, that it shall not be necessary for any quorum in any case to exceed forty.

33. If within one hour from the time appointed for the meeting the required number of shareholders is not present, the meeting, if convened upon the requisition of shareholders, shall be dissolved: in any other case it shall stand adjourned to the following day at the same time and place; and if at such adjourned meeting the required number of shareholders is not present, it shall be adjourned *sine die*.

34. The Chairman (if any) of the Board of Directors shall preside as Chairman at every meeting of the Company.

37. At any general meeting, unless a poll is demanded by at least five shareholders, a declaration by the Chairman that a resolution has been carried, and an entry to that effect in the book of proceedings of the Company, shall be sufficient evidence of the fact, without proof of the number or proportion of the votes recorded in favor of or against such resolution.

38. If a poll is demanded in manner aforesaid, the same shall be taken in such manner as the Chairman directs; and the result of such poll shall be deemed to be the resolution of the Company in general meeting.

VOTES OF SHAREHOLDERS.

39. Every shareholder shall have one vote for every share up to ten; he shall have an additional vote for every five shares beyond the first ten shares up to one hundred, and an additional vote for every ten shares held by him beyond the first hundred shares.

40. If any shareholder is a lunatic or idiot, he may vote by his Committee, and if any shareholder is a minor, he may vote by his guardian, or any one of his guardians if more than one.

41. If more persons than one are jointly entitled to a share or shares, the person whose name stands first in the Register of shareholders as one of the holders of such share or shares, and no other, shall be entitled to vote in respect of the same.

42. No shareholder shall be entitled to vote at any meeting unless all calls due from him have been paid, nor until he shall have been possessed of his shares three calendar months, unless such shares shall have been acquired or shall have come by bequest, or by marriage, or by succession to an intestate's estate, or by any deed of settlement after the death of any person who shall have been entitled for life to the dividends of such shares.

43. Votes may be given either personally or by proxies: a proxy shall be appointed in writing under the hand of the appointor, or, if such appointor is a corporation, under their common seal.

44. No person shall be appointed a proxy who is not a shareholder, and the instrument appointing him shall be deposited at the registered Office of the Company not less than forty-eight hours before the time of holding the meeting at which he proposes to vote; but no instrument appointing a proxy shall be valid after the expiration of one month from the date of its execution.

DIRECTORS.

45. The number of the Directors, and the names of the first Directors, shall be determined by the subscribers of the memorandum of association.

46. Until Directors are appointed, the subscribers of the memorandum of association shall for all the purposes of this Act be deemed to be Directors.

POWERS OF DIRECTORS.

47. The business of the Company shall be managed by the Directors, who may exercise all such powers of the Company as are not by this Act, or by the articles of association, if any, declared to be exercisable by the Company in general meeting, subject nevertheless to any regulations of the articles of association, to the provisions of this Act, and to such regulations, not being inconsistent with the aforesaid regulations or provisions, as may be prescribed by the Company in general meeting; but no regulation made by the Company in general meeting shall invalidate any prior act of the Directors which would have been valid if such regulation had not been made.

DISQUALIFICATION OF DIRECTORS.

48. The office of Director shall be vacated,

If he holds any other office or place of profit under the Company;

If he becomes bankrupt or insolvent;

If he is concerned in or participates in the profits of any contract with the Company;

If he participates in the profits of any work done for the Company:

But the above rules shall be subject to the following exceptions: that no Director shall vacate his office by reason of his being a shareholder in any incorporated Company, which has entered into contracts with or done any work for the Company of which he is Director; nevertheless he shall not vote in respect of such contract or work; and if he does so vote, his vote shall not be counted, and he shall incur a penalty not exceeding Five hundred Rupees.

ROTATION OF DIRECTORS.

49. At the first ordinary meeting after the incorporation of the Company, the whole of the Directors shall retire from office; and at the first ordinary meeting in every subsequent year, one-third of the Directors for the time being, or if their number is not a multiple of three, then the number nearest to one-third, shall retire from office.

50. The one-third or other nearest number to retire during the first and second years ensuing the incorporation of the Company shall, unless the Directors agree among themselves, be determined by ballot: in every subsequent year the one-third or other nearest number who have been longest in office shall retire.

51. A retiring Director shall be re-eligible.

52. The Company at the general meeting at which any Directors retire in manner aforesaid shall fill up the vacated offices by electing a like number of persons.

53. If at any meeting at which an election of Directors ought to take place no such election is made, the meeting shall stand adjourned till the next day, at the same time and place; and if at such adjourned meeting no election takes place, the former Directors shall continue to act until new Directors are appointed at the first ordinary meeting of the following year.

54. The Company may from time to time, in general meeting, increase or reduce the number of Directors, and may also determine in what rotation such increased or reduced number is to go out of office.

55. Any casual vacancy occurring in the Board of Directors may be filled up by the Directors, but any person so chosen shall retain his office so long only as the vacating Director would have retained the same if no vacancy had occurred.

PROCEEDINGS OF DIRECTORS.

56. The Directors may meet together for the despatch of business, adjourn, and otherwise regulate their meetings as they think fit, and determine the quorum necessary for the transaction of business: questions arising at any meeting shall be decided by a majority of votes: in case of an equality of votes the Chairman, in addition to his original vote, shall have a casting vote; a Director may at any time summon a meeting of the Directors.

57. The Directors may elect a Chairman of their meetings and determine the period for which he is to hold office; but if no such Chairman is elected, or if at any meeting the Chairman is not present at the time appointed for holding the same, the Directors present shall choose some one of their number to be Chairman of such meeting.

58. The Directors may delegate any of their powers to Committees consisting of such member or members of their body as they think fit: any Committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on them by the Directors.

59. A Committee may elect a Chairman of their meetings: if no such Chairman is elected, or if he is not present at the time appointed for holding the same, the members present shall choose one of their number to be Chairman of such meeting.

60. A Committee may meet and adjourn as they think proper: questions at any meeting shall be determined by a majority of votes of the members present; and in case of an equal division of votes the Chairman shall have a casting vote.

61. All acts done by any meeting of the Directors, or of a Committee of Directors, or by any person acting as a Director, shall, notwithstanding that it be afterwards discovered that there was some defect in the appointment of any such Directors or persons acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such person had been duly appointed and was qualified to be a Director.

62. The Directors shall cause minutes to be made in books provided for the purpose,

1. Of all appointments of Officers made by the Directors;

2. Of the names of the Directors present at each meeting of Directors and Committees of Directors;

3. Of all orders made by the Directors and Committees of Directors; and,

4. Of all resolutions and proceedings of meetings of the Company, and of the Directors and Committees of Directors.

And any such minute as aforesaid, if signed by any person purporting to be the Chairman of any meeting of Directors, or Committee of Directors, shall be receivable in evidence without any further proof.

63. The Company, in general meeting, may, by a special resolution, remove any Director before the expiration of his period of office, and appoint another qualified person in his stead: the person so appointed shall hold office during such time only as the Director in whose place he is appointed would have held the same if he had not been removed.

DIVIDENDS.

64. The Directors may, with the sanction of the Company in general meeting, declare a dividend to be paid to the shareholders in proportion to their shares.

65. The Directors may, before recommending any dividend, set aside out of the profits of the Company such sum as they think proper as a reserved fund to meet contingencies, or for equalizing dividends, or for repairing, or maintaining the works connected with the business of the Company, or any part thereof; and the Directors may invest the sum so set apart as a reserved fund upon such securities as they, with the sanction of the Company, may select.

66. The Directors may deduct from the dividends payable to any shareholder all such sums of money as may be due from him to the Company on account of calls or otherwise.

67. Notice of any dividend that may have been declared shall be given to each shareholder, or sent by post or otherwise to his registered place of abode, and all dividends unclaimed for three years, after having been declared, may be forfeited by the Directors for the benefit of the Company.

68. No dividend shall bear interest as against the Company.

ACCOUNTS.

69. Once at the least in every year the Directors shall lay before the Company in general meeting a statement of the income and expenditure for the past year, made up to a date not more than three months before such meeting.

70. The statement so made shall show, arranged under the most convenient heads, the amount of gross income, distinguishing the several sources from which it has been derived, and the amount of gross expenditure distinguishing the expense of the establishment, salaries, and other like matters; every item of expenditure fairly chargeable against the year's income shall be brought into account, so that a just balance of profit and loss may be laid before the meeting; and in cases where any item of expenditure which may in fairness be distributed over several years has been incurred in any one year, the whole amount of such item shall be stated, with the addition of the reasons why only a portion of such expenditure is charged against the income of the year.

71. A balance-sheet shall be made out in every year, and laid before the general meeting of the Company; and such balance-sheet shall contain a summary of the property and liabilities of the Company arranged under the heads appearing in the Form annexed to this Table, or as near thereto as circumstances admit.

72. A printed copy of such balance-sheet shall, seven days previously to such meeting, be delivered at or sent by post to the registered address of every shareholder.

73. The accounts of the Company shall be examined, and the correctness of the balance-sheet ascertained by one or more auditor or auditors to be elected by the Company in general meeting.

74. If not more than one Auditor is appointed, all the provisions herein contained relating to Auditors shall apply to him.

75. The Auditors need not be shareholders in the Company: no person is eligible as an Auditor who is interested otherwise than as a shareholder in any transaction of the Company; and no Director or other Officer of the Company is eligible; during his continuance in office.

76 The election of Auditors shall be made by the Company at their ordinary meeting, or, if there are more than one, at their first ordinary meeting in each year.

77. The remuneration of the Auditors shall be fixed by the Company at the time of their election.

78. Any Auditor shall be re-eligible on his quitting office.

79. If any casual vacancy occurs in the office of Auditor, the Directors shall forthwith call an extraordinary general meeting for the purpose of supplying the same.

80. If no election of Auditors is made in manner aforesaid, the local Government may, on the application of one fifth in number of the shareholders of the Company, appoint an Auditor for the current year, and fix the remuneration to be paid to him by the Company for his services.

81. Every Auditor shall be supplied with a copy of the balance-sheet, and it shall be his duty to examine the same, with the accounts and vouchers relating thereto.

82. Every Auditor shall have a list delivered to him of all books kept by the Company, and he shall at all reasonable times have access to the books and accounts of the Company; he may, at the expense of the Company, employ accountants or other persons to assist him in investigating such accounts, and he may in relation to such accounts examine the Directors or any other Officer of the Company.

83. The Auditors shall make a report to the shareholders upon the balance-sheet and accounts; and in every such report they shall state whether, in their opinion, the balance-sheet is a full and fair balance-sheet, containing the particulars required by these regulations, and properly drawn up so as to exhibit a true and correct view of the state of the Company's affairs; and in case they have called for explanations or information from the Directors, whether such explanations or information have been given by the Directors, and whether they have been satisfactory, and such report shall be read, together with the report of the Directors, at the ordinary meeting.

CALCUTTA COLLECTORATE;
No. 2, Church Lane,
11th December 1856.

Notification.

Fort William, the 27th November 1856.

NOTICE is hereby given, that on Monday, the 12th January 1857, at the hour of eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for exportation by Sea, the under-mentioned quantity of Opium, the provision of 1855-56, subject to the following Conditions, *viz.* :—

Produce of Behar Agency Chests ..		2,540
Ditto of Benares	ditto ditto ...	1,115
Total Chests ...		3,655

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M. and so on, until the whole of the remaining lots are disposed of, or if the quantity of 3,655 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot to contain five chests.

5. A deposit in a Promissory Note, either for 25 per cent. even money of the amount for which each lot is knocked down or for Rupees 1,000 at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room; and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's receipts, or by substitution of other public Securities of the Bengal Government on or before 4 o'clock of the afternoon of Saturday, the 17th January, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's receipts or deposit of other public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of money, Sub-Treasurer's receipts or public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 17th January will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury receipt will be accepted in payment after 4 P. M of Tuesday, the 27th January 1857, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots or of a different number of lots or chests whether more or less, than the number of lots or chests originally required to be included in each Certificate or Order.

10. No Sub Treasurer's receipts or deposit of public Securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts or other Government Securities equal to 25 per cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided, always, that no lots shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, any number of lots of the same Agency Opium to the extent of twenty-five lots and for the lots so purchased, the purchaser shall deposit for each lot 25 per cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per chest as that for which he purchased his first lot, provided, always, that there remain a sufficient

number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers together with samples of the Opium for sale will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue :—

No. 1—Certificate of the Opium now advertised for Sale.

No. 2—Report of the Examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue ; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage ; under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the following quantities, more or less, of Behar and Benares Opium of 1855-56, will be brought to Sale in the year 1857, on or about the dates specified below. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 43,905 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner ; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th.—" With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three hundred Chests herein before mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after Notice of the intended Sales shall have been published in the *Government Gazette.*"

SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE

Latitude..... 16° 7′ 00″ N.
Longitude..... 94° 27′ 00″ E.

1*st*—Vessels, of 14 feet draft and upwards should, on no account, attempt the passage to the Westward of Negrais Island.

2*nd*—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1¼ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3*rd*—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4*th*—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1¼ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,

FORT WILLIAM, *Secretary.*
The 15th September 1856.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2*nd*. False Point Light House is in latitude 20° 19¼′ North and longitude 86° 47′ East, and a Buoy is placed in 21¼ fathoms on the Pilot's Ridge, in latitude 20° 49¼′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59¼ miles.

3*rd*. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4*th*. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5*th*. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6*th*. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilots' Ridge, North 63° 26′ East, true; and distant 32¼ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7*th*. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8*th*. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9*th*. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

CHARLES CASTOR & Co.

Calcutta, 1st December 1856.

PROCEEDINGS OF AN ADJOURNED GENERAL MEETING OF THE PROPRIETORS OF THE BANK OF BENGAL, HELD AT THE BANK, ON WEDNESDAY THE 10TH DECEMBER 1856.

MR. C. HUGH LUSHINGTON *in the Chair.*

The Chairman read the questions contained in the Notice addressed to the Directors of the Bank, dated the 3rd ultimo, signed by certain shareholders of the Bank, and representatives of shareholders, and the replies of the Directors thereto.

The following question was then proposed by Mr. George Ashburner, and seconded by Baboo Govind Chunder Dutt:—

That a month's previous notice be required for the consideration of all propositions to be submitted to any General Meeting of the Bank, involving an increase of the establishment of the Bank, or an appropriation of money for any purpose whatever, exceeding 1,500 Rupees per annum, or an alteration of the Bye-laws made by the proprietors of the Bank; and that the Secretary be directed to publish, in the *Government Gazette*, a copy of the propositions to be submitted at such General Meeting, for one month previous to the Meeting; and that Government be respectfully applied to, to alter the Charter of the Bank according to the terms of this Resolution.

Mr. George Brown moved as an amendment, that the words "an increase of the establishment of the Bank, or an appropriation of money for any purpose whatever, exceeding 1,500 Rupees per annum, or," and the words "and that Government be respectfully applied to, to alter the Charter of the Bank according to the terms of this Resolution" be omitted from this Resolution: also, that it be resolved—

That the Directors be allowed a discretionary power to sanction such contingent charges, and to appoint such extra establishment over and above the existing limit of outlay, as may from time to time appear to them absolutely necessary. Such increase to continue in force, until approved or disapproved by the Proprietors at the next ensuing General Meeting.

The amendment was seconded by Mr. H. Cowie, and carried.

Mr. Ashburner then proposed the following Resolution:—

That the Directors be required to publish half-yearly a Statement of the position of the Bank, showing the Profit and Loss, the Office charges in detail, the amount of each salary above 100 Rupees paid by the Bank, the bad debts made during the half-year, the Law Charges, the sums expended upon buildings and repairs, and a Statement of the balancing of the books together with any other information regarding the business of the Bank, which it may be desirable for the Proprietors to obtain.

The Resolution* was seconded by Baboo Kylash Chunder Dutt, and carried *nem. con.*

It was then proposed by Baboo Heeraloll Seal, seconded by Mr. Ashburner—

That the Directors be recommended, with a view to the next vacancy in the Secretaryship of the Bank, to consider whether a competent person for the situation may not be obtained from England with great advantage to the Bank. Such person to be fully acquainted, by practical experience, with the most improved systems of Banking and Bank Book-keeping in England or Scotland.

Upon which Mr. David Cowie moved as an amendment —

That the question suggested by Baboo Heeraloll Seal be left to the discretion of the Directors.

The amendment was seconded by Mr. J. H. Fergusson, and carried.

The following Resolution was then pronosed by Baboo Govind Chunder Dutt, and seconded by Mr. Ashburner :—

That the vote of the last Meeting of the Proprietors of the Bank, conferring a gratuity of Rupees 25 upon the Directors for each attendance, having been obtained without notice to the shareholders generally, and by a vote of only six shareholders to three, be rescinded, and the question of remuneration for the Directors (if required by the advocates of the measure) being a very peculiar one, be submitted for the decision of the shareholders generally, both absent and present, by a Circular Letter signed by the Secretary requesting their vote upon the point.

Mr. David Cowie moved as an amendment—

That this Meeting of Proprietors desire to record their satisfaction with the General Management of the affairs of the Bank under the present Directors and Secretary; their approval of the Resolution of the last General Meeting, which authorized a fee of 25 Rupees to each Director for his weekly attendance at the Board; and their opinion, that the means recently adopted by the Directors to trace certain long standing discrepancies in the Accounts of the Bank will prove amply satisfactory to the Proprietors and the Public.

The amendment was seconded by Mr. D. Mackinlay, and upon being put to the vote, was carried by a large majority, composed of the votes of ten proprietors present and thirteen votes by proxies from gentlemen resident in Calcutta, upon this special question.

A vote of thanks was then accorded to the Chairman, and the Meeting broke up

* It was understood that, in the event of any suggestions being hereafter submitted to Government by the Directors, for an alteration in the Charter Act of the Bank, the substance of the propositions contained in the second Resolution, and that part of the first Resolution proposed by Mr. Ashburner, which has been adopted by the Meeting, shall be included in the alterations to be proposed by the Directors.

Regulations and Acts repealed.

I. Regulation II. 1802; Regulation X. 1813; Regulation XVII. 1814; Section XLI and the following Sections of Regulation XIII. 1816; Regulation XI. 1818; Regulation VII. 1824, except the first five Clauses of Section XVIII and Sections XXIII and XXIV, and Regulation VIII. 1826, of the Bengal Code; and Act XXV of 1840, Act IX of 1841, and Act XXIII of 1848, are hereby repealed, except so far as they repeal the whole or part of any other Regulation or Act, and except as to acts done, offences committed, and liabilities incurred, before the passing of this Act.

Collectors of Land Revenue to have charge of the Abkaree Revenue.

II. The collection of the revenue arising from the manufacture of spirits, and the sale of spirits and spirituous and fermented liquors and intoxicating drugs, shall be ordinarily under the charge of the Collectors of Land Revenue, who shall perform the duties connected therewith under the control and direction of the Commissioners of Revenue, and of the Board of Revenue But the Government may appoint any other person to be Superintendent of Abkaree Revenue in any district or place; and any person so appointed shall exercise in such district or place all the powers and authority vested by this Act or by Act XI of 1849 in the Collector of Land Revenue; and such powers and authority shall cease to be exercised in such district or place by the Collector of Land Revenue during the continuance of such appointment.

Government may appoint Commissioners of Abkaree.

III. The Government may also appoint a Commissioner or Commissioners for the control and direction of the Officers having charge of the Abkaree Revenue in any district or districts; and when such appointment is made, the Commissioner of Abkaree shall exercise within such district or districts the powers and authority vested by this Act or by Act III of 1856 in Commissioners of Revenue; and the Revenue Commissioner shall cease to exercise such powers and authority in the said district or districts during the continuance of such appointment.

Collectors may appoint Abkaree officers.

IV. Collectors may appoint darogahs, jemadars, peons, surveyors, gaugers, and other officers, for the collection of the Abkaree revenue and for the prevention of smuggling; and the officers so appointed shall, in addition to their ordinary designations, be styled Abkaree Officers. In districts where there are tuhseeldars and other local officers for the collection of the Land Revenue, the office of Abkaree darogah may be united with that of tuhseeldar, naib tuhseeldar, or peshkar; and in such cases the tuhseeldar, naib tuhseeldar, or peshkar, and the officers subordinate to him, shall be held and deemed to be Abkaree officers within the meaning of this Act.

English distilleries not to be constructed or worked without license.

V. It shall not be lawful for any person to construct or work a distillery after the manner in which distilleries are constructed and worked in England, without a license under the signature of the Collector of the district in which such distillery is situated, or in case the distillery is within twenty miles of Calcutta, or such other distance less than twenty miles as may from time to time be prescribed by the Lieutenant Governor of Bengal, under the signature of the Collector of Calcutta.

Board of Revenue to prescribe rules for regulating English distilleries.

VI. The Board of Revenue, with the sanction of Government, may prescribe such rules relative to the granting of licenses under the preceding Section, to the notices to be given by the proprietor of a licensed distillery when he commences and discontinues work, to the size and description of the stills, to the passing and storing of the spirits, to the inspection and examination of the distillery and warehouses, and of the spirits manufactured and stored therein, and to the furnishing of statements and lists of such spirits, and of the stills, coppers, casks, and other utensils used in the distillery, as may from time to time be judged expedient.

Rate of duty to be levied on spirits.

VII. A duty shall be levied on spirits manufactured at distilleries worked according to the English method at the rate of one rupee the imperial gallon of the strength of London-proof, to be augmented or reduced in proportion to the strength of the spirit. No spirit shall be removed from any such distillery, or the warehouses connected therewith, upon which the aforesaid duty has not been paid, or for the duty chargeable on which a bond has not been executed as hereinafter provided; and for all spirits removed upon payment of duty or under bond passes shall be issued by the Collector, which shall specify the quantity and strength of the spirit, the place of its destination, the person to whom it is consigned, and whether the duty has been paid or secured by bond.

Drawback on exportation.

VIII. A drawback of the duty paid as above on spirits manufactured after the English method, and exported by sea, in the manner hereinafter prescribed, to any port not subject to the Government of the East India Company, or to any port in the Settlement of Prince of Wales' Island, Singapore, and Malacca, or to the Port of Aden, shall be allowed by the Collector of Customs at the port of exportation. Provided always, that the exportation shall be made within one year from the date of the payment of duty under this Act, and that the spirits, when brought to the Custom House, shall be accompanied by the pass in which such payment is certified.

Spirits may be removed for exportation under bond.

IX. Spirits may be removed from any licensed distillery for exportation as aforesaid without payment of duty, under such rules and restrictions as may be from time to time prescribed by the Board of Revenue, on the person removing them executing a bond, with one or more sureties, to the East India Company in the form hereunto annexed, for the payment of the prescribed duty upon such portion of the said spirits as may not be exported within four months from the date of the bond. Provided, however, that it shall be lawful for the Collector, with the sanction of the Commissioner, on sufficient cause shewn, to extend the period allowed for the exportation of the spirits for a further term of four months.

Rules to be observed in the exportation of spirits.

X. Spirits brought to the Custom House for exportation by sea, shall, previous to shipment, be gauged and proved by an officer of the Customs. The amount of drawback to be allowed upon spirits for which duty has been paid shall be regulated according to the strength and quantity of the said spirits as ascertained by such proof and gauge; and the quantity of spirits, for which credit is to be given in the settlement of any bond, shall be determined in the same manner. Spirits under bond shall be taken from the distillery direct to the Custom House, under passes to be granted for that purpose by the Collector.

Duty to be recovered on any deficiency in spirits under bond.

XI. When spirits are passed from a distillery under bond, duty shall be recoverable upon any difference between the quantity of spirits so passed from the distillery and the quantity ascertained by gauge and proof at the Custom House, less such allowance for ullage and leakage as may be prescribed by the Board of Revenue.

Spirits intended for exportation may be removed for local consumption.

XII. Spirits brought to the Custom House under bond for exportation, may nevertheless be removed for local consumption under passes to be granted for that purpose by the Collector of Revenue, upon payment of the prescribed duty on the quantity so removed; and credit for such payment shall be given on the settlement of the bond.

Recovery of sums due under bond.

XIII. Any sum which may remain due to Government upon the settlement of a bond executed according to the provisions of this Act, may be recovered by any process which is or may be in force for the recovery of arrears of revenue due from farmers of land or their sureties, or by suit on the bond in any Court of competent jurisdiction.

Spirits how to be shipped.

XIV. No drawback shall be allowed on any duty-paid spirits, nor shall the duty due on any spirits under bond be remitted, unless the spirits shall be shipped from the Custom House, and upon a vessel to which a Custom House Officer has been appointed to superintend the receipt of export cargo. Spirits shipped for exportation shall not be re-landed without a special pass from the Collector of Revenue in addition to the usual order of the Collector of Customs.

XV. No drawback shall be allowed on spirits exported to any port subject to the Government of the East India Company, other than the ports mentioned in Section VIII of this Act, or on spirits shipped as stores; nor shall spirits under bond be so exported or shipped without payment of the duty prescribed by this Act.

No. 185 *of* 1856.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

We forward herewith three copies of a Circular letter issued from the War Department, under date 24th September 1856, No. 1239, with its enclosed forms, granting compensation to Officers for Horses for which passages were not provided at the public expense on the return home of the Army from the East.

WAR DEPARTMENT, HORSE GUARDS,
24*th September* 1856.

SIR,

The Secretary of State for War, having had under consideration the question of granting compensation to Officers who were not provided with a free passage for their Horses on the return home of the Army from the East, has decided to allow Thirty Pounds per Horse (exclusive of bât animals) in lieu of such free passage, and to cover any loss sustained by Staff and Regimental Officers in disposing of their Chargers with reference to the General Order issued on the subject dated Head-Quarters, Sebastopol, 26th April last.

But in order that a general rule may prevail, and also to prevent the delay and inconvenience that would ensue from individual claims being forwarded to this Department unsupported by the necessary documents and certificates, I am directed to request that the following rules may be strictly adhered to :

Officers of the General Staff to prefer their claims through the Principal Officer of the Department to which they are attached ;

Officers of the Personal Staff, through the General on whose Staff they were employed ;

Majors of Brigade, through the General Officer to whose Brigade they were attached ;

Officers of the Medical, Purveying, and other Departments, through their respective Principal Officers ;

Chaplains, Officiating Clergymen, and those who held miscellaneous appointments, through the General to whose Division they were attached ;

Regimental Officers, through the Officers commanding their respective corps.

The General and other Officers to whom the Claims shall be thus sent are requested, after carefully examining them, and satisfying themselves that they are just, to embody them in the accompanying Form, and forward the same in duplicate to this Department, all necessary vouchers being attached, and Certificates duly signed.

Officers commanding Regiments of Cavalry and Infantry, and Corps of the Royal Artillery, &c., are not to include in their Returns any Officers who held Staff Appointments ; and I am to urge the necessity of full details, or, in their absence, of satisfactory explanations, being clearly given in each case, as otherwise delay in the settlement of all the claims submitted on the same Form will be the result.

I am to add, that compensation will be allowed only for the number of Horses (bât Horses excepted) for which, "with an Army in the Field," the issue of Forage is warranted by Regulation ; and it must be shown and certified that Horses were necessarily kept and actually foraged at the public expense within one month prior to the embarkation of the claimants.

It must furthermore be clearly proved, by Certificate from the proper Authorities in the East, who issued the Instructions for the embarkation of Horses, that those for which compensation is claimed were not provided with passages at the expense of Government.

I have the honor to be,

Sir,

Your obedient Servant,

B. HAWES.

To General and other Officers, Commanding,

NOTICE is hereby given, that on Monday, the 12th January 1857, at the hour of eleven o'Clock in the forenoon, will be put up to Sale, at the Exchange Rooms at Calcutta, and sold by Public Auction, for exportation by Sea, the under-mentioned quantity of Opium, the provision of 1855-56, subject to the following Conditions, *viz.* :—

Produce of Behar Agency Chests ..	2,540
Ditto of Benares ditto ditto ...	1,115
Total Chests ...	3,655

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M. and so on, until the whole of the remaining lots are disposed of, or if the quantity of 3,655 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot to contain five chests.

5. A deposit in a Promissory Note, either for 25 per cent. even money of the amount for which each lot is knocked down or for Rupees 1,000 at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room; and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's receipts, or by substitution of other public Securities of the Bengal Government on or before 4 o'clock of the afternoon of Saturday, the 17th January, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's receipts or deposit of other public Securities as aforesaid shall have been delivered in, shall be re sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale, under the last-mentioned Condition, if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of money, Sub-Treasurer's receipts or public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 17th January will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1857, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per cent. even money of the amount for which each lot is knocked down or Rupees 1,000 for each lot, or any public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots or of a different number of lots or chests whether more or less, than the number of lots or chests originally required to be included in each Certificate or Order.

10. No Sub Treasurer's receipts or deposit of public Securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject, at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts or other Government Securities equal to 25 per cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot: and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always, that no lots shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, any number of lots of the same Agency Opium to the extent of twenty-five lots and for the lots so purchased, the purchaser shall deposit for each lot 25 per cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per chest as that for which he purchased his first lot provided, always, that there remain a sufficient

number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account there of, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers together with samples of the Opium for sale will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue :—

No. 1—Certificate of the Opium now advertised for Sale.

No. 2—Report of the Examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue ; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. WEDNESDAY, DECEMBER 24, 1856.

Legislative Council.

The 13th December 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Honorable the Governor General on the 22nd November 1856, and is hereby promulgated for general information:—

ACT No. XXI OF 1856.

An Act to consolidate and amend the law relating to the Abkaree Revenue in the Presidency of Fort William in Bengal.

Preamble.

WHEREAS it is expedient that the laws relating to the manufacture of spirits and the sale of spirituous and fermented liquors and intoxicating drugs, and the collection of the revenue derived therefrom, should be consolidated and amended: It is enacted as follows:—

Regulations and Acts repealed.

I. Regulation II. 1802; Regulation X. 1813; Regulation XVII. 1814; Section XLI and the following Sections of Regulation XIII. 1816; Regulation XI. 1818; Regulation VII. 1824, except the first five Clauses of Section XVIII and Sections XXIII and XXIV, and Regulation VIII. 1826, of the Bengal Code; and Act XXV of 1840, Act IX of 1841, and Act XXIII of 1848, are hereby repealed, except so far as they repeal the whole or part of any other Regulation or Act, and except as to acts done, offences committed, and liabilities incurred, before the passing of this Act.

Collectors of Land Revenue to have charge of the Abkaree Revenue.

II. The collection of the revenue arising from the manufacture of spirits, and the sale of spirits and spirituous and fermented liquors and intoxicating drugs, shall be ordinarily under the charge of the Collectors of Land Revenue, who shall perform the duties connected therewith under the control and direction of the Commissioners of Revenue, and of the Board of Revenue. But the Government may appoint any other person to be Superintendent of Abkaree Revenue in any district or place; and any person so appointed shall exercise in such district or place all the powers and authority vested by this Act or by Act XI of 1849 in the Collector of Land Revenue; and such powers and authority shall cease to be exercised in such district or place by the Collector of Land Revenue during the continuance of such appointment.

Government may appoint Commissioners of Abkaree.

III. The Government may also appoint a Commissioner or Commissioners for the control and direction of the Officers having charge of the Abkaree Revenue in any district or districts; and when such appointment is made, the Commissioner of Abkaree shall exercise within such district or districts the powers and authority vested by this Act or by Act III of 1856 in Commissioners of Revenue; and the Revenue Commissioner shall cease to exercise such powers and authority in the said district or districts during the continuance of such appointment.

Collectors may appoint Abkaree officers.

IV. Collectors may appoint darogahs, jemadars, peons, surveyors, gaugers, and other officers, for the collection of the Abkaree revenue and for the prevention of smuggling; and the officers so appointed shall, in addition to their ordinary designations, be styled Abkaree officers. In districts where there are tuhseeldars and other local officers for the collection of the Land Revenue, the office of Abkaree darogah may be united with that of tuhseeldar, naib tuhseeldar, or peshkar; and in such cases the tuhseeldar, naib tuhseeldar, or peshkar, and the officers subordinate to him, shall be held and deemed to be Abkaree officers within the meaning of this Act.

Tuhseeldars may be Abkaree darogahs.

English distilleries not to be constructed or worked without license.

V. It shall not be lawful for any person to construct or work a distillery after the manner in which distilleries are constructed and worked in England, without a license under the signature of the Collector of the district in which such distillery is situated, or in case the distillery is within twenty miles of Calcutta, or such other distance less than twenty miles as may from time to time be prescribed by the Lieutenant Governor of Bengal, under the signature of the Collector of Calcutta.

Board of Revenue to prescribe rules for regulating English distilleries.

VI. The Board of Revenue, with the sanction of Government, may prescribe such rules relative to the granting of licenses under the preceding Section, to the notices to be given by the proprietor of a licensed distillery when he commences and discontinues work, to the size and description of the stills, to the passing and storing of the spirits, to the inspection and examination of the distillery and warehouses, and of the spirits manufactured and stored therein, and to the furnishing of statements and lists of such spirits, and of the stills, coppers, casks, and other utensils used in the distillery, as may from time to time be judged expedient.

Rate of duty to be levied on spirits.

VII. A duty shall be levied on spirits manufactured at distilleries worked according to the English method at the rate of one rupee the imperial gallon of the strength of London-proof, to be augmented or reduced in proportion to the strength of the spirit. No spirit shall be removed from any such distillery, or the warehouses connected therewith, upon which the aforesaid duty has not been paid, or for the duty chargeable on which a bond has not been executed as hereinafter provided; and for all spirits removed upon payment of duty or under bond passes shall be issued by the Collector, which shall specify the quantity and strength of the spirit, the place of its destination, the person to whom it is consigned, and whether the duty has been paid or secured by bond.

Drawback on exportation.

VIII. A drawback of the duty paid as above on spirits manufactured after the English method, and exported by sea, in the manner hereinafter prescribed, to any port not subject to the Government of the East India Company, or to any port in the Settlement of Prince of Wales' Island, Singapore, and Malacca, or to the Port of Aden, shall be allowed by the Collector of Customs at the port of exportation. Provided always, that the exportation shall be made within one year from the date of the payment of duty under this Act, and that the spirits, when brought to the Custom House, shall be accompanied by the pass in which such payment is certified.

Spirits may be removed for exportation under bond.

IX. Spirits may be removed from any licensed distillery for exportation as aforesaid without payment of duty, under such rules and restrictions as may be from time to time prescribed by the Board of Revenue, on the person removing them executing a bond, with one or more sureties, to the East India Company in the form hereunto annexed, for the payment of the prescribed duty upon such portion of the said spirits as may not be exported within four months from the date of the bond. Provided, however, that it shall be lawful for the Collector, with the sanction of the Commissioner, on sufficient cause shewn, to extend the period allowed for the exportation of the spirits for a further term of four months.

Rules to be observed in the exportation of spirits.

X. Spirits brought to the Custom House for exportation by sea, shall, previous to shipment, be gauged and proved by an officer of the Customs. The amount of drawback to be allowed upon spirits for which duty has been paid shall be regulated according to the strength and quantity of the said spirits as ascertained by such proof and gauge; and the quantity of spirits, for which credit is to be given in the settlement of any bond, shall be determined in the same manner. Spirits under bond shall be taken from the distillery direct to the Custom House, under passes to be granted for that purpose by the Collector.

Duty to be recovered on any deficiency in spirits under bond.

XI. When spirits are passed from a distillery under bond, duty shall be recoverable upon any difference between the quantity of spirits so passed from the distillery and the quantity ascertained by gauge and proof at the Custom House, less such allowance for ullage and leakage as may be prescribed by the Board of Revenue.

Spirits intended for exportation may be removed for local consumption.

XII. Spirits brought to the Custom House under bond for exportation, may nevertheless be removed for local consumption under passes to be granted for that purpose by the Collector of Revenue, upon payment of the prescribed duty on the quantity so removed; and credit for such payment shall be given on the settlement of the bond.

Recovery of sums due under bond.

XIII. Any sum which may remain due to Government upon the settlement of a bond executed according to the provisions of this Act, may be recovered by any process which is or may be in force for the recovery of arrears of revenue due from farmers of land or their sureties, or by suit on the bond in any Court of competent jurisdiction.

Spirits how to be shipped.

XIV. No drawback shall be allowed on any duty-paid spirits, nor shall the duty due on any spirits under bond be remitted, unless the spirits shall be shipped from the Custom House, and upon a vessel to which a Custom House Officer has been appointed to superintend the receipt of export cargo. Spirits shipped for exportation shall not be re-landed without a special pass from the Collector of Revenue in addition to the usual order of the Collector of Customs.

Spirits shipped for exportation not to be re-landed.

No drawback on spirits exported to Indian ports or shipped as stores.

XV. No drawback shall be allowed on spirits exported to any port subject to the Government of the East India Company, other than the ports mentioned in Section VIII of this Act, or on spirits shipped as stores; nor shall spirits under bond be so exported or shipped without payment of the duty prescribed by this Act.

XVI. Rum shrub, cordials, and other liquors, prepared in a licensed distillery under the supervision of the surveyor or officer in charge of the distillery, shall be charged with duty according to the quantity of spirit used in the preparation; and all the provisions contained in this Act respecting spirits manufactured after the English method, except such as relate to gauge and proof, shall be applicable to such liquors. When any such liquors are removed for exportation without payment of duty, the bonds to be executed by the persons removing them shall be in the annexed form.

Rum shrub, &c., how to be charged with duty—may be exported under the same rules as spirits.

XVII. All licensed distilleries constructed and worked after the English method, and situated within twenty miles of Calcutta or such other distance less than twenty miles as may from time to time be prescribed by the Lieutenant-Governor of Bengal, shall be under the superintendence and control of the Collector of Calcutta, who shall exercise, with respect to such distilleries and to the spirits manufactured therein, all the powers vested in Collectors by this Act; and the Collectors of districts in which any such distilleries are situated shall have no jurisdiction with respect to such distilleries.

Distilleries within twenty miles of Calcutta to be under the Collector of Calcutta.

XVIII. Every person who shall construct or work a distillery after the English method, without a license from the Collector, shall forfeit for every such offence a sum not exceeding one thousand Rupees; and all spirits manufactured at any such distillery, and all materials and implements collected for the purpose of such manufacture, shall be liable to confiscation.

Penalty for constructing or working a distillery or collecting materials without license.

XIX. Every proprietor or manager of a licensed distillery, constructed and worked after the English method, who shall omit to furnish any notice or any statement or list required by the rules prescribed by the Board of Revenue under Section VI of this Act, or shall wilfully do any thing in contravention of the said rules, shall forfeit for every such offence a sum not exceeding two hundred Rupees; and if any such offence be committed a second time with respect to the same distillery, the license granted for the working of such distillery may be withdrawn by the Collector.

Penalty for non-observance of rules prescribed by Board of Revenue.

XX. Every person who shall remove or attempt to remove from any licensed distillery constructed and worked after the English method, any spirituous liquors upon which the duty has not been paid, or for the duty on which a bond has not been executed, or any spirituous liquors for which a pass has not been issued by the Collector, shall forfeit for every such offence a sum not exceeding one thousand Rupees; and the liquors, together with the vessels containing the same and the animals and conveyances used in carrying them, shall be liable to confiscation. If it shall appear to the Collector that the offence was committed with the consent or knowledge of the proprietor or manager, the license granted for the construction and working of the distillery from which such liquors have been removed or attempted to be removed, may be withdrawn.

Penalty for removing spirituous liquors without payment of duty.

XXI. Every person who shall re-land, or attempt to re-land, any spirituous liquors shipped for exportation, without a special pass from the Collector of Revenue at the place of exportation, shall forfeit for every such offence a sum not exceeding five hundred Rupees; and the liquors, together with the casks and vessels containing the same, and the carts, boats, and animals employed in carrying them, shall be liable to confiscation.

Penalty for irregular re-land of spirituous liquors.

XXII. Spirituous liquors manufactured at the foreign settlement of Chandernagore, or at any other place in India beyond the limits of the Company's territories, shall, on passing the limits of the Company's territories subject to this Act, be charged with the duty prescribed for proof spirits in Section VII of this Act: and any person who may be found in possession of any such liquors, without a pass from the Collector certifying the payment of such duty, shall forfeit for every such offence a sum not exceeding two hundred Rupees; and the liquors, together with the vessels containing the same, and the animals and conveyances used in carrying them, shall be liable to confiscation.

Clerk of the Council.

Legislative Council.

The 20th December 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Honorable the Governor General on the 19th December 1856, and is hereby promulgated for general information:—

ACT. No. XXIV OF 1856.

An Act to provide for the dissolution of the Bengal Mariners' and General Widows' Fund Society, and the distribution of the funds belonging thereto.

Preamble.

WHEREAS, by articles of agreement dated the 12th day of May 1820, a Society was established for raising a Fund called "The Bengal Mariners' and General Widows' Fund," the interest, dividends, and proceeds of which Fund are thereby directed to be applied in making provision at certain specified rates for the widows and children of the subscribers or their nominees; and it is thereby declared that such provision shall be made solely out of the interest and dividends of the said Fund: and whereas a petition has been presented to the Legislative Council by certain directors, members and beneficiaries of the Society, stating that the said interest, dividends, and proceeds have for many years been insufficient to make the provision intended by the articles of agreement, and that the reduction of the pensions is so great as to amount to a disappointment of the expectations of the founders of the Fund, and virtually a failure to accomplish the object of the Fund; and praying that an Act may be passed to wind up the affairs of the said Society: and whereas no provision is made in the deed for the dissolution of the said Society and the distribution of the Funds belonging thereto, and it is expedient to make provision for the same by law: It is enacted as follows:—

Supreme Court, on petition, may make order for dissolving the Society and winding up the affairs of the Fund.

I. On the petition to the Supreme Court of Judicature at Fort William in Bengal, of a majority of the Directors of the said Bengal Mariners' and General Widows' Fund, or of any ten Members of the Society and Pensionaries on the said Fund, praying for the dissolution of the said Society, and the winding up of the affairs of the said Fund, it shall be lawful for the said Supreme Court to make order for the same on the said petition, as fully as if the petitioners proceeded by Information or Bill, and as if there were parties defendants: and as fully as if the Deed of the said Society provided for the winding up of the said Fund: and it shall be lawful for the said Court to make order for ascertaining and declaring the rights which attach on the said Fund, and for taking the accounts of the said Fund, and for the apportionment, division, and distribution of the said Fund; and for the ascertainment of the nature and number of the different claims on the said Fund, and of the persons having or entitled to make the said claims: and for the payment of the proper costs of the Directors of the said Society, and of all parties conducting or otherwise concerned in the matter of the said petition and subsequent proceedings for winding up the said Fund.

Employment of accountant or actuary.

II. It shall be lawful for the Court, in such way as they may think fit, to obtain the assistance of an accountant or actuary the better to enable the Court to determine any matter relating to the division and distribution of the Fund, and to act upon the certificate of such person; and in case it shall be deemed necessary to make any reference to the Master in Equity of the said Court in the matter of such petition, it shall be lawful for the said Court to order that the Master in Equity shall be at liberty in like manner to obtain the assistance of an accountant or actuary.

Court may order payment to persons consenting to commute their pensions.

III. In the cases of pensioners or persons entitled to become pensioners, who shall consent to commute their pensions, it shall be lawful for the Court to order that the amounts to be paid in commutation shall

be settled, invested, or paid, in such manner as will give the several persons therein interested the full benefit thereof.

A sufficient sum to be set apart for payment of uncommuted pensions.

IV. In the cases of pensioners or persons entitled to become pensioners, who shall refuse to commute their pensions, it shall be lawful for the Court to order a sufficient sum to be set apart out of the said Fund to provide for the due payment of such pensions. The said Court may also sanction and give effect to any arrangement which it may deem just and sufficient for the future payment of any commuted sum or uncommuted pensions, by any Life Insurance Company willing to undertake the payment of such pensions.

Guardians of minors.

V. The guardians of minors, pensioners, and of minors, if any, entitled to become pensioners on the said Fund, shall have full power and authority to consent on their behalf to commute the pensions of the minors for a fixed sum: and the said Court shall have full power and authority to give effect to such consent, and to make such order as the said Court may deem just for the application of the said commuted sum for the future benefit of the infant; and if there be no guardian, the mother, during her widowhood, may act as guardian, unless the Court shall otherwise order; and, if necessary, the Court may appoint a guardian for any minor.

Application, for the benefit of pensioners, of funds not awarded to members, or representatives of deceased members.

VI. In dividing and distributing the funds of the Society, every part thereof which shall not be awarded by the Court to members or representatives of deceased members, may, if the Court shall think fit, be applied for the benefit of pensioners or persons entitled to become pensioners, whether they shall consent to commute their interests or not.

Court may order payment of dividend out of probable surplus.

VII. With a view to expedite the distribution of the surplus of the said Fund, over and above what may probably be necessary to provide for the pensions, the said Court shall have full power and authority at any time to order payment of a dividend of the said probable surplus, to the persons entitled to the same, although the exact surplus and the exact amount of charges may not then be ascertained.

Proceedings for bringing in claimants.

VIII. For the purpose of winding up the said Fund, and finally closing the accounts thereof, the like proceedings shall be had for the bringing in of claimants on the said Fund, as in ordinary administration suits for bringing in creditors and other persons; and claimants being pensioners, or entitled to be pensioners, who may neglect to come in, in a due course, or within the time limited for that purpose, shall be deemed to have consented to commute their pensions; and a final distribution may be made of the said Fund.

Clerk of the Council.

The schedule shall be filled up in writing, and signed, and dated, and returned to the office of the Commissioners by every person to whom it is sent, whether or not liable to the payment of such taxes; and whoever refuses, neglects, or omits, duly to fill up and return such schedule within one week from the receipt thereof, or knowingly gives therein any incorrect or false return, shall be liable, on conviction before a Magistrate, to a penalty not exceeding two hundred Rupees.

If the bill be for any tax, it shall also contain a notice of the time within which an appeal against such tax may be preferred.

Notice of demand.

XXI. If the bill is not paid by the person liable to pay the same within five days from the presentation thereof, the Commissioners may cause to be served upon such person a notice of demand in the form (A) contained in the Schedule to this Act, or to the like effect; and if he shall not, within five days from the service of such notice of demand, pay the sum due, or show sufficient cause for non-payment of the same to the satisfaction of the Commissioners, and if no appeal shall have been preferred, such sum with all costs may be levied by distress and sale of the goods and chattels of the defaulter, or if the defaulter be the occupier of any house, building, or land in respect of which a rate is due, by distress and sale of any goods and chattels found on the premises, under a warrant in the form (B) in the Schedule, or to the like effect, to be issued for that purpose by the Commissioners.

Distress.

Inventory—notice of distress.

XXII. The officer charged with the execution of the warrant of distress shall make an inventory of the goods and chattels seized under any such warrant, and shall at the same time give a notice in writing, in the form (C) contained in the Schedule annexed to this Act, to the person in possession thereof at the time of the seizure, that the said goods and chattels will be sold as therein mentioned.

XXV. If the sum due on account of any rate from the owner of any house, building, or land remains unpaid, after notice of demand has been duly served, the Commissioners may demand the amount from the occupier for the time being

of such house, building, or land, and on non-payment thereof, may recover the same by distress and sale of any goods and chattels found on the premises; and, in such case, the occupier may deduct from the next and following payments of his rent the amount which may be so paid by or recovered from him. Provided that no arrear of rate which has remained due from the owner of any house, building, or land, for more than one year, shall be so recovered from the occupier thereof.

Distress not unlawful for want of form.

XXVI. No distress levied by virtue of this or the special Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser, on account of any defect or want of form in the notice, schedule, summons, notice of demand, warrant of distress, inventory, or other proceeding relating thereto, nor shall such party be deemed a trespasser *ab initio* on account of any irregularity afterwards committed by him; but all persons aggrieved by such irregularity, may recover full satisfaction for the special damage in any Court of competent jurisdiction.

Commissioners may sue instead or on failure of distress.

XXVIII. Every notice, schedule, summons, or notice of demand regarding any assessment, rate, or tax, or any money due in respect of the same, may be served personally upon the person to whom the same is addressed, or be left at his usual place of abode with some adult male member or servant of his family, or, if it cannot be so served, may be put up on some conspicuous part of such place of abode, and shall thereby be deemed to be duly served. Provided that, if the place of abode of the owner of any house, building, or land in respect of which a rate is assessed be unknown, or if the owner of any such house, building, or land be not resident within the limits of the Town or Station, every such notice, summons, or notice of demand shall be deemed to be duly served if put upon some conspicuous part of the house, building, or land in respect of which the rate is assessed.

Proviso.

Assessment, &c., not to be impeached for want of form.

XXIX. No assessment and no charge or demand of rate or tax, made under the authority of this or the special Act, shall be impeached or affected by reason of any mistake in the name of any person liable to pay the rate or tax, or in the description of any property or thing liable to rate or tax, or any mistake in the amount of assessment, provided the directions of this Act and of the special Act be in substance and effect complied with; and no proceedings under this or the special Act shall be quashed or set aside for want of form in any Court of Justice.

No writ or process to be issued against Commissioners or their officers until after one month's notice of cause of action.

XXXII. No action shall be brought against the Commissioners, or any of their officers, or any person acting under the direction of the Commissioners, for any thing done or intended to be done under the powers of this or the special Act, until the expiration of one month next after notice in writing shall have been delivered or left at the office of the Commissioners, or at the place of abode of such person, explicitly stating the cause of action, and the name and place of abode of the intended plaintiff, and of his attorney or agent in the cause; and upon the trial of any such action, the plaintiff shall not be permitted to go into evidence of any cause of action, except such as is stated in the notice so delivered; and unless such notice be proved, the Court shall find for the defendant; and every such action shall be commenced within three months next after the accrual of the cause of action, and not afterwards; and if any person to whom any such notice of action is given shall, before action brought, tender sufficient amends to the plaintiff, such plaintiff shall not recover in any such action when brought; and if no such tender shall have been made, it shall be lawful for the defendant in such action, by leave of the Court where such action shall be pending, at any time before issue joined, to pay into Court such sum of money as he shall think fit, and thereupon such proceedings shall be had as in other cases where defendants are allowed to pay money into Court.

Mortgage of rates.

XXXV. It shall be lawful for the Commissioners, with the sanction of the Local Government, to borrow and take up at interest, on the credit of the rates and taxes imposed and levied on account of the Municipal Fund under the special Act or any other Act passed in that behalf, or of a portion of them, any sums of money necessary for defraying any expenses incurred or to be incurred by them in the execution of any such Act or of Act XIV of 1856; and for the purpose of securing the re-payment of any sums so borrowed, together with such interest as aforesaid, the Commissioners may mortgage and assign over, to the person by or on behalf of whom such sums shall be advanced, the rates and taxes or the portion of them upon the credit of which such sums shall be borrowed. III. c. 52, Act XXVIII of 1836, and Act XXII of 1841 of the Government of India, are repealed, except as to any assessment which shall be unpaid, and as to any proceeding for the recovery of the same which shall have been commenced, before this Act shall come into operation.

Present assessment to remain in force until revised.

II. The assessment on houses, buildings, and grounds, payable under the Statute 33 Geo. III. c. 52 s. 158, and Act XXII of 1841, shall, until revised and altered under the provisions of this Act, remain in full force and effect, and shall be levied and recovered as a rate payable under this Act.

3. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M. and so on, until the whole of the remaining lots are disposed of, or if the quantity of 3,655 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot to contain five chests.

5. A deposit in a Promissory Note, either for 25 per cent. even money of the amount for which each lot is knocked down or for Rupees 1,000 at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room; and before the lot is registered in the Sales Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's receipts, or by substitution of other public Securities of the Bengal Government on or before 4 o'clock of the afternoon of Saturday, the 17th January, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's receipts or deposit of other public Securities as aforesaid shall have been delivered in, shall be re sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

The receipt for deposit of public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts or other Government Securities equal to 25 per cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always, that no lots shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, any number of lots of the same Agency Opium to the extent of twenty-five lots and for the lots so purchased, the purchaser shall deposit for each lot 25 per cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per chest as that for which he purchased his first lot provided, always, that there remain a sufficient

number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account there of, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers together with samples of the Opium for sale will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue :—

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue ; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage ; under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the Sale and delivery of the Opium for shipment.

No. 57.

Fort William, Financial Department,
The 18th December 1856

Notification.—The Right Hon'ble the Governor General in Council is pleased to direct that the following Resolution be published in the Official *Gazette* for general information :—

Resolution.

The Right Hon'ble the Governor General in Council observes, from the papers submitted, that Assistant Surgeon Wyndowe, having held the Medical charge of the Jail and Civil Establishments at Chanda, in Nagpore, as also of the 2nd Infantry Regiment of the Nagpore Irregular Force located in that station, received, in addition to his regular pay, an allowance of Rupees 100 per month from the Civil Department, under the Rule quoted in the margin*; and that since his departure on the 28th November 1855, the several subordinate Medical Officers, specified in the margin,† were successively placed in charge of those duties for which the Commissioner of Nagpore recommends that the additional allowance of 100 Rupees, heretofore drawn by Doctor Wyndowe, may be granted to them.

* *Bengal Medical Regulations, page 45, para 5*
When a Medical Officer is appointed by the Commander-in-Chief to a charge combining both Military and Civil duties, the former is considered the primary Office entitling him to his pay and allowances whilst the latter is only a collateral charge, for which 100 Rupees per month is authorized in the Civil Department.

† Assistant Apothecary J Martin, in charge, from 29th November 1855 to 13th January 1856
Apothecary G Poole, from 19th of January to 0th March 1856
Assistant Apothecary J Martin, from 21st March to 5th May 1856
Second Apothecary C. Macqueen in charge at present, from 0th of May 1856.

The Civil Auditor, however, is doubtful whether the rule prescribed in the Bengal Medical Regulations for an allowance of Rupees 100 to *Covenanted* Medical Officers in charge of Civil duties, is applicable to *Uncovenanted* Medical Officers, and the Medical Board state that there is no rule obtaining in this Presidency under which Uncovenanted Medical Officers can claim additional allowance for the charge of a Civil station.

On this question the Governor General in Council is pleased to determine that, as a Covenanted Medical Officer in charge of a Regiment is allowed 100 Rupees a month for performing the Civil duties of the station at which his Corps may be quartered, a subordinate Medical Officer similarly situated shall be allowed one half this sum or 50 Rupees a month

Madras Exhibition of 1857.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

Banqueting Hall,
7th February 1856.

SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE.

Latitude..... 16° 7′ 00″ N.
Longitude..... 94° 27′ 00″ E.

1*st*.—Vessels, of 14 feet draft and upwards should, on no account, attempt the passage to the Westward of Negrais Island.

2*nd*.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1¼ mile North-East of the Island. Steer North North East from this Buoy until Black Buoy bears East, then North-East by North.

3*rd*.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4*th*.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1¼ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

2nd. MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,

FORT WILLIAM, *Secretary.*
The 15th September 1856.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and the Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilots' Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

SATURDAY, DECEMBER 27, 1856.

Legislative Council.

The 20th December 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Honorable the Governor General on the 19th December 1856, and is hereby promulgated for general information:—

ACT. No. XXIV OF 1856.

An Act to provide for the dissolution of the Bengal Mariners' and General Widows' Fund Society, and the distribution of the funds belonging thereto.

WHEREAS, by articles of agreement dated the 12th day of May 1820, a Society was established for raising a Fund called "The Bengal Mariners' and General Widows' Fund," the interest, dividends, and proceeds of which Fund are thereby directed to be applied in making provision at certain specified rates for the widows and children of the subscribers or their nominees; and it is thereby declared that such provision shall be made solely out of the interest and dividends of the said Fund: and whereas a petition has been presented to the Legislative Council by certain directors, members, and beneficiaries of the Society, stating that the said interest, dividends, and proceeds have for many years been insufficient to make the provision intended by the articles of agreement, and that the reduction of the pensions is so great as to amount to a disappointment of the expectations of the founders of the Fund, and virtually a failure to accomplish the object of the Fund; and praying that an Act may be passed to wind up the affairs of the said Society: and whereas no provision is made in the deed for the dissolution of the said Society and the distribution of the Funds belonging thereto, and it is expedient to make provision for the same by law: It is enacted as follows:— Preamble.

I. On the petition to the Supreme Court of Judicature at Fort William in Bengal, of a majority of the Directors of the said Bengal Mariners' and General Widows' Fund, or of any ten Members of the Society and Pensionaries on the said Fund, praying for the dissolution of the said Society, and the winding up of the affairs of the said Fund, it shall be lawful for the said Supreme Court to make order for the same on the said petition, as fully as if the petitioners proceeded by Information or Bill, and as if there were parties defendants; and as fully as if the Deed of the said Society provided for the winding up of the said Fund: and it shall be lawful for the said Court to make order for ascertaining and declaring the rights which attach on the said Fund, and for taking the accounts of the said Fund, and for the apportionment, division, and distribution of the said Fund; and for the ascertainment of the nature and number of the different claims on the said Fund, and of the persons having or entitled to make the said claims; and for the payment of the proper costs of the Directors of the said Society, and of all parties conducting or otherwise concerned in the matter of the said petition and subsequent proceedings for winding up the said Fund. Supreme Court, on petition, may make order for dissolving the Society and winding up the affairs of the Fund.

II. Provided that no person shall be appointed to or removed from any office, the monthly salary of which exceeds two hundred Rupees, without the sanction of the local Government.

The value of a house or building so estimated shall not include the value of any machinery contained therein.

Annual value how to be ascertained.

Valuation to be made and entered in a book.

V. For the purpose of such assessment as aforesaid, the Commissioners shall from year to year cause a valuation to be made of all houses, buildings, and lands liable to the rate. Such valuation, estimated as is hereinbefore provided, shall be entered in a book to be kept at the office of the Commissioners, wherein shall also be written in distinct columns the name of the owner of the property; or, if the occupier, and not the owner, is the person liable to pay the rate, the name of the occupier; a designation of the property either by name or number sufficient to identify the same, together with the name of the street or district in which such property is situate, and the amount of the rate assessed thereon.

Returns may be required for purpose of valuation.

VII. In order to enable the Commissioners to arrive at a fair valuation of any houses, buildings, or lands liable to the rate, it shall be lawful for the Commissioners to require the owner or occupier of such houses, buildings, or lands to furnish them with returns of the rent or annual value thereof; and for the like

Public notice of valuation to be given.

VIII. When the valuation has been completed, the Commissioners shall give public notice thereof, and of the place where the said book containing the valuation and the rate assessed, or a copy of the said book, may be inspected, in the *Government Gazette* (if any), and by advertisement in some newspaper circulating within the Town or station, and also by placards posted up in conspicuous places throughout the same; and the person in whose custody such book may be shall permit every person claiming to be the owner or occupier of property included in the assessment, or the agent of such owner or occupier, to inspect the book and to make extracts therefrom without payment of any fee; and any such person who wilfully neglects or refuses to permit the same, shall be liable, on conviction before a Magistrate, to a penalty of fifty Rupees.

Notice of time of revising assessment.

IX. The Commissioners shall, at the time and in the manner in the preceding Section mentioned, give public notice of a day, not being less than fifteen days from the publication of such notice, when they will proceed to revise the said valuation and assessment; and in all cases in which any property is for the first time assessed, or in which the valuation of any property previously assessed is increased, shall give special notice thereof to the owners or occupiers of such property. All complaints against such valuation and assessment shall be made on or before the day fixed in the notice; and all complaints so made shall be enquired into by the Commissioners, and such amendments shall thereupon be made in the said book as to the Commissioners shall appear just and proper.

After revision, assessment book to be signed.

X. After the complaints have been enquired into, and after the revision of the valuation and assessment has been completed, the amendments made in the said book shall be authenticated by the signatures of two of the Commissioners, who shall at the same time certify under their signatures that no valid objection has been made to the valuation and assessment in the said book entered, except in the cases in which amendments have been made as shown therein; and

Rate assessed to be deemed the rate for the whole year.

thereupon, and subject to such alterations and amendments as may thereafter be duly made, the rate so assessed shall be deemed to be the rate for the whole year in and for which the assessment is made, and such year shall commence on the 1st day of January.

Alteration or amendment of assessment

XI. Provided always, that the Commissioners, upon the representation of parties or other information, may at any time amend the said book by inserting therein the name of any person whose name ought to be so inserted, or any property liable to the rate; or by striking out the name of any person or any property not liable to the rate, or by reducing the amount of the rate: and in all cases in which any property is inserted as liable to the rate, the amendment shall be considered to have been made at the time when the person interested first received notice thereof.

New assessment book need not be prepared yearly.

XII. It shall not be necessary to prepare a new book every year, but the Commissioners may adopt the valuation and assessment contained in the book for the preceding year, with such alterations as may, in particular cases, be deemed necessary, as the valuation and assessment for the year following. Provided always, that public notice of such valuation and assessment shall be given in the manner prescribed in Section VIII of this Act; and the provisions of the said Section and of the three following Sections shall be applicable to the said valuation and assessment, and to the book or books in which it is contained.

Taxes upon vehicles and animals.

XIII. The taxes imposed upon vehicles and animals in any of the said Towns or in the said Settlement by the special Act, shall be assessed in the manner hereinafter provided.

List of persons liable to the tax to be entered in a book.

XIV. The Commissioners shall, from time to time, cause to be prepared and entered in distinct columns in a book to be kept at the office of the Commissioners, and to be open to the inspection of any person interested therein, a list of the persons liable to the

payment of such taxes, a description of the vehicles and animals in respect of which they are liable, and the amount of the taxes assessed thereon.

Returns may be required for purpose of making list.

XV. In order to enable the Commissioners to make such list, the Commissioners, or any officer authorized by them, may send to all persons supposed to be liable to the payment of such taxes a schedule to be filled up with such information respecting the vehicles and animals kept by them as the Commissioners may judge necessary for the assessment of the taxes. The schedule shall be filled up in writing, and signed, and dated, and returned to the office of the Commissioners by every person to whom it is sent, whether or not liable to the payment of such taxes; and whoever refuses, neglects, or omits, duly to fill up and return such schedule within one week from the receipt thereof, or knowingly gives therein any incorrect or false return, shall be liable, on conviction before a Magistrate, to a penalty not exceeding two hundred Rupees.

Power to summon persons liable to the payment of the taxes.

XVI. The Commissioners may summon any person supposed to be liable to the payment of such taxes, or any servant of such person, and may examine such person or his servant as to the number and description of the horses and carriages in respect of which such person is liable to be assessed. If the person summoned shall, without lawful excuse, fail to appear in pursuance of the summons, or shall refuse to answer any lawful question of the Commissioners, or knowingly give an incorrect answer, he shall be liable, on conviction before a Magistrate, to a penalty not exceeding two hundred Rupees.

Hearing of appeals.

XVII. Appeals against any rate or tax assessed under the provisions of this or the special Act, shall be heard and determined, in the Towns of Calcutta and Madras, by two Magistrates, in the Town of Bombay by the Court of Petty Sessions, and in the said Settlement by Her Majesty's Court of Judicature. But no such appeal shall be heard, unless the amount of the rate or tax has been deposited with the Commissioners; and no appeal against a rate assessed by the Commissioners under Section X shall be heard, unless complaint has been previously made to the Commissioners as hereinbefore provided. The mode of proceeding in such appeals shall be the same as that prescribed for the determination of matters referred to two Magistrates, by Act XIV of 1856, or as near thereto as may be. Provided that such Magistrates, and such Court of Petty Sessions, may, if they shall think fit, state a case for the opinion of the Supreme Court.

Time of appeal.

XVIII. Every such appeal shall be commenced within ten days after the accrual of the cause of complaint, which shall, in respect of any rate, be deemed to accrue on the date of the certificate of the Commissioners in the said book, or, in case of any subsequent amendment of the said book under the provisions of Section XI, upon the receipt by the person aggrieved of notice of such amendment; and in respect of any tax, the cause of complaint shall be deemed to accrue upon the receipt by the person aggrieved of a bill for the sum claimed from him.

If no complaint, rates, &c. to be final.

XIX. The assessment by the Commissioners of any rate or tax, when no appeal therefrom is made as hereinbefore provided, and the adjudication of any appeal under Section XVII, shall be final and conclusive.

Form of bill to be presented.

XX. When any rate or tax is due, the Commissioners shall cause to be presented to the person liable to the payment thereof a bill for the sum due, which shall also contain a statement of the period and a description of the property or thing for which the rate or tax is charged. If the bill be for any tax, it shall also contain a notice of the time within which an appeal against such tax may be preferred.

Notice of demand.

XXI. If the bill is not paid by the person liable to pay the same within five days from the presentation thereof, the Commissioners may cause to be served upon such person a notice of demand in the form (A) contained in the Schedule to this Act, or to the like effect; and if he shall not, within five days from the service of such notice of demand, pay the sum due, or show sufficient cause for non-payment of the same to the satisfaction of the Commissioners, and if no appeal shall have been preferred, such sum with all costs may be levied by distress and sale of the goods and chattels of the defaulter, or if the defaulter be the occupier of any house, building, or land in respect of which a rate is due, by distress and sale of any goods and chattels found on the premises, under a warrant in the form (B) in the Schedule, or to the like effect, to be issued for that purpose by the Commissioners.

Distress.

Inventory—notice of distress.

XXII. The officer charged with the execution of the warrant of distress shall make an inventory of the goods and chattels seized under any such warrant, and shall at the same time give a notice in writing, in the form (C) contained in the Schedule annexed to this Act, to the person in possession thereof at the time of the seizure, that the said goods and chattels will be sold as therein mentioned.

Sale.

XXIII. If the warrant is not in the meantime discharged or suspended by the Commissioners, the goods and chattels seized shall be sold under the orders of the Commissioners, who shall apply the proceeds, or such part thereof as may be necessary, in discharge of the said arrears and costs; and the surplus, if any, shall be returned on demand to the person in possession of the goods and chattels at the time of the seizure. The fees payable upon distraints under this Act shall be such as are set forth in the Table of Fees in the said Schedule.

Fees.

Goods of defaulter wherever found may be distrained.

XXIV. The goods and chattels of any person from whom any rate or tax is due may be distrained, wherever the same may be found, for default in the payment of the money due from such person.

Rate due from owner may be recovered from occupier and deducted by him from his rent.

XXV. If the sum due on account of any rate from the owner of any house, building, or land remains unpaid, after notice of demand has been duly served, the Commissioners may demand the amount from the occupier for the time being

of such house, building, or land, and on non-payment thereof, may recover the same by distress and sale of any goods and chattels found on the premises; and, in such case, the occupier may deduct from the next and following payments of his rent the amount which may be so paid by or recovered from him. Provided that no arrear of rate which has remained due from the owner of any house, building, or land, for more than one year, shall be so recovered from the occupier thereof.

Distress not unlawful for want of form.

XXVI. No distress levied by virtue of this or the special Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser, on account of any defect or want of form in the notice, schedule, summons, notice of demand, warrant of distress, inventory, or other proceeding relating thereto, nor shall such party be deemed a trespasser *ab initio* on account of any irregularity afterwards committed by him; but all persons aggrieved by such irregularity, may recover full satisfaction for the special damage in any Court of competent jurisdiction.

Commissioners may sue instead or on failure of distress.

XXVII. Instead of proceeding by distress and sale, or in case of failure to realize by distress the whole or any part of the sum due in respect of any rate or tax, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

Service of notices.

XXVIII. Every notice, schedule, summons, or notice of demand regarding any assessment, rate, or tax, or any money due in respect of the same, may be served personally upon the person to whom the same is addressed, or be left at his usual place of abode with some adult male member or servant of his family, or, if it cannot be so served, may be put up on some conspicuous part of such place of abode, and shall thereby be deemed to be duly served. Provided

Proviso.

that, if the place of abode of the owner of any house, building, or land in respect of which a rate is assessed be unknown, or if the owner of any such house, building, or land be not resident within the limits of the Town or Station, every such notice, summons, or notice of demand shall be deemed to be duly served if put up on some conspicuous part of the house, building, or land in respect of which the rate is assessed.

Assessment, &c., not to be impeached for want of form.

XXIX. No assessment and no charge or demand of rate or tax, made under the authority of this or the special Act, shall be impeached or affected by reason of any mistake in the name of any person liable to pay the rate or tax, or in the description of any property or thing liable to rate or tax, or any mistake in the amount of assessment, provided the directions of this Act and of the special Act be in substance and effect complied with; and no proceedings under this or the special Act shall be quashed or set aside for want of form in any Court of Justice.

Obstruction of Commissioners or their servants.

XXX. Whoever wilfully obstructs or molests the Commissioners, or any of them, or any of their officers or servants, in the performance of their respective duties under his Act, shall be liable, on conviction before a Magistrate, to a penalty not exceeding fifty Rupees.

Penalty on officer taking fees or being interested in contracts.

XXXI. Every officer employed by the Commissioners to assist in the execution of this and the special Act, who accepts, or obtains, or attempts to obtain, any fee or gratuity whatsoever, other than his authorized salary or allowances, for doing or forbearing to do any official act; or who shall be in any wise concerned or interested in any bargain or contract made by the Commissioners, shall be removed from his office, and shall be incapable of being afterwards employed by the Commissioners, and shall be liable, on conviction before a Magistrate, to a penalty not exceeding five hundred Rupees.

No writ or process to be issued against Commissioners or their officers until after one month's notice of cause of action.

XXXII. No action shall be brought against the Commissioners, or any of their officers, or any person acting under the direction of the Commissioners, for any thing done or intended to be done under the powers of this or the special Act, until the expiration of one month next after notice in writing shall have been delivered or left at the office of the Commissioners, or at the place of abode of such person, explicitly stating the cause of action, and the name and place of abode of the intended plaintiff, and of his attorney or agent in the cause; and upon the trial of any such action, the plaintiff shall not be permitted to go into evidence of any cause of action, except such as is stated in the notice so delivered; and unless such notice be proved, the Court shall find for the defendant; and every such action shall be commenced within three months next after the accrual of the cause of action, and not afterwards; and if any person to whom any such notice of action is given shall, before action brought, tender sufficient amends to the plaintiff, such plaintiff shall not recover in any such action when brought; and if no such tender shall have been made, it shall be lawful for the defendant in such action, by leave of the Court where such action shall be pending, at any time before issue joined, to pay into Court such sum of money as he shall think fit, and thereupon such proceedings shall be had as in other cases where defendants are allowed to pay money into Court.

Commissioners to publish annual statements.

XXXIII. The Commissioners shall, as soon after the first day of January in every year as may be practicable, prepare a detailed statement showing the nature and amount of the receipts and disbursements on account of the Municipal Fund for the past year, and also a report of their proceedings during that year; and such statement and report shall be printed and published for general information. The

Audit of accounts.

accounts of the said funds shall be audited annually by such person as the Local Government shall appoint.

Mortgage of rates.

XXXV. It shall be lawful for the Commissioners, with the sanction of the Local Government, to borrow and take up at interest, on the credit of the rates and taxes imposed and levied on account of the Municipal Fund under the special Act or any other Act passed in that behalf, or of a portion of them, any sums of money necessary for defraying any expenses incurred or to be incurred by them in the execution of any such Act or of Act XIV of 1856; and for the purpose of securing the re-payment of any sums so borrowed, together with such interest as aforesaid, the Commissioners may mortgage and assign over, to the person by or on behalf of whom such sums shall be advanced, the rates and taxes or the portion of them upon the credit of which such sums shall be borrowed. Provided always, that the money borrowed under the authority of this Act shall be borrowed only for works of a permanent nature, and shall not at any time exceed in the whole ten times the average annual sum received and collected on account of the Municipal Fund.

RESOLUTION.

1. In conformity with the directions of the Hon'ble Court of Directors, as contained in paras. 24 to 35 of their Despatch in the Public Department, No. 49, dated the 19th July 1854, a Committee was appointed, on the 26th January 1855, to prepare a Scheme for the establishment of Universities in the Presidency Towns of Calcutta, Madras, and Bombay.

2. When the Committee was appointed, some doubt was felt as to whether the Hon'ble Court desired the Government of India to proceed at once, on receiving the Report of the Committee, to the establishment of Universities, or whether they desired that a further reference should be made to them on the subject. This doubt has been removed by the Hon'ble Court, in their Despatch of the 27th June 1855 (para. 6,) in which they say:—"We are of opinion, that all the measures necessary for the constitution of the Universities should, in the first instance, proceed directly from your Government, and we accordingly authorize you to proceed in the matter in such a way as may seem best to you, without further reference to us. We would only remark, that we approve your intention, that the Universities, at the different Presidencies, should be formed on the same general *basis*, leaving it to the Senates of the several Universities to form the detailed rules, with such variations as local circumstances may render advisable."

3. The Committee having now submitted their Report, dated the 7th August last, the Governor General in Council proceeds at once to take into consideration the establishment of the Universities at the three Presidency Towns, in accordance with the views of the Hon'ble Court.

4. In the orders of the Government of India, appointing the Committee, it was observed, "that the details of a Scheme, in accordance with the outline sketched in the Despatch, should be settled with as little delay as possible, so that Bills, for the incorporation of the Universities at Calcutta, Madras, and Bombay, may, at the proper time, be brought into the Legislative Council, and that Draft Rules for Examinations, for the grant of Degrees, and for other cognate matters, may be ready for discussion and adoption by the Senates, so soon as those Bills are passed into Law." The Committee, therefore, though at the commencement of their proceedings they appointed a Sub-Committee to prepare the Drafts of Bills for the incorporation of the Universities, and though such Drafts were actually

prepared, considered eventually "that this was a "matter beyond their province, and that the ap- "pointment of the Senates, and the framing of "Rules for their guidance, whether under the "sanction of Law or otherwise, must rest, in the "first instance at least, with the Governor General "in Council" They have not, in short, dealt with the constitution of the Universities, or of the governing bodies, but have addressed themselves exclusively to the system of Examination for Entrance Degrees and Honors in the several branches of Arts, Medicine, Law; and Civil Engineering.

5. The thanks of the Government are largely due to the Members of the Committee, for the careful and complete manner in which they have discharged their trust, amongst pressing avocations and claims upon their time, which, with many, can have left little room for additional labors. The work has been admirably performed, and the Governor General in Council has no hesitation in adopting, unreservedly, the Scheme of the Committee, which, with few exceptions, is strictly in accordance with the views expressed by the Hon'ble Court, in their Despatch of 19th July 1854, and by the Government of India in the letter appointing the Committee.

6. As regards the Examination upon Entrance, the Governor General in Council entirely agrees with the Committee in the opinion that it ought to be required. His Lordship in Council believes that the mode in which it is proposed to hold it is the most convenient that could be adopted, and that the standard is fixed judiciously.

7. His Lordship in Council thinks that the Committee have given good reasons for not departing from the titles of Bachelor of Arts and Master of Arts, which are familiar, and have a recognized value in England and throughout Europe; and that they have done well in making the higher Degree in itself the mark of Honors awarded.

8. In respect of the Examination for the first Degree, although it is with some distrust that the Governor General in Council expresses an opinion different from that formed by the Committee after careful consideration, His Lordship in Council is of opinion, that conditions somewhat more precise might, with advantage, have been laid down as an indication of the minimum of acquirements which should entitle a Candidate to that Degree.

9. According to the views of the Committee, this minimum is to be determined by the Examiners acting under the instructions of the Senate; and no doubt, whatever Rules the Committee might have framed, the application of them in practice, and a consistent adherence to them, would depend mainly upon the Examiners. Nevertheless, His Lordship in Council would have been glad if, without attempting to define accurately the minimum to be exacted in each branch of study (which, indeed, would be impracticable), it had been declared indispensably necessary that a thorough and perfect knowledge of some branches up to a certain point, or a complete mastery of certain recognized text-books, should be exhibited, not as in itself sufficient to secure even a bare Degree, but as a *sine qua non*, without which no Degree should be granted.

10. Mathematics up to a certain stage, or the elements of Logic as treated in the works of one or other standard writer, might be prescribed as subjects upon which the knowledge of the Candidates would be as strictly and thoroughly tested, as in the case of their own Vernacular Language, a critical knowledge of which is wisely insisted upon.

11. The Governor General in Council considers, that some such rule would be beneficial, as enjoining exactness and completeness of knowledge, and as indicating that, though the amount required is described as "moderate," that which is known should be known thoroughly. The habit of discursive reading, and the acquisition thereby of superficial knowledge, are always dangerously seductive to Students, and are too often encouraged by Teachers; and the wide range of study to which even those who aim at the lowest Degree are invited, may increase the danger. That the range should be wide is, in itself quite right; but the fact, that it is so, seems to call for some counteracting inducement to close and accurate study.

12. With these observations, the Governor General in Council will leave the further consideration of this important point to the Senates.

13. The Governor General in Council cordially agrees in the decision to which the Committee have come in admitting the Evidences of Revealed Religion as contained in Butler's Analogy and Paley's Evidences, as one of the subjects which a Candidate for Honors in the Mental and Moral Sciences may select for Examination. The subject being entirely optional, and consideration being had for the studies pursued in affiliated Institutions, in some of which Theology will hold a prominent place, His Lordship in Council cannot think that this will be deemed by the Hon'ble Court to be an infringement of the spirit of their injunction, that the Examination for Degrees should not include subjects connected with religious belief.

14. The rules by which Degrees in Medicine and in Civil Engineering are to be governed call for no observation.

15. It is recommended, that there shall be but one Degree in Law, and that a Degree in Arts shall be a necessary condition of obtaining it, provided that the standard of an ordinary Degree in Arts is not fixed so high as to make it too severe a test of the general Education of a Law Student. The Governor General in Council is of opinion, that the standard of an ordinary Degree in Arts ought not to be, and is not in the Committee's Scheme, fixed so high as to give any reasonable ground for such an objection.

16. Whether a Degree in Law shall be made a condition of admission to the Bar, or to the Judicial Service of the Company, will be determined by the Government hereafter. The question must be decided solely upon a consideration of what may most conduce to a sound administration of the Law; and it would be quite premature to discuss it before the University has come into active operation, and has been proved. The course of Study in the University has properly been fixed without reference to the decision which may be taken upon this point.

17. The Committee have recommended that the proceedings of the Senates of the several Universities should be subject to the control of a central authority, such as the Governor General in Council, so that general uniformity may be observed, and that, in the words of the Government, "at each Presidency Town, the same degree of "acquirement, in every branch of knowledge, "should entitle its possessor to the same kind of "Academical Distinction and Honor." This will be very necessary. That the several Universities may

differ from each other in respect of the particular branch of learning which each may most successfully cultivate, and that with time each will assume a distinctive character and merits of its own, is very probable; but it is essential that the Degrees and Honors which each will have to confer should, respectively, mark the same amount of acquirement and merit.

18. For this purpose, and in order to preserve a general harmony of constitution, but with no desire to enforce rigorous uniformity in matters in which local considerations and the judgment of the Local Governments may beneficially have free scope, it will be necessary that the proceedings of each Senate should be reported to the Government of India, and that all Bye-laws and Regulations passed by them should receive the sanction of the Governor General in Council.

19. The Draft of a Bill for the incorporation of the University of Calcutta, with suitable adaptations for the other Presidencies, has been approved generally by the Governor General in Council, and will be placed in the hands of the Hon'ble Sir James Colvile, whom it is proposed to name Vice-Chancellor of the University, with a request that His Honor will take charge of it in the Legislative Council.

20. The Governor General in Council is hereby pleased to declare, in anticipation of the Act of the Legislature, that the Governor General of India for the time being shall be Chancellor of the University of Calcutta, and that the Governors of Madras and Bombay for the time being shall be, respectively, the Chancellors of the Universities of Madras and Bombay, and that the Lieutenant-Governors of Bengal and the North-Western Provinces, the Chief Justice of Bengal, the Bishop of Calcutta, and the Members of the Supreme Council of India, all for the time being, shall be ex-officio Fellows of the University of Calcutta.

21. His Lordship in Council is also pleased to appoint Sir James William Colvile, Kt., Chief Justice of Her Majesty's Supreme Court of Judicature at Calcutta, and late President of the Council of Education, to be the first Vice-Chancellor of the University of Calcutta.

22. His Lordship in Council is also pleased to appoint the following persons to be Fellows of the University of Calcutta:—

A list of the Vice-Chancellor and Fellows composing each Senate will be furnished to this Department by the Local Governments for communication to the Legislative Council, and insertion in the Acts of incorporation.

24. The Meetings of the Calcutta University Senate can, for the present, with the permission of the Lieutenant-Governor of Bengal, be held in the Council Room of the Medical College Hospital and the University Examinations in the Town Hall. The Senate is authorized to appoint a Registrar from among the Officers of the Education Department, on a salary not exceeding Rupees 300 a month, and to provide him with a Clerk on a salary of Rupees 50 a month, and two messengers on Rupees 6 a month each.

25. The Senate is also authorized to appoint, from time to time, as many Examiners as may be required for the Examination of the Candidates for Entrance Degrees and Honors, in the several faculties of the University, and to award to each Examiner such remuneration as may be considered sufficient, not exceeding, for the present, Rupees 1,200 a year in any case.

26. The Senate will proceed forthwith to promulgate the Rules proposed by the Committee, and sanctioned by the Government of India, and to pass such other rules, and take such further measures, as may be necessary to give early and full effect to the Scheme.

Ordered, that the necessary letters be addressed to the Hon'ble Sir James William Colvile and the other Fellows of the University.

General Orders by the Right Hon'ble the Governor General of India in Council.

Fort William, 26th December 1856.

No. 1598 of 1856.—The following Notification, from the Financial Department, is published in General Orders:—

No. 57, dated 18th December 1856.—The Right Hon'ble the Governor General of India in Council is pleased to direct that the following Resolution be published in the Official *Gazette* for general information:—

Resolution.

The Right Hon'ble the Governor General in Council observes, from the papers submitted, that Assistant Surgeon Wyndowe, having held the

Medical charge of the Jail and Civil Establishments at Chanda, in Nagpore, as also of the 2nd Infantry Regiment of the Nagpore Irregular Force located in that Station, received, in addition to his regular pay, an allowance of Rupees 100 per month from the Civil Department, under the Rule quoted in the margin*; and that since his departure on the 28th November 1855, the several Subordinate Medical Officers, specified in the margin,† were successively placed in charge of those duties, for which the Commissioner of Nagpore recommends that the additional allowance of 100 Rupees, heretofore drawn by Doctor Wyndowe, may be granted to them.

* *Bengal Medical Regulations; page 45. para. 5.*
When a Medical Officer is appointed by the Commander-in-Chief to a charge combining both Military and Civil duties, the former is considered the primary Office entitling him to his pay and allowances, whilst the latter is only a collateral charge, for which 100 Rupees per month is authorized in the Civil Department.

† Assistant Apothecary J. Martin, in charge, from 29th November 1855 to 18th January 1856.
Apothecary G. Poole, from 19th January to 20th March 1856.
Assistant Apothecary J. Martin, from 21st March to 5th May 1856.
Second Apothecary C. Macqueen, in charge at present, from 6th of May 1856.

The Civil Auditor, however, is doubtful, whether the Rule prescribed in the Bengal Medical Regulations, for an allowance of Rupees 100 to Covenanted Medical Officers in charge of Civil duties, is applicable to Uncovenanted Medical Officers, and the Medical Board state that there is no Rule obtaining in this Presidency under which Uncovenanted Medical Officers can claim additional allowance for the charge of a Civil Station.

On this question, the Governor General in Council is pleased to determine that, as a Covenanted Medical Officer in charge of a Regiment is allowed 100 Rupees a month for performing the Civil duties of the Station at which his Corps may be quartered, a Subordinate Medical Officer similarly situated shall be allowed one-half this sum or 50 Rupees a month.

Notification.

Fort William, the 27th November 1856.

NOTICE is hereby given, that on Monday, the 12th January 1857, at the hour of eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for exportation by Sea, the under-mentioned quantity of Opium, the provision of 1855-56, subject to the following Conditions, *viz.* :—

Produce of Behar Agency Chests ..	2,540
Ditto of Benares ditto ditto ...	1,115
Total Chests ...	3,655

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M. and so on, until the whole of the remaining lots are disposed of, or if the quantity of 3,655 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot to contain five chests.

5. A deposit in a Promissory Note, either for 25 per cent. even money of the amount for which each lot is knocked down or for Rupees 1,000 at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room; and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's receipts, or by substitution of other public Securities of the Bengal Government on or before 4 o'clock of the afternoon of Saturday, the 17th January, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's receipts or deposit of other public Securities as aforesaid shall have been delivered in, shall be re sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale, under the last-mentioned Condition, if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of money, Sub-Treasurer's receipts or public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 17th January will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury receipt will be accept-

ed in payment after 4 P. M of Tuesday, the 27th January 1857, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, of any public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots or of a different number of lots or chests whether more or less, than the number of lots or chests originally required to be included in each Certificate or Order.

10. No Sub Treasurer's receipts or deposit of public Securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts or other Government Securities equal to 25 per cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided, always, that no lots shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, any number of lots of the same Agency. Opium to the extent of twenty-five lots and for the lots so purchased, the purchaser shall deposit for each lot 25 per cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per chest as that for which he purchased his first lot provided, always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account there of, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers together with samples of the Opium for sale will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue :—

No. 1—Certificate of the Opium now advertised for Sale.

No. 2—Report of the Examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage; under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the ollowing quantities, more or less, of Behar and Benares Opium of 1855-56, will be brought to Sale in the year 1857, on or about the dates specified below. 19. It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government or persons duly appointed by them are entitled, to demand that out of the quantities of Behar and Benares Opium declared as above for Sale at the Twelve Sales in the months of January, February, March, April, May, June, July, August, September, October, November, and December 1857, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisitions for the whole of the Opium required by them during the year within 30 days after the publication of this advertisement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 43,905 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three hundred Chests herein before mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after Notice of the intended Sales shall have been published in the *Government Gazette*."

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt of Marine,

H. HOWE,

FORT WILLIAM, *The 15th September* 1856. } *Secretary.*

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude 20° 19½′ North and longitude 86° 47′ East, and the Buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ North and longitude 87° 42′ East, the Buoy therefore bears from False Point Light House North 59° 49′ East, true, and distant 59½ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude 21° 04′ North and longitude 88½° 14′ East, and therefore bears from the Buoy on the Pilots' Ridge, North 63° 26′ East, true; and distant 32½ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruize in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

WEDNESDAY, DECEMBER 31, 1856.

Legislative Council.

The 20th December 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Honorable the Governor General on the 19th December 1856, and is hereby promulgated for general information:—

ACT. No. XXIV OF 1856.

An Act to provide for the dissolution of the Bengal Mariners' and General Widows' Fund Society, and the distribution of the funds belonging thereto.

WHEREAS, by articles of agreement dated the 12th day of May 1820, a Society was established for raising a Fund called "The Bengal Mariners' and General Widows' Fund," the interest, dividends, and proceeds of which Fund are thereby directed to be applied in making provision at certain specified rates for the widows and children of the subscribers or their nominees; and it is thereby declared that such provision shall be made solely out of the interest and dividends of the said Fund: and whereas a petition has been presented to the Legislative Council by certain directors, members, and beneficiaries of the Society, stating that the said interest, dividends, and proceeds have for many years been insufficient to make the provision intended by the articles of agreement, and that the reduction of the pensions is so great as to amount to a disappointment of the expectations of the founders of the Fund, and virtually a failure to accomplish the object of the Fund: and praying that an Act may be passed to wind up the affairs of the said Society: and whereas no provision is made in the deed for the dissolution of the said Society and the distribution of the Funds belonging thereto, and it is expedient to make provision for the same by law: It is enacted as follows:—

Preamble.

I. On the petition to the Supreme Court of Judicature at Fort William in Bengal, of a majority of the Directors of the said Bengal Mariners' and General Widows' Fund, or of any ten Members of the Society and Pensionaries on the said Fund, praying for the dissolution of the said Society, and the winding up of the affairs of the said Fund, it shall be lawful for the said Supreme Court to make order for the same on the said petition, as fully as if the petitioners proceeded by Information or Bill, and as if there were parties defendants; and as fully as if the Deed of the said Society provided for the winding up of the said Fund: and it shall be lawful for the said Court to make order for ascertaining and declaring the rights which attach on the said Fund, and for taking the accounts of the said Fund, and for the apportionment, division, and distribution of the said Fund; and for the ascertainment of the nature and number of the different claims on the said Fund, and of the persons having or entitled to make the said claims; and for the payment of the proper costs of the Directors of the said Society, and of all parties conducting or otherwise concerned in the matter of the said petition and subsequent proceedings for winding up the said Fund.

Supreme Court, on petition, may make order for dissolving the Society and winding up the affairs of the Fund.

II. It shall be lawful for the Court, in such way as they may think fit, to obtain the assistance of an accountant or actuary the better to enable the Court to determine any matter relating to the division and distribution of the Fund, and to act upon the certificate of such person; and in case it shall be deemed necessary to make any reference to the Master in Equity of the said Court in the matter of such petition, it shall be lawful for the said Court to order that the Master in Equity shall be at liberty in like manner to obtain the assistance of an accountant or actuary.

Employment of accountant or actuary.

III. In the cases of pensioners or persons entitled to become pensioners, who shall consent to commute their pensions, it shall be lawful for the Court to order that the amounts to be paid in commutation shall be settled, invested, or paid, in such manner as will give the several persons therein interested the full benefit thereof.

Court may order payment to persons consenting to commute their pensions.

IV. In the cases of pensioners or persons entitled to become pensioners, who shall refuse to commute their pensions, it shall be lawful for the Court to order a sufficient sum to be set apart out of the said Fund to provide for the due payment of such pensions. The said Court may also sanction and give effect to any arrangement which it may deem just and sufficient for the future payment of any commuted sum or uncommuted pensions, by any Life Insurance Company willing to undertake the payment of such pensions.

A sufficient sum to be set apart for payment of uncommuted pensions.

V. The guardians of minors, pensioners, and of minors, if any, entitled to become pensioners on the said Fund, shall have full power and authority to consent on their behalf to commute the pensions of the minors for a fixed sum: and the said Court shall have full power and authority to give effect to such consent, and to make such order as the said Court may deem just for the application of the said commuted sum for the future benefit of the infant; and if there be no guardian, the mother, during her widowhood, may act as guardian, unless the Court shall otherwise order; and, if necessary, the Court may appoint a guardian for any minor.

Guardians of minors.

VI. In dividing and distributing the funds of the Society, every part thereof which shall not be awarded by the Court to members or representatives of deceased members, may, if the Court shall think fit, be applied for the benefit of pensioners or persons entitled to become pensioners, whether they shall consent to commute their interests or not.

Application, for the benefit of pensioners, of funds not awarded to members, or representatives of deceased members.

VII. With a view to expedite the distribution of the surplus of the said Fund, over and above what may probably be necessary to provide for the pensions, the said Court shall have full power and authority at any time to order payment of a dividend of the said probable surplus, to the persons entitled to the same, although the exact surplus and the exact amount of charges may not then be ascertained.

Court may order payment of dividend out of probable surplus.

VIII. For the purpose of winding up the said Fund, and finally closing the accounts thereof, the like proceedings shall be had for the bringing in of claimants on the said Fund, as in ordinary administration suits for bringing in creditors and other persons; and claimants being pensioners, or entitled to be pensioners, who may neglect to come in, in a due course, or within the time limited for that purpose, shall be deemed to have consented to commute their pensions; and a final distribution may be made of the said Fund.

Proceedings for bringing in claimants.

W. MORGAN,
Clerk of the Council.

Legislative Council.

The 20th December 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Honorable the Governor General on the 19th December 1856, and is hereby promulgated for general information:—

ACT No. XXV OF 1856.

An Act to comprise in one Act the provisions necessary for the assessment and collection of Municipal rates and taxes in the Towns of Calcutta, Madras, and Bombay, and the several stations of the Settlement of Prince of Wales' Island, Singapore, and Malacca.

WHEREAS it is expedient to comprise in one Act the provisions necessary for the assessment and collection of certain rates and taxes to be imposed by special Acts for the Towns of Calcutta, Madras, and Bombay, and the Settlement of Prince of Wales' Island, Singapore, and Malacca, for raising funds for Municipal purposes, It is enacted as follows:—

Preamble.

I. The provisions of this Act, save so far as they may be expressly varied or excepted by the special Act for any of the said Towns or for the said Settlement, shall apply to the assessment and collection of the rates and taxes imposed by such special Act, and to the Commissioners appointed thereby for the conservancy and improvement of such Town or of any station of the said Settlement; and such special Act, and such provisions of this Act as shall not be expressly varied or excepted by the special Act, shall be construed together as forming one Act.

Application of Act.

II. The Commissioners may from time to time appoint such officers as they shall think necessary and proper to assist in the execution of this and the special Act, and may from time to time remove any of such officers, and appoint others in their places, and may, with the sanction of the local Government, pay such salaries and allowances to the said officers respectively as the Commissioners shall think reasonable. Provided that no person shall be appointed to or removed from any office, the monthly salary of which exceeds two hundred Rupees, without the sanction of the local Government.

Appointment of officers.

III. The rate or rates imposed upon houses, buildings, and lands according to the annual value thereof in any of the said Towns or in the said Settlement, by the special Act, shall be assessed in the manner hereinafter provided.

Assessment upon annual value of property.

IV. The estimated gross annual rent at which the houses, buildings, and lands is liable to the rate might reasonably be expected to let from year to year shall, for the purposes of the rate, be held and deemed to be the annual value of such houses, buildings, and lands. The value of a house or building so estimated shall not include the value of any machinery contained therein.

Annual value how to be ascertained.

V. For the purpose of such assessment as aforesaid, the Commissioners shall from year to year cause a valuation to be made of all houses, buildings, and lands liable to the rate. Such valuation, estimated as is hereinbefore provided, shall be entered in a book to be kept at the office of the Commissioners, wherein shall also be written in distinct columns the name of the owner of the property; or, if the occupier, and not the owner, is the person liable to pay the rate, the name of the occupier; a designation of the property either by name or number sufficient to identify the same, together with the name of the street or district in which such property is situate, and the amount of the rate assessed thereon.

Valuation to be made and entered in a book.

VI. When the name of the owner or occupier is not known, it shall be sufficient to designate him in the said book, and also in any notice or other proceeding under this Act, as "the owner" or "the occupier" of the property on which the rate is assessed without further description.

Description of owner or occupier if name unknown.

VII. In order to enable the Commissioners to arrive at a fair valuation of any houses, buildings, or lands liable to the rate, it shall be lawful for the Commissioners to require the owner or occupier of such houses, buildings, or lands to furnish them with returns of the rent or annual value thereof; and for the like purpose, it shall be lawful for the Commissioners, or any person or persons appointed by them for that purpose, at any time to enter and inspect such houses, buildings, or lands after having given forty-eight hours' previous notice of such their intention to the occupier thereof; and whoever refuses or fails to furnish any such return for the space of one week from the day on which he shall have been required so to do, or knowingly makes a false or incorrect return; and whoever hinders, obstructs, or prevents, any one of the Commissioners or any person appointed by them as aforesaid from entering or inspecting any such houses, buildings, or lands, shall be liable, on conviction before a Magistrate, to a penalty not exceeding two hundred Rupees.

Returns may be required for purpose of valuation.

Power to enter houses, &c.

VIII. When the valuation has been completed, the Commissioners shall give public notice thereof, and of the place where the said book containing the valuation and the rate assessed, or a copy of the said book, may be inspected, in the *Government Gazette* (if any), and by advertisement in some newspaper circulating within the Town or station, and also by placards posted up in conspicuous places throughout the same; and the person in whose custody such book may be shall permit every person claiming to be the owner or occupier of property included in the assessment, or the agent of such owner or occupier, to inspect the book and to make extracts therefrom without payment of any fee; and any such person who wilfully neglects or refuses to permit the same, shall be liable, on conviction before a Magistrate, to a penalty of fifty Rupees.

Public notice of valuation to be given.

IX. The Commissioners shall, at the time and in the manner in the preceding Section mentioned, give public notice of a day, not being less than fifteen days from the publication of such notice, when they will proceed to revise the said valuation and assessment; and in all cases in which any property is for the first time assessed, or in which the valuation of any property previously assessed is increased, shall give special notice thereof to the owners or occupiers of such property. All complaints against such valuation and assessment shall be made on or before the day fixed in the notice; and all complaints so made shall be enquired into by the Commissioners, and such amendments shall thereupon be made in the said book as to the Commissioners shall appear just and proper.

Notice of time of revising assessment.

X. After the complaints have been enquired into, and after the revision of the valuation and assessment has been completed, the amendments made in the said book shall be authenticated by the signatures of two of the Commissioners, who shall at the same time certify under their signatures that no valid objection has been made to the valuation and assessment in the said book entered, except in the cases in which amendments have been made as shown therein; and thereupon, and subject to such alterations and amendments as may thereafter be duly made, the rate so assessed shall be deemed to be the rate for the whole year in and for which the assessment is made, and such year shall commence on the 1st day of January.

After revision, assessment book to be signed.

Rate assessed to be deemed the rate for the whole year.

XI. Provided always, that the Commissioners, upon the representation of parties or other information, may at any time amend the said book by inserting therein the name of any person whose name ought to be so inserted, or any property liable to the rate; or by striking out the name of any person or any property not liable to the rate, or by reducing the amount of the rate: and in all cases in which any property is inserted as liable to the rate, the amendment shall be considered to have been made at the time when the person interested first received notice thereof.

Alteration or amendment of assessment.

XII. It shall not be necessary to prepare a new book every year, but the Commissioners may adopt the valuation and assessment contained in the book for the preceding year, with such alterations as may, in particular cases, be deemed necessary, as the valuation and assessment for the year following. Provided always, that public notice of such valuation and assessment shall be given in the manner prescribed in Section VIII of this Act; and the provisions of the said Section and of the three following Sections shall be applicable to the said valuation and assessment, and to the book or books in which it is contained.

New assessment book need not be prepared yearly.

XIII. The taxes imposed upon vehicles and animals in any of the said Towns or in the said Settlement by the special Act, shall be assessed in the manner hereinafter provided.

Taxes upon vehicles and animals.

XIV. The Commissioners shall, from time to time, cause to be prepared and entered in distinct columns in a book to be kept at the office of the Commissioners, and to be open to the inspection of any person interested therein, a list of the persons liable to the

payment of such taxes, a description of the vehicles and animals in respect of which they are liable, and the amount of the taxes assessed thereon.

Returns may be required for purpose of making list.

XV. In order to enable the Commissioners to make such list, the Commissioners, or any officer authorized by them, may send to all persons supposed to be liable to the payment of such taxes a schedule to be filled up with such information respecting the vehicles and animals kept by them as the Commissioners may judge necessary for the assessment of the taxes. The schedule shall be filled up in writing, and signed, and dated, and returned to the office of the Commissioners by every person to whom it is sent, whether or not liable to the payment of such taxes; and whoever refuses, neglects, or omits, duly to fill up and return such schedule within one week from the receipt thereof, or knowingly gives therein any incorrect or false return, shall be liable, on conviction before a Magistrate, to a penalty not exceeding two hundred Rupees.

Power to summon persons liable to the payment of the taxes.

XVI. The Commissioners may summon any person supposed to be liable to the payment of such taxes, or any servant of such person, and may examine such person or his servant as to the number and description of the horses and carriages in respect of which such person is liable to be assessed. If the person summoned shall, without lawful excuse, fail to appear in pursuance of the summons, or shall refuse to answer any lawful question of the Commissioners, or knowingly give an incorrect answer, he shall be liable, on conviction before a Magistrate, to a penalty not exceeding two hundred Rupees.

Hearing of appeals.

XVII. Appeals against any rate or tax assessed under the provisions of this or the special Act, shall be heard and determined, in the Towns of Calcutta and Madras, by two Magistrates, in the Town of Bombay by the Court of Petty Sessions, and in the said Settlement by Her Majesty's Court of Judicature. But no such appeal shall be heard, unless the amount of the rate or tax has been deposited with the Commissioners; and no appeal against a rate assessed by the Commissioners under Section X shall be heard, unless complaint has been previously made to the Commissioners as hereinbefore provided. The mode of proceeding in such appeals shall be the same as that prescribed for the determination of matters referred to two Magistrates, by Act XIV of 1856, or as near thereto as may be. Provided that such Magistrates, and such Court of Petty Sessions, may, if they shall think fit, state a case for the opinion of the Supreme Court.

Time of appeal.

XVIII. Every such appeal shall be commenced within ten days after the accrual of the cause of complaint, which shall, in respect of any rate, be deemed to accrue on the date of the certificate of the Commissioners in the said book, or, in case of any subsequent amendment of the said book under the provisions of Section XI, upon the receipt by the person aggrieved of notice of such amendment; and in respect of any tax, the cause of complaint shall be deemed to accrue upon the receipt by the person aggrieved of a bill for the sum claimed from him.

If no complaint, rates, &c. to be final.

XIX. The assessment by the Commissioners of any rate or tax, when no appeal therefrom is made as hereinbefore provided, and the adjudication of any appeal under Section XVII, shall be final and conclusive.

Form of bill to be presented.

XX. When any rate or tax is due, the Commissioners shall cause to be presented to the person liable to the payment thereof a bill for the sum due, which shall also contain a statement of the period and a description of the property or thing for which the rate or tax is charged. If the bill be for any tax, it shall also contain a notice of the time within which an appeal against such tax may be preferred.

Notice of demand.

XXI. If the bill is not paid by the person liable to pay the same within five days from the presentation thereof, the Commissioners may cause to be served upon such person a notice of demand in the form (A) contained in the Schedule to this Act, or to the like effect; and if he shall not, within five days from the service of such notice of demand, pay the sum due, or show sufficient cause for non-payment of the same to the satisfaction of the Commissioners, and if no appeal shall have been preferred, such sum with all costs may be levied by distress and sale of the goods and chattels of the defaulter, or if the defaulter be the occupier of any house, building, or land in respect of which a rate is due, by distress and sale of any goods and chattels found on the premises, under a warrant in the form (B) in the Schedule, or to the like effect, to be issued for that purpose by the Commissioners.

Distress.

Inventory—notice of distress.

XXII. The officer charged with the execution of the warrant of distress shall make an inventory of the goods and chattels seized under any such warrant, and shall at the same time give a notice in writing, in the form (C) contained in the Schedule annexed to this Act, to the person in possession thereof at the time of the seizure, that the said goods and chattels will be sold as therein mentioned.

Sale.

XXIII. If the warrant is not in the meantime discharged or suspended by the Commissioners, the goods and chattels seized shall be sold under the orders of the Commissioners, who shall apply the proceeds, or such part thereof as may be necessary, in discharge of the said arrears and costs; and the surplus, if any, shall be returned on demand to the person in possession of the goods and chattels at the time of the seizure. The fees payable upon distraints under this Act shall be such as are set forth in the Table of Fees in the said Schedule.

Fees.

Goods of defaulter wherever found may be distrained.

XXIV. The goods and chattels of any person from whom any rate or tax is due may be distrained, wherever the same may be found, for default in the payment of the money due from such [illegible].

Rate due from owner may be recovered from occupier and deducted by him from his rent.

XXV. If the sum due on account of any rate from the owner of any house, building, or land remains unpaid, after notice of demand has been duly served, the Commissioners may demand the amount from the occupier for the time being

of such house, building, or land, and on non-payment thereof, may recover the same by distress and sale of any goods and chattels found on the premises; and, in such case, the occupier may deduct from the next and following payments of his rent the amount which may be so paid by or recovered from him. Provided that no arrear of rate which has remained due from the owner of any house, building, or land, for more than one year, shall be so recovered from the occupier thereof.

Distress not unlawful for want of form.

XXVI. No distress levied by virtue of this or the special Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser, on account of any defect or want of form in the notice, schedule, summons, notice of demand, warrant of distress, inventory, or other proceeding relating thereto, nor shall such party be deemed a trespasser *ab initio* on account of any irregularity afterwards committed by him; but all persons aggrieved by such irregularity, may recover full satisfaction for the special damage in any Court of competent jurisdiction.

Commissioners may sue instead of or on failure of distress.

XXVII. Instead of proceeding by distress and sale, or in case of failure to realize by distress the whole or any part of the sum due in respect of any rate or tax, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

Service of notices.

XXVIII. Every notice, schedule, summons, or notice of demand regarding any assessment, rate, or tax, or any money due in respect of the same, may be served personally upon the person to whom the same is addressed, or be left at his usual place of abode with some adult male member or servant of his family, or, if it cannot be so served, may be put up on some conspicuous part of such place of abode, and shall thereby be deemed to be duly served. Provided that, if the place of abode of the owner of any house, building, or land in respect of which a rate is assessed be unknown, or if the owner of any such house, building, or land be not resident within the limits of the Town or Station, every such notice, summons, or notice of demand shall be deemed to be duly served if put up on some conspicuous part of the house, building, or land in respect of which the rate is assessed.

Proviso.

Assessment, &c., not to be impeached for want of form.

XXIX. No assessment and no charge or demand of rate or tax, made under the authority of this or the special Act, shall be impeached or affected by reason of any mistake in the name of any person liable to pay the rate or tax, or in the description of any property or thing liable to rate or tax, or any mistake in the amount of assessment, provided the directions of this Act and of the special Act be in substance and effect complied with; and no proceedings under this or the special Act shall be quashed or set aside for want of form in any Court of Justice.

Obstruction of Commissioners or their servants.

XXX. Whoever wilfully obstructs or molests the Commissioners, or any of them, or any of their officers or servants in the performance of their respective duties under this Act, shall be liable, on conviction before a Magistrate, to a penalty not exceeding fifty Rupees.

Penalty on officer taking fees or being interested in contracts.

XXXI. Every officer employed by the Commissioners to assist in the execution of this and the special Act, who accepts, or obtains, or attempts to obtain, any fee or gratuity whatsoever, other than his authorized salary or allowances, for doing or forbearing to do any official act; or who shall be in any wise concerned or interested in any bargain or contract made by the Commissioners, shall be removed from his office, and shall be incapable of being afterwards employed by the Commissioners, and shall be liable, on conviction before a Magistrate, to a penalty not exceeding five hundred Rupees.

No writ or process to be issued against Commissioners or their officers until after one month's notice of cause of action.

XXXII. No action shall be brought against the Commissioners, or any of their officers, or any person acting under the direction of the Commissioners, for any thing done or intended to be done under the powers of this or the special Act, until the expiration of one month next after notice in writing shall have been delivered or left at the office of the Commissioners, or at the place of abode of such person, explicitly stating the cause of action, and the name and place of abode of the intended plaintiff, and of his attorney or agent in the cause; and upon the trial of any such action, the plaintiff shall not be permitted to go into evidence of any cause of action, except such as is stated in the notice so delivered; and unless such notice be proved, the Court shall find for the defendant; and every such action shall be commenced within three months next after the accrual of the cause of action, and not afterwards; and if any person to whom any such notice of action is given shall, before action brought, tender sufficient amends to the plaintiff, such plaintiff shall not recover in any such action when brought; and if no such tender shall have been made, it shall be lawful for the defendant in such action, by leave of the Court where such action shall be pending, at any time before issue joined, to pay into Court such sum of money as he shall think fit, and thereupon such proceedings shall be had as in other cases where defendants are allowed to pay money into Court.

Commissioners to publish annual statements.

XXXIII. The Commissioners shall, as soon after the first day of January in every year as may be practicable, prepare a detailed statement showing the nature and amount of the receipts and disbursements on account of the Municipal Fund for the past year, and also a report of their proceedings during that year; and such statement and report shall be printed and published for general information.

Audit of accounts.

The accounts of the said funds shall be audited annually by such person as the Local Government shall appoint.

Summary of convictions to be furnished to the Commissioners.

XXXIV. For better enabling the Commissioners to ascertain the amount of fines and penalties payable to them on account of the Municipal Fund under the provisions of Act XIV of 1856, or of the special Act, or of any other law, there shall, in every month, be furnished to them, by the authority adjudicating the same, a summary of all convictions under the said Acts, or under any such other law, during the preceding month.

XXXV. It shall be lawful for the Commissioners, with the sanction of the Local Government, to borrow and take up at interest, on the credit of the rates and taxes imposed and levied on account of the Municipal Fund under the special Act or any other Act passed in that behalf, or of a portion of them, any sums of money necessary for defraying any expenses incurred or to be incurred by them in the execution of any such Act or of Act XIV of 1856; and for the purpose of securing the re-payment of any sums so borrowed, together with such interest as aforesaid, the Commissioners may mortgage and assign over, to the person by or on behalf of whom such sums shall be advanced, the rates and taxes or the portion of them upon the credit of which such sums shall be borrowed. Provided always, that the money borrowed under the authority of this Act shall be borrowed only for works of a permanent nature, and shall not at any time exceed in the whole ten times the average annual sum received and collected on account of the Municipal Fund.

No. 2—Report of the Examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue ; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage ; under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the ollowing quantities, more or less, of Behar and Benares Opium of 1855-56, will be brought to Sale in the year 1857, on or about the dates specified below. The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so. :—

It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government or persons duly appointed by them are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for Sale at the Twelve Sales in the months of January, February, March, April, May, June, July, August, September, October, November, and December 1857, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisitions for the whole of the Opium required by them during the year within 30 days after the publication of this advertisement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 43,905 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner ; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th.—" With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three hundred Chests herein before mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, with in thirty days after Notice of the intended Sales shall have been published in the *Government Gazette.*"

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.
